

collection. Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), NOAA's National Marine Fisheries Service (NMFS) is responsible for management of the nation's marine fisheries. Existing regulations require operators of tournaments involving Atlantic highly migratory species (HMS; Atlantic swordfish, sharks, billfish, and tunas) to register four weeks in advance of the tournament. Operators must provide contact information and the tournament's date(s), location(s), and target species. If selected by NMFS, operators are required to submit an HMS tournament summary report within seven days after tournament fishing has ended. Most of the catch data in the summary report is routinely collected in the course of regular tournament operations. NMFS uses the data to estimate the total annual catch of HMS and the impact of tournament operations in relation to other types of fishing activities. In addition, HMS tournament registration provides a method for tournament operators to request educational and regulatory outreach materials from NMFS.

II. Method of Collection

Operators have the choice of registering and reporting online or by electronic or paper forms. Methods of submittal include online submission (registering/reporting), email of electronic forms, and mail and facsimile transmission of paper forms.

ACTION: Notice of revised schedule for scoping meetings.

SUMMARY: Due to Hurricane Florence, the schedule for a series of public scoping meetings to be held by the South Atlantic Fishery Management Council (Council) has been revised. The Council will hold a series of scoping meetings pertaining to Amendment 47 to the Snapper Grouper Fishery Management Plan of the South Atlantic Region addressing modifications to the South Atlantic Charter/Headboat for Snapper-Grouper permit.

DATES: The series of scoping meetings will be held from October 9 through November 8, 2018 according to the revised schedule. All meetings will begin at 6 p.m. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** for specific locations.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

SUPPLEMENTARY INFORMATION: The original notice published in the **Federal Register** on August 31, 2018 (83 FR 44575). This notice revises the dates and locations of the scoping meetings.

Public scoping comments are being solicited for measures proposed in draft Amendment 47 to the Snapper Grouper Fishery Management Plan of the South Atlantic Region addressing modifications to the federal South Atlantic Charter/Headboat for Snapper-Grouper permit (for-hire permit). Public scoping occurs early in the amendment development process and the Council is soliciting input on proposed options that include a moratorium on for-hire permits, options for the start date of a moratorium, exceptions for eligibility, transferability of for-hire permits, options to allow new entrants, establishing a for-hire permits pool, creating multiple for-hire permit types, and implementing a time limit or sunset provision for a moratorium on for-hire permits. Options are also being considered for modifying the current permit condition that specifies a harvest prohibition on snapper grouper species in state water when the species is closed to harvest in federal waters, issuing a for-hire permit for an individual rather than a vessel, and attaching a consistent identifying number to the federal for-hire permit in a similar manner as is applied to limited entry permits.

Council staff will provide an overview of options being considered for draft Snapper Grouper Amendment 47 and answer questions during each scoping meeting. Public comments will be accepted at each scoping meeting location on the specified date.
