

- The victim's injury or condition substantially worsens, resulting in loss that was not previously compensated.

- The victim has incurred additional economic losses due to an eligible injury or condition.

- The claimant has information in support of the claim that was not submitted to the VCF when the award was determined and that the claimant believes would affect the amount of the calculated loss.

- The claimant needs to add, change, or remove the Personal Representative or parent/guardian on an existing claim.

- The claim was denied or deemed inactive because the claimant did not respond to the VCF's request for missing information and the claimant is now ready to provide the requested documents.

- The claimant has received the initial award determination on the claim and is seeking reimbursement for out-of-pocket medical expenses that total more than \$2,000.

- The claimant previously submitted a claim for one or more components of economic loss and now wants to withdraw that portion of the claim.

The VCF allows a claimant to file an amendment at any time before or after receiving an initial award determination, including after any payment has been made on the claim, so long as the amendment is filed before December 18, 2020. Section 5 (pp. 73–74) of the VCF's Policies and Procedures explains the amendments policy in detail.

Topic 8 Questions

A. What factors should the VCF consider to limit the filing of amendments? For example, should the VCF impose a temporal limitation, such that the VCF will only consider information and/or claimed losses that were not known to the claimant, or did not exist, at the time the original claim was filed?

B. What additional suggestions do you have for possible changes to the amendments policy and process that address the goals of preserving funds and ensuring that funding is prioritized for those with the most debilitating eligible conditions?

Topic 9: Other Issues/Considerations

A. What additional suggestions do you have for changes to the VCF's policies and procedures that address the goals of preserving funds and ensuring that funding is prioritized for those with the most debilitating eligible conditions?

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data is provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Section 303(a)(4) of the Social Security Act (SSA) and Section 3304(a)(3) of the Federal Unemployment Tax Act (FUTA) require that all monies received in the unemployment fund of a state be paid immediately to the Secretary of the Treasury to the credit of the Unemployment Trust Fund (UTF). This is the "immediate deposit" standard.

Section 303(a)(5) of the SSA and Section 3304(a)(4) of the FUTA require that all monies withdrawn from the UTF be used solely for the payment of unemployment compensation, exclusive of the expenses of administration. This is the "limited withdrawal" standard.

Federal law (Section 303(a)(6) of the SSA) gives the Secretary of Labor the authority to require the reporting of information deemed necessary to assure state compliance with the provisions of the SSA. Under this authority, the Secretary of Labor requires the following reports to monitor state compliance with the immediate deposit and limited withdrawal standards:

ETA 8401: Monthly Analysis of Benefit Payment Account,

ETA 8405: Monthly Analysis of Clearing Account,

In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
