**COMMODITY FUTURES TRADING COMMISSION**

**Privacy Act of 1974; System of Records**

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Notice of Two Modified Systems of Records.

**SUMMARY:** In accordance with the requirements of the Privacy Act of 1974, as amended, the Commodity Futures Trading Commission (CFTC or Commission) is republishing two existing System of Record Notices (SORNs): CFTC-39, Freedom of Information Act Requests and CFTC-40, Privacy Act Requests. The modification will add three routine uses, clarify existing routine uses, and bring the SORNs in compliance with the Office of Management and Budget (OMB) Circular A-108 SORN template. Two of the new routine uses pertain to sharing information to mitigate a breach and are required by OMB Memorandum 17-12. The third new routine use is requested by the Office of Government Information Services (OGIS) to allow disclosure of personally identifiable information to OGIS for Freedom of Information Act (FOIA) dispute resolution and compliance review purposes. Other updates include identifying the specific routine uses applicable to each of the systems of records rather than relying on CFTC's previously published blanket routine uses, and administrative updates to comply with the OMB Circular A-108 SORN template format.

**DATES:** Comments must be received on or before August 20, 2018. This action takes effect without further notice on August 20, 2018, unless revised pursuant to comments received.

**SUPPLEMENTARY INFORMATION:**

**I. The Privacy Act**

Under the Privacy Act of 1974, 5 U.S.C. 552a, a "system of records" is defined as any group of records under the control of a Federal government agency from which information about individuals is retrieved by name or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act establishes the means by which government agencies must collect, maintain, and use information about an individual in a government system of records.

Each government agency is required to publish a notice in the **Federal Register** in which the agency identifies and describes each system of records it maintains, the reasons why the agency

uses the information therein, the routine uses for which the agency will disclose such information outside the agency, and how individuals may exercise their rights under the Privacy Act.

In accordance with 5 U.S.C. 552a(r), CFTC has provided reports of these systems of records to the Office of Management and Budget (OMB) and to Congress.

**II. Background**

The Commodity Futures Trading Commission (CFTC or Commission) is republishing two existing SORNs: CFTC-39, Freedom of Information Act Requests and CFTC-40, Privacy Act Requests. The SORNs are being republished to add three routine uses, clarify existing routine uses, and bring the SORN in compliance with OMB Circular A-108 SORN template. The records covered under the Freedom of Information Act Requests SORN are collected and maintained to process requests made under the provisions of the FOIA, and to assist the CFTC in carrying out any other responsibilities relating to the FOIA. The records covered under the Privacy Act Requests SORN are collected and maintained to process requests made under the provisions of the Privacy Act, and to assist the CFTC in carrying out any other responsibilities relating to the Privacy Act. Two routine uses are being added to both SORNs to permit sharing with other Federal agencies or Federal entities as required by OMB Memorandum 17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information." These routine uses will assist the CFTC and/or other Federal agencies or entities in responding to a suspected or confirmed breach and/or prevent, minimize, or remedy the risk of harm to the requesters, the CFTC, the Federal government, or national security. A third routine use is being added to both SORNs to permit sharing with the National Archives and Records Administration (NARA), Office of Government Information Services (OGIS) so OGIS can review administrative policies, procedures, and compliance, and to facilitate resolutions to disputes between persons making FOIA requests and the CFTC. Additional updates to both SORNs include clarifying the specific routine uses applicable to each system of records, and administrative updates including section name and organization updates to comply with the OMB Circular A-108 SORN template format.
