SUPPLEMENTARY INFORMATION: The Pension Benefit Guaranty Corporation (PBGC) intends to request that the Office of Management and Budget (OMB) extend approval, under the Paperwork Reduction Act, of a collection of information contained in its regulation on Partitions of Eligible Multiemployer Plans (29 CFR part 4233) (OMB control number 1212-0068; expires December 31, 2018). This notice informs the public of PBGC's intent and solicits public comment on the collection of information.

Sections 4233(a) and (b) of the Employee Retirement Income Security Act of 1974 (ERISA) allow a plan sponsor of a multiemployer plan to apply to PBGC for a partition of the plan and state the criteria that PBGC uses to determine a plan's eligibility for a partition.

PBGC's regulation on Partitions of Eligible Multiemployer Plans (29 CFR part 4233) sets forth the procedures for applying for a partition, the information required to be included in a partition application, and notices to interested parties of the application.

PBGC needs the information to determine whether a plan is eligible for partition and whether a proposed partition would comply with the statutory conditions required before PBGC may order a partition.

The collection of information under the regulation has been approved by OMB control number 1212-0068 (expires December 31, 2018). PBGC intends to request that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that there will be six applications for partition each year for which plan sponsors submit applications under this regulation. The total estimated annual burden of the collection of information is 78 hours and \$239,400.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–83834; File No. SR–NASDAQ–2018–067]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Delete and Replace the Current Rules on Arbitration

August 13, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on August 9, 2018, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delete the current rules on arbitration (“Current Arbitration Rules”), currently under the 10000 Series (Rules 10001 through 10102), and adopt the Nasdaq ISE, LLC (“ISE”) rules on arbitration in Chapter 18 of the ISE’s rulebook (“Proposed Arbitration Rules”) into General 6 in the Exchange’s rulebook’s (“Rulebook”) shell structure.³

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to delete the rules on arbitration, currently under the 10000 Series (Rules 10001 through 10102), and adopt the ISE rules on arbitration in Chapter 18 of the ISE’s rulebook into General 6 in the Exchange’s Rulebook.

The Exchange adopted the Current Arbitration Rules to ensure a fair and efficient manner in which to handle any dispute, claim or controversy arising out of, or in connection with, the business of any Member of the Exchange. To help administer the process of dispute resolution, the Exchange and FINRA are parties to a Regulatory Contract, pursuant to which FINRA has agreed to perform certain functions and provide access to certain services, including: member regulation and registration; non-real time market surveillance; examinations and investigations; and dispute resolution. FINRA currently operates the largest securities dispute resolution forum in the United States,⁴ and has given the Exchange access to these services. Under the Current Arbitration Rules, Members and associated persons of a Member are subject to the FINRA Code of Arbitration Procedure.

Because the Affiliated Exchanges are also parties to similar Regulatory Contracts with FINRA that make their members and associated persons of such members subject to the FINRA Code of Arbitration Procedure, the Exchange believes it is pertinent that a common set of rules on arbitration be included in the General section of the Rulebook’s shell. These rules will, pursuant to subsequent filings, then replace the existing arbitration rules for each of the Affiliated Exchanges.

As part of the process of harmonizing these rules, staff evaluated the corresponding rules on arbitration at each of the Affiliated Exchanges. Staff have determined that the Proposed Arbitration Rules are the easiest to read and the most accessible, and do not

² 17 CFR 240.19b–4.

³ Recently, the Exchange added a shell structure to its Rulebook with the purpose of improving efficiency and readability and to align its rules closer to those of its five sister exchanges, Nasdaq BX, Inc.; Nasdaq PHLX LLC; Nasdaq ISE, LLC; Nasdaq GEMX, LLC; and Nasdaq MRX, LLC (“Affiliated Exchanges”). The shell structure currently contains eight (8) Chapters which, once complete, will apply a common set of rules to the Affiliated Exchanges.
