Withdrawal of Notice of Intent To Prepare Supplemental Environmental Impact Statements and Amendment of Record of Decisions for Programmatic Environmental Impact Statements

AGENCY: First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of intent; withdrawal.

SUMMARY: The First Responder Network Authority (FirstNet Authority) is (1) withdrawing its Notice of Intent to Prepare Supplemental Programmatic Environmental Impact Statements (SPEISs) and Conduct Scoping for the Nationwide Public Safety Broadband Network (NPSBN), and (2) amending five (5) records of decision to remove the references to the FirstNet Authority's intent to prepare the SPEISs.

FOR FURTHER INFORMATION CONTACT: Eli Veenendaal, First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce, 3122 Sterling Circle, Suite 100, Boulder, CO 80301 or elijah.veenendaal@firstnet.gov.

SUPPLEMENTARY INFORMATION:

The Middle Class Tax Relief and Job Creation Act of 2012 (47 U.S.C. 1401 *et seq.*) created and authorized the FirstNet Authority to take all actions necessary to ensure the building, deployment, and operation of an interoperable NPSBN. As part of NPSBN deployment, the FirstNet Authority is required to comply with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) (NEPA) and the implementing regulations issued by the Council on Environmental Quality (40 CFR parts 1500–1508) (CEQ Regulations) to assess the environmental effects of its proposed actions prior to making a final decision and implementing the action.

To support NEPA compliance, the FirstNet Authority prepared and finalized five regional programmatic environmental impact statements (PEISs) that analyze the potential environmental impacts of the deployment and operation of the

NPSBN at a programmatic level.¹ However, prior to completing the PEISs and issuing corresponding records of decision (RODs), the FirstNet Authority was still in the process of revising the FirstNet Authority Procedures for Implementing the National Environmental Policy Act (FirstNet Authority NEPA Procedures) and identified a potential need to account for these changes in the PEISs and RODs.²

Consequently, on September 25, 2017, the FirstNet Authority published a notice of intent (NOI) in the **Federal Register** to prepare SPEISs to address the potential impact of the FirstNet Authority NEPA Procedures as well as the process the FirstNet Authority would follow to assess potential environmental impacts of the NPSBN deployment at the site specific-level.³ Similarly, the FirstNet Authority also included comparable language relating to its intent to prepare SPEISs in each of the RODs.⁴

Subsequently, on February 1, 2018, following the issuance of the NOI and RODs for each region, the FirstNet Authority completed the regulatory process for and published in the **Federal Register** a notice responding to comments and finalizing its proposed modifications to the FirstNet Authority NEPA Procedures.⁵ The revised FirstNet
