SUPPLEMENTARY INFORMATION:

A. Purpose and Background

In October 2013, Congress passed the HSA, which requires the Department of the Interior, through the BLM Director, to offer for auction and sale annually a portion of the helium reserves owned by the United States and stored underground at the Cliffside Gas Field near Amarillo, Texas.

On July 23, 2014, the BLM published a “Final Notice for Implementation of Helium Stewardship Act Sales and Auctions” in the **Federal Register** (79 FR 42808) (2014 Final Notice). The 2014 Final Notice contained information about the HSA, definitions of terms used in the Notice, the reasons for the action, and a process for conducting the auctions and sales in FY 2014.

On August 24, 2015, the BLM published a “Notice of Final Action: Crude Helium Sale and Auction for Fiscal Year 2016 Delivery” in the **Federal Register** (80 FR 51304) (2015 Final Notice). The 2015 Final Notice refined the process the BLM used in 2014 for conducting the auction and sale of crude helium. The BLM will use the process set forth in the 2015 Final Notice for the auction and sale of crude helium to occur in FY 2018 for FY 2019 delivery.

Both the 2014 and 2015 Final Notices are available from the BLM’s HSA Implementation Page website (see **ADDRESSES**). Search under the “Documents and Reports” link.
