##### I. Abstract

This request is for an extension of a currently approved information collection. The regulations include requirements for the owners and operators of U.S. vessels to: (1) Complete and submit a Pacific Transshipment Declaration form for each transshipment of highly migratory species in the area of application of the Convention (Convention Area) and each transshipment of highly migratory species caught in the Convention Area; (2) submit a notice containing specific information at least 36 hours prior to each transshipment on the high seas in the Convention Area or within 12 hours of an emergency transshipment that would otherwise be prohibited; (3) provide notice to NMFS at least 72 hours before leaving port of the need for an observer, in the event that a vessel anticipates a transshipment where an observer is required; (4) complete and submit a U.S. Purse Seine Discard form within 48 hours after any discard; and (5) submit certain information regarding purse seine fishing activities. The information collected from these requirements is used by NOAA and the WCPFC to help ensure compliance with domestic laws and the Commission's conservation and management measures, and are necessary in order for the United States to satisfy its obligations under the Convention.
