

k. *Description of Request:* The licensee requests Commission approval to grant Granite Peak Corporation permission to install and operate a water withdraw intake on the Big Rib River for snow-making purposes. The intake is designed to withdraw up to 17.2 million gallons per day, within the project boundary, however Granite Peak estimates withdrawing a daily maximum of 12 million gallons per day during the winter months, typically in November and December. Construction activities within the project boundary would include installation of a coffer dam, and installation of an intake pipe no further than five-feet from the river bank.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE, Room 2A, Washington, DC 20426, or by calling 202-502-8371. This filing may also be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call 202-502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS"; "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the

project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to the non-project use application. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: August 22, 2018.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

PacifiCorp; Notice of Teleconference

a. *Project Name and Number:* Prospect No. 3 Hydroelectric Project No. 2337.

b. *Applicant:* PacifiCorp.

c. *Date and Time of Teleconference:* September 5, 2018 at 11:00 EDT.

d. *FERC Contact:* Dianne Rodman, (202) 502-6077, dianne.rodman@ferc.gov.

e. *Purpose of Meeting:* Commission staff will hold a teleconference with Oregon State Historic Preservation Office (SHPO) staff and PacifiCorp to discuss the Programmatic Agreement and Historic Properties Management Plan for the relicensing of the Prospect No. 3 Project.

f. All local, state, and federal agencies, Indian tribes, and other interested parties are invited to attend by phone;

however, participation will be limited to representation of the Oregon SHPO, PacifiCorp, and the Commission's representatives. Please call or email Dianne Rodman at (202) 502-6077 or dianne.rodman@ferc.gov by September 3, 2018 at 4:30 EDT, to RSVP and to receive specific instructions on how to participate.

Dated: August 22, 2018.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP18-538-000]

Sendero Carlsbad Gateway, LLC; Notice of Application

On August 9, 2018, Sendero Carlsbad Gateway, LLC (Sendero), 1000 Louisiana Street, Suite 6900, Houston, Texas 77002, filed an application pursuant to section 7 of the Natural Gas Act (NGA) and Part 157 of the Federal Energy Regulatory Commission's (Commission) regulations requesting authorization to construct, install, own, operate and maintain a new 23.28 mile, 24-inch-diameter, interstate natural gas pipeline and appurtenant facilities to be located in Eddy County, New Mexico and Culberson County, Texas, all as more fully set forth in the application, which is open to the public for inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding Sendero's application should be directed to Brad Boister, Chief Commercial Officer, Sendero Carlsbad Gateway, LLC, 1000 Louisiana Street, Suite 6900, Houston, Texas 77002, or phone (832) 917-6952, or by email bboister@senderomidstream.com.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is

issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's

environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on September 12, 2018.

Dated: August 22, 2018.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 14880-001]

ECOspanable, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On June 15, 2018, ECOspanable, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of hydropower at the Mount Morris Power Dam located on the Genesee River, near the town of Leicester, Livingston County, New York. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) An existing 30-foot-high, 334-foot-long concrete gravity dam; (2) an existing reservoir with a storage capacity of 250 acre-feet at a normal maximum surface elevation of 579.1 feet mean sea level; (3) an existing 16-foot-wide by 30-foot-long concrete

masonry powerhouse containing two new submersible turbines each with a rated capacity of 394 kilowatts (kW) (4) a new Hydrodynamic Screw turbine with a rated capacity of 62 kW to be located on the 18-foot-long concrete spillway next to the powerhouse; (5) a new 75-foot-long transmission line connecting the powerhouse to a nearby 15-kilovolt grid interconnection point; and (6) appurtenant facilities. The proposed project would have an average annual generation of 5,700 megawatt-hours.

Applicant Contact: Mr. Dennis Ryan, Manager, ECOspanable, LLC, P.O. Box 114, West Falls, NY 14170; phone: (716) 222-2188.

FERC Contact: Monir Chowdhury; phone: (202) 502-6736.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commentors can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P-14880-001.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14880) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: August 22, 2018.
