The alternative electronic filing means during designated significant unplanned electronic business system outages is as follows: The applicant must file the patent application during a designated significant unplanned electronic business system outage by an alternative filing method permitted by 37 CFR 1.6, such as by the Priority Mail Express® service of the U.S. Postal Service under 37 CFR 1.10 or hand delivery<sup>2</sup> to the USPTO. <sup>3</sup> Applicants are reminded that applications filed under 37 CFR 1.53 (except a design continued prosecution application (CPA) under 37 CFR 1.53(d)), PCT international applications, and international design applications cannot be submitted by facsimile transmission. See 37 CFR 1.6(d).

Priority Mail Express® service of the U.S. Postal Service in accordance with 37 CFR 1.10, the filing date of the application will be the date on which the application is received at the USPTO headquarters in Alexandria, Virginia. See 37 CFR 1.6. In addition, a copy of the application must be filed via EFS-Web (or Patent Center<sup>4</sup>) no later than: (1) One month from the date a filing receipt<sup>5</sup> is first issued for the application, and be accompanied by a request for refund, if the non-electronic filing fee has been paid; or (2) the expiration of the period for reply to a notice requiring payment of the non-electronic filing fee (e.g., a notice to file missing parts under 37 CFR 1.53(f)) if the non-electronic filing fee has not been paid.

The copy of the application filed via EFS-Web (or Patent Center) must be accompanied by a statement that it is a true copy of the original application as filed by the alternative filing method during the designated significant unplanned electronic business system outage. The copy of the application also must be filed via EFS-Web (or Patent Center) as a follow-on paper in the application, and not as a new application. If the copy of the application is filed via EFS-Web (or Patent Center) as a new application, the copy will be treated as a new application, and the application filed by an alternative filing method will not be treated as an application filed by the prescribed alternative electronic filing means. The copy of the application should not be filed until applicant has received either a filing receipt or other USPTO notice identifying the application number assigned to the application.
