

administrative leave or imposition of administrative action.

The awardee, at any time, may propose a substitute investigator if it determines the PI or any co-PI may not be able to carry out the funded project or activity and/or abide by the award terms and conditions.

In reviewing the notification, NSF will consider, at a minimum, the following factors:

- a. The safety and security of personnel supported by the NSF award;
- b. The overall impact to the NSF-funded activity;
- c. The continued advancement of taxpayer-funded investments in science and scientists; and
- d. Whether the awardee has taken appropriate action(s) to ensure the continuity of science and that continued progress under the funded project can be made.

Upon receipt and review of the information provided, NSF will consult with the AOR, or designee. Based on the results of this review and consultation, the Foundation may, if necessary, assert its programmatic stewardship responsibilities and oversight authority to initiate the substitution or removal of the PI or any co-PI, reduce the award funding amount, or where neither of those previous options is available or adequate, to suspend or terminate the award.

Other personnel supported by an NSF award must likewise remain in full compliance with awardee policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault. With regard to any personnel not in compliance, the awardee must make appropriate arrangements to ensure the safety and security of other award personnel and the continued progress of the funded project. Notification of these actions is not required under this term and condition.

#### *End of Article X*

**Implementation:** NSF will incorporate the new term and condition into the NSF Agency Specific Requirements to the Research Terms and Conditions, the Grant General Conditions, and the Cooperative Agreement/Financial and Administrative Terms and Conditions. These revised terms and conditions will become effective thirty days from the date of publication in the **Federal Register**.

Awardees are strongly encouraged to conduct a thorough review of the term and condition to determine whether the new requirements necessitate any changes to the institution's policies and

procedures. The new term and condition will be effective for any new award, or funding amendment to an existing award, made on or after the effective date. For these purposes, this means that any finding/determination, placement on administrative leave or the imposition of any administrative action by the institution made on or after the start date of an award or funding amendment subject to the new term will invoke the new notification requirements.

Dated: September 17, 2018.

**SUPPLEMENTARY INFORMATION:** The Privacy Act of 1974, 5 U.S.C. 552a(e)(4), requires federal agencies such as OSHRC to publish in the **Federal Register** notice of any new system of records. This system of records consists of paper records—contact information cards that all OSHRC personnel, including Commission members, employees, and contractors, complete when first starting work at the agency. These cards are shredded when the subject of the card no longer works at the agency. The cards, which are organized in a file by the subject's name, include the subject's full name, home telephone number and address; a person to contact in the event of an emergency; that person's home telephone number and address, and office telephone number; and the subject's relationship to the emergency contact. Electronic contact lists are also maintained on a shared OSHRC drive, with access restricted to the system manager (OSHR's human resources specialist) and office managers. These electronic records include the names of all OSHRC personnel, their home and office telephone numbers, and their home addresses.

The notice for OSHRC-1, provided below in its entirety, is as follows.
