

Privacy Impact Assessment (PIA) is required to document and identify any potential risks associated with collecting this information. There is no assurance of confidentiality provided to the respondents.

The burden estimates provided in response to Item 12 above are based upon definitive proposals reported by DHS and its Components to the Federal Procurement Data System (FPDS) for Fiscal Year 2016. No program changes occurred and there have been no changes to the information being collected. However, the burden was adjusted to reflect an agency adjustment increase of 103,600 in the number of respondents within DHS for Fiscal Year 2016, as well as an increase in the average hourly wage rate. In addition, the average response per respondent went from 7 to 3.5 per response, a difference of 3.5 hours. The change is a result of the DHS Heads of Contracting Activities' reassessment of the response time required for each of the applicable clauses.

This is an extension of a currently approved collection, 1600-0005. DHS previously published this ICR in the **Federal Register** on Tuesday, March 13, 2018 at 83 FR 10865 for a 60-day public comment period, and is soliciting public comment for another 30 days. OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Abstract: This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding under the NGGDPP. We will accept proposals from state geological surveys requesting funds to inventory and assess the condition of current collections and data preservation needs. Financial assistance will be awarded annually on a competitive basis following the evaluation and ranking of state proposals by a review panel composed of representatives from the U.S.

Department of the Interior, state geological surveys, and academic institutions. To submit a proposal, respondents must complete a project narrative and submit the application via www.grants.gov. Grant recipients must complete a final technical report at the end of the project period. Narrative and report guidance is available at <http://datapreservation.usgs.gov> and www.grants.gov.

Annual data preservation priorities are provided in the Program Announcement as guidance for applicants to consider when submitting proposals. Since its inception in 2007, NNGDPP has awarded 46 states with \$7,043,000, which, when matched or exceeded by the states, amounts to over \$14 million invested in the rescue and preservation efforts. This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." Responses are voluntary. No questions of a "sensitive" nature are asked. We intend to release the project abstracts and identify states for awarded/funded projects only.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1108]

Certain Jump Rope Systems; Commission Determination Not To Review an Initial Determination Finding Sole Respondent in Default; Request for Written Submissions on Remedy, Bonding, and the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (Order No. 6), finding the sole respondent, Suzhou Everise Fitness Co., Ltd. of Jiangsu, China, in default. The Commission requests written submissions, under the schedule set forth below, on remedy, bonding, and the public interest.

FOR FURTHER INFORMATION CONTACT:

Lucy Grace D. Noyola, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-3438. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 18, 2018, based on a complaint filed by Jump Rope Systems, LLC of Louisville, Colorado ("Complainant"). 83 FR 17190 (Apr. 18, 2018). The

complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain jump rope systems by reason of infringement of certain claims of U.S. Patent Nos. 7,789,809 and 8,136,208. The notice of investigation named one respondent: Suzhou Everise Fitness Co., Ltd. of Jiangsu, China ("Respondent"). The Office of Unfair Import Investigations ("OUII") also was named as a party to the investigation.

The complaint and notice of investigation were served on Respondent on April 13, 2018. However, Respondent did not respond to the complaint or notice of investigation.

On May 31, 2018, Complainant filed an amended motion for an order to show cause directing Respondent to demonstrate why it should not be found in default for failing to respond to the complaint and notice of investigation, or otherwise participate in the investigation. On June 6, 2018, OUII filed a response, supporting the motion. No other responses were filed.

On June 12, 2018, the presiding administrative law judge ("ALJ") issued Order No. 5, ordering Respondent to show why it should not be found in default. No response was filed.

On July 10, 2018, the ALJ issued the subject ID (Order No. 6), finding Respondent in default under Commission Rule 210.16 (19 CFR 210.16) and terminating the proceedings before the ALJ in their entirety. No petitions for review were filed.

The Commission has determined not to review the subject ID. Section 337(g)(1) (35 U.S.C. 1337(g)(1)) and Commission Rule 210.16(c) (19 CFR 210.16(c)) authorize the Commission to order relief against a respondent found in default, unless, after considering the public interest, it finds that such relief should not issue.

In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue a cease and desist order that could result in Respondent being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for
