 OMB Control Number 1004-0004]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Desert Land Entry Application

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before September 6, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at *OIRA_Submission@omb.eop.gov*; or via facsimile to (202) 395-5806. Please provide a copy of your comments to the BLM at U.S. Department of the Interior, Bureau of Land Management, 1849 C Street NW, Room 2134LM, Washington, DC 20240, Attention: Jean Sonneman; or by email to *jessonem@blm.gov*. Please reference OMB Control Number 1004-0004 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Flora Bell by email at *fbell@blm.gov*, or by telephone at 202-912-7347. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, the BLM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of

information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format. A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 5, 2018 (83 FR 14670), and the comment period ended on June 4, 2018. The BLM received one comment that did not pertain to the collection of information. The BLM did not revise the ICR in response.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the BLM; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BLM enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BLM minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Realty Action: Non-Competitive Direct Sale of the Reversionary Interest in a Recreation and Public Purposes Act (R&PP) Patent, in Clark County, Nevada (N-94498)

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) intends to dispose of the reversionary interest held by the United States in a 140-acre parcel of public land in Las Vegas, Nevada, pursuant to Section 203 of the Federal Land Policy and Management Act of October 21, 1976 (FLPMA), as amended, for a non-competitive direct sale to the Black Mountain Golf and Country Club (BMGCC). The BLM has found this

parcel suitable for disposal under the authority of Section 202 of FLPMA.

DATES: Interested parties may submit written comments regarding the direct sale on or before September 21, 2018.

ADDRESSES: Send written comments to the BLM Las Vegas Field Manager, 4701 North Torrey Pines Drive, Las Vegas, Nevada 89130.

FOR FURTHER INFORMATION CONTACT: Supervisory Realty Specialist Manuela Johnson at the above address, by phone at 702-515-5224, or by email at m15johns@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BMGCC is operated as a non-profit corporation. The land occupied by the BMGCC was patented on May 9, 1962, under the authority of the Recreation and Public Purposes (R&PP) Act of June 14, 1926. The purpose of the non-competitive direct sale is to dispose of the reversionary interest in the patented lands that prevents the BMGCC from using the land for other purposes.

The parcel, which was identified as suitable for direct sale of the reversionary interest, is located on the northwest corner of Horizon Drive and Mona Lane in Henderson, Nevada, and is legally described as:

Mount Diablo Meridian, Nevada

T. 22 S., R. 63 E.,

Sec. 20, E $\frac{1}{2}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$.

The area described contains 140 acres.

The 140-acre parcel of public land is difficult and uneconomic to manage, and meets the criteria for disposal set forth in 43 CFR 2710.0-3(a)(3). The parcel is within the boundaries of the City of Henderson and is surrounded by private lands. The parcel is not contiguous to any public land administered by the BLM. The location and absence of other contiguous public land makes the parcel impractical for the BLM to administer. Therefore, it is in the best interest of the public to dispose of this parcel of public land by direct sale procedures pursuant to 43 CFR 2711.3-3 to BMGCC.

The sale is consistent with the BLM Las Vegas Resource Management Plan (RMP) and the Record of Decision (ROD) approved on October 5, 1998. This sale would be made pursuant to Section 202 of the FLPMA, as amended, and Section

203, which authorizes a sale of public lands when the Secretary determines that the proposed sale parcel, "because of its location or other characteristics is difficult and uneconomic to manage as part of the public lands, and is not suitable for management by another Federal department or agency." The parcel is not needed for any Federal purposes; therefore, its disposal is in the public interest.

The appraised fair market value of the parcel is \$30,800,000. The appraisal report, dated February 1, 2017, is available for public review at the BLM Las Vegas Field Office.

Upon conveyance of the reversionary interest, all other terms and conditions of Patent No. 1226785 will continue to apply.

The reversionary interest will not be sold until at least October 9, 2018. The conveyance document issued will only transfer the reversionary interest retained by the United States in patent 1226785 and will contain the following terms, conditions, and reservations:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945);

2. The terms and conditions of the United States Patent No. 1226785, including but not limited to, the reservation of all mineral deposits in the land so patented, and the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations to be established by the Secretary of the Interior;

3. Additional terms and conditions that the authorized officer deems appropriate.

The purchaser, by accepting the release of the reversionary interest of the United States agrees to indemnify, defend, and hold the United States, its officers, agents, or employees harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgements of any kind arising from the past, present, or future acts or omissions of the purchaser, its employees, agents, contractors, or lessees, or third-party arising out of or in connection with the purchaser's acceptance of the aforementioned release or purchaser's use and/or occupancy of the land involved resulting in: (1) Violations of Federal, State, and local laws and regulations that are now, or in the future become, applicable to real property; (2) judgments, claims, or demands of any kind assessed against the United States; (3) cost, expenses, or damages of any kind incurred by the United States; (4) releases or threatened releases of solid or hazardous waste(s) and/or hazardous substances(s), as defined by Federal or

State environmental laws, off, on, into or under land, property, and other interests of the United States; (5) other activities by which solids or hazardous substances or wastes, as defined by Federal and State environmental laws are generated, released, stored, used, or otherwise disposed of on the land involved, and any cleanup, response, remedial action, or other actions related in any manner to said solid or hazardous substances or wastes; or (6) natural resource damages as defined by Federal and State law. Patentee shall stipulate that it will be solely responsible for compliance with all applicable Federal, State, and local environmental and regulatory provisions, throughout the life of the facility, including any closure and/or post closure requirements that may be imposed with respect to any physical plant and/or facility upon the land involved under any Federal, State, or local environmental laws or regulatory provisions. This covenant shall be construed as running with the land and may be enforced by the United States in a court of competent jurisdiction.

No warranty of any kind, express or implied, is given by the United States in connection with the sale or release of the reversionary interest. The documentation for land use conformance, National Environmental Policy Act (NEPA) procedures, a map, and the appraisal report, are available for review at the BLM Las Vegas Office located at the address listed above. A Determination of NEPA Adequacy document—with the number DOI-BLM-NV-S010-2017-0091-DNA—was prepared in connection with this Notice of Realty Action.

Interested parties may submit written comments on the direct sale of the reversionary interest for the 140-acre sale parcel. Before including your address, phone number, email address, or other personally identifying information in your comment, you should be aware that your entire comment—including your personally identifying information—may be made publicly available at any time. While you can ask the BLM in your comment to withhold your personally identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM Nevada State Director who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the decision will become effective on October 9, 2018.

Authority: 43 CFR 2711.1–2.

Acting Assistant Field Manager, Las Vegas
Field Office.

Abstract: This information collection
pertains to onshore geophysical
exploration on Federal lands. Federal
land-management agencies are
responsible for regulating geophysical
exploration on the Federal surface
estate. The BLM regulates exploration
for oil and gas on lands it manages, and
on occasion regulates such exploration
on lands managed by other Federal
land-management agencies. The U.S.
Forest Service (FS) regulates exploration
for various types of minerals, including
oil and gas, on lands it manages. The
BLM and the FS propose to revise the
accuracy and usefulness of the forms
they use for this collection of
information.

Title of Collection: Onshore
Geophysical Exploration.

OMB Control Number: 1004–0162.

Form Numbers: BLM Form 3150–4/FS
Form 2800–16 and BLM Form 3150–5/
FS Form 2800–16a.

Type of Review: Revision of a
currently approved collection.

Respondents/Affected Public: The
respondents for this collection of
information are business that seek to

conduct geophysical exploration on
Federal lands.

**Total Estimated Number of Annual
Respondents:** 23.

**Total Estimated Number of Annual
Responses:** 23.

**Estimated Completion Time per
Response:** Varies from 20 minutes to 1
hour, depending on activity.

**Total Estimated Number of Annual
Burden Hours:** 17.67.

Respondent's Obligation: Required to
obtain or retain a benefit.

Frequency of Collection: On occasion.

**Total Estimated Annual Nonhour
Burden Cost:** \$25.

An agency may not conduct or
sponsor and a person is not required to
respond to a collection of information
unless it displays a currently valid OMB
control number.

The authority for this action is the
