

Estimated Total Annual Cost to Public: \$129 in recordkeeping and reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 28, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG499

Endangered Species; File No. 22218

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the NMFS Northeast Fisheries Science Center, 166 Water Street, Woods Hole, MA 02543 [Responsible Party: Dr. Jon Hare], has applied in due form for a permit to take green (*Chelonia mydas*), Kemp's ridley (*Lepidochelys kempii*), leatherback (*Dermochelys coriacea*), loggerhead (*Caretta caretta*), and unidentified hardshell sea turtles for purposes of scientific research.

DATES: Written, telefaxed, or email comments must be received on or before November 8, 2018.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for

Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 22218 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Hapeman or Erin Markin, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant requests a 10-year permit to conduct research on sea turtles in the Northwest Atlantic Ocean in its coastal and estuarine environments from North Carolina to Maine and international waters. The objectives of the research are to (1) identify sea turtle stocks and breeding population origins for juvenile through adult life stages, (2) improve knowledge of sea turtle life history, vital rates, and sex ratios, (3) identify important marine habitats, (4) estimate sea turtle distribution and abundance, (5) assess anthropogenic impacts to sea turtles, and (6) provide data to assist in agency mitigation and monitoring efforts. Researchers request 100 takes of each species and 75 unidentified sea turtles annually for harassment during aerial (manned and unmanned) and vessel surveys for sighting, counting, and monitoring animals and methods that do not result in capture—remote scanning for PIT tags, remote suction cup tagging, observation, photography, photogrammetry, and tracking. Researchers request to capture (by hand, dip net, cast net, encirclement net, hoop net or seine) or obtain from other legal

sources up to 74 green, 90 Kemp's ridley, 72 leatherback, one unidentified, and 115 loggerhead sea turtles annually for study; each animal may be recaptured two times a year for monitoring and removing gear. These animals may be observed via manned and unmanned aircraft prior to capture, and examined, measured, marked, biologically sampled, and have up to two transmitters attached prior to release. Animals may be temporarily observed via a remotely operated vehicle underwater after release. Sea turtle parts, tissues and carcasses from 500 animals annually may be received, imported or exported for study.

Dated: October 3, 2018.

Julia Marie Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Announcement for the Upcoming Small Business Innovation Research Program (SBIR) Notice of Funding Opportunity and Procurement Award Changes for Fiscal Year 2019 and Beyond

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Office of Oceanic and Atmospheric Research (OAR), Technology Partnerships Office (TPO), Department of Commerce (DOC).

ACTION: Notice of awards process change and announcement of upcoming Small Business Innovation Research grants opportunity for FY 2019.

The U.S. Department of Commerce, National Oceanic and Atmospheric Administration (NOAA) will be processing all Small Business Innovation Research Program (SBIR) awards as grants beginning in FY 2019. Our goals are:

1. To transition the SBIR award process from acquisition (Contracts) to financial assistance (Grants), in order to:
 - a. Expand the scope of SBIR research projects, allowing more creativity on the part of interested small businesses and generating interest beyond "veteran" SBIR participants; and
 - b. Streamlining the award and funds distribution processes, refining NOAA's internal operations and facilitating prompt and seamless payments for participating small businesses.
