

**ADDRESSES:** Send nominations electronically to [ngacnominations@fgdc.gov](mailto:ngacnominations@fgdc.gov), or by mail to John Mahoney, U.S. Geological Survey, U.S. Department of the Interior, 909 First Avenue, Suite 800, Seattle, WA 98104.

**FOR FURTHER INFORMATION CONTACT:** John Mahoney, USGS (206–220–4621). Additional information about the NGAC and the nomination process is posted on the NGAC web page at [www.fgdc.gov/ngac](http://www.fgdc.gov/ngac).

**SUPPLEMENTARY INFORMATION:** The NGAC conducts its operations in accordance with the provisions of FACA. It reports to the Secretary of the Interior through the FGDC and functions solely as an advisory body. The NGAC provides recommendations and advice to the Department and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The NGAC includes up to 30 members, selected to generally achieve a balanced representation of the viewpoints of the various stakeholders involved in national geospatial activities. NGAC members are appointed for staggered terms, and nominations received through this call for nominations may be used to fill vacancies on the NGAC that will become available in 2018 and 2019. Nominations will be reviewed by the FGDC and additional information may be requested from nominees. Final selection and appointment of NGAC members will be made by the Secretary of the Interior. Individuals who are Federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils in an individual capacity. The term “individual capacity” refers to individuals who are appointed to exercise their own individual best judgment on behalf of the Government, such as when they are designated Special Government Employees, rather than being appointed to represent a particular interest.

The NGAC meets approximately 3–4 times per year. NGAC members will serve without compensation, but travel and per diem costs will be provided by the USGS. The USGS will also provide necessary support services to the NGAC. NGAC meetings are open to the public. Notice of NGAC meetings are published in the **Federal Register** at least 15 days before the date of the meeting. The public will have an opportunity to provide input at these meetings.

Nominations may come from employers, associations, professional organizations, or other geospatial organizations. Nominations should

include a resume providing an adequate description of the nominee’s qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the NGAC and permit the Department of the Interior to contact a potential member. Nominees are strongly encouraged to include supporting letters from employers, associations, professional organizations, and/or other organizations that indicate support by a meaningful constituency for the nominee.

Before including your address, phone number, email address, or other personal identifying information in your nomination, you should be aware that your entire nomination—including your personal identifying information—may be made publicly available at any time. While you may ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

### SUPPLEMENTARY INFORMATION:

#### I. Background

The Department of the Interior (DOI) Office of Financial Management maintains the DOI–12, Donations Program Files, system of records. This system assists DOI in managing the Donations Program and facilitating the evaluation, acceptance, and solicitation of donations of money, real property, personal property, services, or other gifts by members of the public and organizations to the Department of the Interior and its officials.

DOI is publishing this revised notice to make administrative updates to the following sections: System location; system manager; authorities; categories of individuals; categories of records; storage; retrieval; retention and disposal; safeguards; and the procedures on record access, contesting record and notification. This revised notice is organized to reflect the government-wide format established by the Office of Management and Budget (OMB), which includes new sections on the purpose and history of the system of records. Additionally, DOI is proposing to modify routine use “A” to clarify authorized disclosures to the Department of Justice; modify routine

use “J” and add new routine use “K” to permit sharing of information with appropriate Federal agencies or entities when reasonably necessary to assist in efforts to respond to a breach of personally identifiable information and to prevent, minimize, or remedy the risk of harm to individuals or the Federal Government in accordance with OMB policy; and modify routine use “N” to further clarify authorized disclosures to the news media and the public. DOI last published the Donations Program Files system of records notice in the **Federal Register** at 77 FR 66628 (November 6, 2012).

## II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information practice principles in a statutory framework governing the means by which Federal agencies collect, maintain, use, and disseminate individuals' personal information. The Privacy Act applies to records about individuals that are maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act defines an individual as a United States citizen or lawful permanent resident. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act regulations at 43 CFR part 2, subpart K, and following the procedures outlined in the Records Access, Contesting Record, and Notification Procedures sections of this notice.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains and the routine uses of each system. The revised Donations Program Files system of records notice is published in its entirety below. In accordance with 5 U.S.C. 552a(r), DOI has provided a report of this system of records to the Office of Management and Budget and to Congress.

## III. Public Participation

You should be aware your entire comment including your personal identifying information, such as your address, phone number, email address, or any other personal identifying information in your comment, may be made publicly available at any time. While you may request to withhold your

personal identifying information from public review, we cannot guarantee we will be able to do so.

#### **POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

Records are maintained in both paper and electronic form. Paper records are maintained in file folders stored in file cabinets. Electronic records are maintained as files in computers, computer databases, email, and on encrypted removable drives and agency servers.

#### **POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

Information within this system may be retrieved by the DOI office or bureau receiving the donation, the benefitting program or activity, nature of the gift, size of the donation, the identity of the donor by individual or organization name, and may also be retrieved by keyword search.

#### **POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:**

Records are maintained under Departmental Records Schedule (DRS)–3.1.0001, Program Monitoring and Policy Development (DAA–0048–2013–0008–0001), which has been approved by the National Archives and Records Administration (NARA). DRS–3.1.0001 is a Department-wide records schedule that covers records involved in the regular monitoring and oversight of Federal programs. The disposition for these records is temporary. These records will be destroyed five years after cut-off, which is at the end of the fiscal year in which the final document is superseded or obsolete, or upon determination that a final document will not be produced. Records not used to support the program are cut off at the end of the fiscal year when the document was created as these records support the creation of permanent policy records that are not authorized for destruction and must be transferred to the National Archives in accordance with other records retention schedules. Paper records are disposed of by shredding or pulping, and records

contained on electronic media are degaussed or erased in accordance with 384 Departmental Manual 1 and NARA guidelines.

#### **ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

The records contained in this system are safeguarded in accordance with 43 CFR 2.226 and other applicable security and privacy rules and policies. During normal hours of operation, paper records are maintained in locked file cabinets under the control of authorized personnel. Electronic records are safeguarded by permissions set to "Authenticated Users" which require password login. Computer servers on which electronic records are stored are located in secured DOI controlled facilities with physical, technical and administrative levels of security to prevent unauthorized access to the DOI network and information assets. The computer servers in which electronic records are stored are located in DOI facilities that are secured by security guards, alarm systems and off-master key access. Access to servers containing records in this system is limited to DOI personnel and other authorized parties who have a need to know the information for the performance of their official duties. Data exchanged between the servers and the system is encrypted. Backup tapes are encrypted and stored in a locked and controlled room in a secure, off-site location.

Computerized records systems follow the National Institute of Standards and Technology privacy and security standards as developed to comply with the Privacy Act of 1974, 5 U.S.C. 552a; Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3521; Federal Information Security Modernization Act of 2014, 44 U.S.C. 3551–3558; and the Federal Information Processing Standards 199: Standards for Security Categorization of Federal Information and Information Systems. Security controls include user identification, passwords, database permissions, encryption, firewalls, audit logs, and network system security monitoring, and software controls. Access to records in the system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each user's access is restricted to only the functions and data necessary to perform that person's job responsibilities. System administrators and authorized users are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the DOI Rules of Behavior.
