

contact submits 2020 BAS boundary updates, effective as of January 1, 2020, or before, by the deadline of March 1, 2020, the entity will be included in the final phase of the BVP. The government will have the option to submit the corrections on either paper or digital maps.

In the final BVP phase, once the Census Bureau applies the participant's 2020 BAS boundary updates to the MAF/TIGER database, the Census Bureau will provide each highest elected official a complete set of updated 2020 BAS maps or shapefiles. The governments may request CD/DVD, download or plotted paper maps. This is their final opportunity to review the boundary and verify that the Census Bureau clearly reflects the correct boundary in the MAF/TIGER database, effective January 1, 2020, for the 2020 Census. In the final BVP phase, each highest elected official submits any remaining corrections within five days directly to the Census Bureau using the instructions provided in the BAS respondent guide.

The final stage of BAS is the annual State Certification Program. This program allows state level agencies to verify that the status and boundary updates received through the previous years' BAS updates were accomplished according to state law. The State Certification Program will be held in 2018 and 2019. The BVP replaces the State Certification in 2020. During each cycle of this program, Governor-designated state certifying officials review listings of incorporated place legal boundary and functional status changes reported to the BAS during the previous year. The extent of the State Certification program varies depending on the laws governing annexations, deannexations, incorporations, and disincorporations in the given state. Some states have strong laws that require local governments to report legal boundary changes to the state government. In these states, the state certifying official is able to certify, edit, add, or reverse reported annexations, and may mark a legal boundary change as a duplicate of a previously reported change. In these states, the state certifying official also has the authority to request that the Census Bureau edit or delete information received from the local government. In states that do not require local governments to report legal boundary changes to the state, the Census Bureau will not edit or delete information without confirmation from the local government. If the state certifying official adds legal boundary changes missing from the Census Bureau's annexation list, the Census

Bureau will contact the local government to request information. The State Certification program helps to ensure that all levels of government represent boundaries consistently and accurately.

The data and information collected from the BAS and BVP serve tribal, federal, state and local governments, and the private sector. The BVP provides validation for the information collected through the BAS. The BAS is the primary provider for the following services and products:

(1) Classify data collected in the periodic decennial and economic censuses and annual surveys.
 (2) Serve as the primary source of information regarding new incorporations, disincorporations, and other changes in the local and tribal government inventory for the Federal Information Processing Series and Geographic Names Information Systems programs, tribal, state and local officials, and private data users.

(3) Update its estimates of the population as a result of the creation of new governments, the dissolution of governments, or changes in boundaries for existing local or tribal governments.

(4) Serve as the source for governmental unit boundary information as a framework layer of the National Spatial Data Infrastructure for The National Map and the data.gov website.

Information quality is an integral part of the pre-dissemination review of the information disseminated by the Census Bureau. Information quality is also integral to the information collections conducted by the Census Bureau, and we incorporate it into the clearance process as required by the Paperwork Reduction Act of 1995.

Affected Public: Tribal, state and local governments.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, U.S.C., Section 6.

This information collection request may be viewed at www.reginfo.gov.

Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202)395-5806.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer.

Large Diameter Welded Pipe From Greece: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that large diameter welded pipe (welded pipe) from Greece is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is January 1, 2017, through December 31, 2017. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable August 27, 2018.

FOR FURTHER INFORMATION CONTACT: Brittany Bauer, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3860.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on February 20, 2018.¹ On June 8, 2018, Commerce postponed the preliminary determination of this investigation; the revised deadline is now August 20, 2018.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's

² See *Large Diameter Welded Pipe from Canada, Greece, India, the People's Republic of China, the Republic of Korea, and the Republic of Turkey: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations*, 83 FR 27953 (June 15, 2018).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Large Diameter Welded Pipe from Greece," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is welded pipe from Greece. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted to the record for this investigation, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.⁶ Commerce is preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See revised scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Constructed export price is calculated in accordance with section 772(b) of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

All-Others Rate

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others

rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

Commerce calculated an estimated weighted-average dumping margin for Corinth Pipeworks Pipe Industry S.A. (Corinth),⁷ the only individually-examined exporter/producer in this investigation. Because the only individually-calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Corinth is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Corinth Pipeworks Pipe Industry S.A	22.51
All-Others	22.51

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for Corinth will be equal to the company-specific estimated weighted-average dumping margin as determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is Corinth, then the cash deposit rate will be equal to the company-specific estimated weighted-

average dumping margin as established for Corinth; and (3) the cash deposit rate for all other producers and exporters will be 22.51 percent, as discussed in the "All-Others Rate" section, above. These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

Commerce intends to disclose its calculations and analysis to interested parties in this preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments regarding non-scope issues may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation, unless the Secretary alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁸ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Additionally, case briefs regarding scope issues may be submitted within 10 days after the date of this notice in the **Federal Register**. Rebuttal briefs regarding scope issues, limited to those issues in the scope case briefs, may be submitted no later than five days after the deadline date for scope case briefs. All scope case and rebuttal briefs must be filed identically on the records of this investigation and the concurrent LTFV and countervailing duty investigations of welded pipe.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997).

⁵ See *Initiation Notice*.

⁶ See Memorandum, "Large Diameter Welded Pipe from Canada, Greece, India, the People's Republic of China, the Republic of Korea, and the Republic of Turkey: Scope Comments Decision Memorandum for the Preliminary Determinations," dated June 19, 2018 (Preliminary Scope Decision Memorandum).

⁷ In the *Initiation Notice*, this company appears under the name Corinth Pipeworks S.A. However, the company's correct name is Corinth Pipeworks Pipe Industry S.A.

⁸ See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).

should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On July 19, 2018, pursuant to 19 CFR 351.210(e), Corinth requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.⁹ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the

⁹ See Corinth Pipeworks S.A.'s Letter re: Antidumping Investigation of Large Diameter Welded Pipe from Greece—Request for Postponement of Final Determination and Provisional Measures Period, dated July 19, 2018.

International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: August 20, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation is welded carbon and alloy steel pipe (including stainless steel pipe), more than 406.4 mm (16 inches) in nominal outside diameter (large diameter welded pipe), regardless of wall thickness, length, surface finish, grade, end finish, or stenciling. Large diameter welded pipe may be used to transport oil, gas, slurry, steam, or other fluids, liquids, or gases. It may also be used for structural purposes, including, but not limited to, piling. Specifically, not included is large diameter welded pipe produced only to specifications of the American Water Works Association (AWWA) for water and sewage pipe.

Large diameter welded pipe used to transport oil, gas, or natural gas liquids is normally produced to the American Petroleum Institute (API) specification 5L. Large diameter welded pipe may also be produced to American Society for Testing and Materials (ASTM) standards A500, A252, or A53, or other relevant domestic specifications, grades and/or standards. Large diameter welded pipe can be produced to comparable foreign specifications, grades and/or standards or to proprietary specifications, grades and/or standards, or can be non-graded material. All pipe meeting the physical description set forth above is covered by the scope of this investigation, whether or not produced according to a particular standard.

Subject merchandise also includes large diameter welded pipe that has been further processed in a third country, including but not limited to coating, painting, notching, beveling, cutting, punching, welding, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope large diameter welded pipe.

The large diameter welded pipe that is subject to this investigation is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under

subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.1060, 7305.19.5000, 7305.31.4000, 7305.31.6010, 7305.31.6090, 7305.39.1000 and 7305.39.5000. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Appendix II—List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Period of Investigation
- IV. Scope Comments
- V. Discussion of the Methodology
 - A. Determination of the Comparison Method
 - B. Results of the Differential Pricing Analysis
- VI. Date of Sale
- VII. Product Comparisons
- VIII. Constructed Export Price
- IX. Normal Value
 - A. Home Market Viability
 - B. Level of Trade
 - C. Cost of Production Analysis
 1. Calculation of Cost of Production (COP)
 2. Test of Comparison Market Sales Prices
 3. Results of the COP Test
 - D. Calculation of NV Based on Comparison Market Prices
- X. Currency Conversion
- XI. Conclusion

Fresh Tomatoes From Mexico: Preliminary Results of the Five-Year Sunset Review of the 2013 Suspension Agreement on Fresh Tomatoes From Mexico

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On February 1, 2018, the Department of Commerce (Commerce) initiated the fourth sunset review of the suspended antidumping duty investigation on fresh tomatoes from Mexico. Commerce preliminarily finds that termination of the suspended antidumping duty investigation on fresh tomatoes from Mexico would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Preliminary Results of Review" section of this notice.

DATES: Applicable August 27, 2018.

FOR FURTHER INFORMATION CONTACT: David Cordell or Sally C. Gannon, Bilateral Agreements Unit, Office of
