

testing are included in the estimate for section 11.61.

Section 11.52 requires all EAS Participants to monitor two EAS sources. If the required EAS sources cannot be received, alternate arrangements or a waiver may be obtained by written request to the FCC's EAS office. In an emergency, a waiver may be issued over the telephone with a follow-up letter to confirm temporary or permanent reassignment. In addition, EAS Participants are required to interrupt normal programming either automatically or manually when they receive an EAS message in which the header code contains the event codes for emergency action notification, emergency action termination and required monthly test for their state or state/county location.

Section 11.54 requires EAS Participants to enter into their logs/records the time of receipt of an emergency alert notice and an emergency action termination messages during a national level emergency.

Section 11.55 requires EAS participants to monitor their emergency alert system upon receipt of a state or local area EAS message. Stations/systems must also enter into their logs/records the time of receipt of an emergency alert message. If an SDARS licensee or DBS provider is unable to receive and transmit state and local EAS messages, it must inform its subscribers, on its website, and in writing on an annual basis of which channels are and are not capable of supplying state and local EAS messages.

Section 11.61 requires EAS Participants to conduct periodic EAS tests. Tests of the EAS header codes, attention signal, test script and EOM code are required to be performed monthly. Tests of the EAS header codes and end of message codes are made at least once a week. National primary sources shall participate in tests as appropriate. DBS providers, Class D non-commercial educational FM stations and low power TV stations are not required to transmit this test but must log receipt of the test. The FCC may request a report of the tests of the national primary sources. In addition, entries must be made in stations/systems logs/records as previously stated.

This information is used by FCC staff as part of routine inspections of EAS Participants. Accurate recordkeeping of this data is vital in determining the location and nature of possible equipment failure on the part of the transmitting or receiving entity. Furthermore, since the national level

EAS is solely for the President's use, its proper operation must be assured.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0806]

Information Collection Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before November 2, 2018. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas_A_Fraser@omb.eop.gov; and to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991.
