Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the accompanying Issues and Decision Memorandum. A list of the issues which parties raised, and to which we respond in the Issues and Decision Memorandum is attached at Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that the following companies, as initiated, did not have any reviewable transactions during the POR: (1) Au Vung One Seafood Processing Import & Export Joint Stock Company; (2) Bien Dong Seafood Co., Ltd.; (3) BIM Seafood Joint Stock Company; (4) Cafatex Corporation and its claimed aka names (a) Taydo Seafood Enterprise and (b) Xi Nghiep Che Bien Thuy Sue San Xuat Cantho; (5) Cam Ranh Seafoods; (6) Ngo Bros, also initiated as, Ngo Bros Seaproducts Import-Export One Member Company Limited, and NGO BROS Seaproducts Import-Export One Member Company Limited; (7) Quang Minh Seafood Co., Ltd., also initiated as Quang Minh Seafood Co LTD; (8) Tacvan Frozen Seafood Processing Export Company, also initiated as Tacvan Seafoods Company, Tacvan Seafoods Company (“TACVAN”), and Tacvan Seafoods Company (TACVAN); (9) Thong Thuan Seafood Company Limited; (10) Trong Nhan Seafood Company Limited, also initiated as Trong Nhan Seafood Co., Ltd. (“Trong Nhan”); and (11) Vinh Hoan Corp. As we have not received any information to contradict this preliminary determination, we determine for these final results that the

above-named companies did not have any reviewable entries of subject merchandise during the POR and will issue appropriate instructions that are consistent with our “automatic assessment” clarification.⁵

Changes Since the Preliminary Results

Commerce made changes to Fimex VN’s preliminary dumping margin based on verification findings. For detailed information, see the Issues and Decision Memorandum.

Final Results of Review

In the *Preliminary Results*, Commerce found that 30 companies for which a review was requested had not established eligibility for a separate rate and were considered to be part of the Vietnam-wide entity.⁶ We continue to find, for the final results, that these 30 companies are ineligible for a separate rate (see Appendix II). Commerce’s change in policy regarding conditional review of the Vietnam-wide entity applies to this administrative review.⁷

Under this policy, the Vietnam-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the Vietnam-wide entity, the entity is not under review and the entity’s rate is not subject to change. For companies for which a review was requested and that have established eligibility for a separate rate, Commerce determines that the following weighted-average dumping margins exist:

Rate for Non-Selected Companies

Under section 735(c)(5)(A) of the Tariff Act of 1930, as amended (Act), the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and

producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely on the basis of facts available. Accordingly, under Commerce’s practice, in an administrative review of a nonmarket economy antidumping

order, when only one weighted-average dumping margin for an individually investigated respondent is above *de minimis* and not based entirely on facts available, the separate rate will be equal to that single, above *de minimis* rate. In these final results, Commerce calculated

⁵ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011) (*Assessment of AD Duties*).

⁶ See Appendix II for a full list of the 30 companies (accounting for duplicate names initiated upon); see also *Preliminary Results* at Appendix II.

⁷ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013).

⁸ Due to the issues we have had in the past with variations of exporter names related to this *Order*,

we remind exporters that the names listed below are the exact names, including spelling and punctuation, which Commerce will provide to CBP and which CBP will use to assess POR entries and collect cash deposits.

a rate for Fimex VN that is not zero, *de minimis*, or based entirely on facts available. Therefore, Commerce has assigned to the companies that have not been individually examined but have demonstrated their eligibility for a separate rate a margin of 4.58 percent, which is the final dumping margin calculated for Fimex VN.

Disclosure and Public Comment

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

For Fimex VN, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales. Where we do not have entered values for all U.S. sales to a particular importer/customer, we will calculate a per-unit assessment rate by aggregating the antidumping duties due for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).⁹ To determine whether the duty assessment rates are *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we will calculate importer- (or customer-) specific *ad valorem* ratios based on the estimated entered value. Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁰

For the companies receiving a separate rate, we intend to assign an *ad valorem* assessment rate of 4.58 percent, consistent with the methodology described above. With regard to the

companies identified in Appendix II as part of the Vietnam-Wide Entity, we will instruct CBP to apply an *ad valorem* assessment rate of 25.76 percent to all entries of subject merchandise during the POR which were produced and/or exported by those companies.¹¹

Additionally, consistent with its assessment practice in non-market economy (NME) cases, for any exporter under review which Commerce determined had no shipments of the subject merchandise during the POR, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the NME-wide rate.¹²

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above, which have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed Vietnamese and non-Vietnamese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the Vietnam-wide entity; and (4) for all non-Vietnamese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with

this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: September 7, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
