**SUPPLEMENTARY INFORMATION:**

PHMSA received a special permit request from Hilcorp Alaska, LLC (Hilcorp) to deviate from the Federal Pipeline Safety Regulations (PSRs) in 49 CFR 195.563 and 195.573 for the design, construction, and operation and maintenance (O&M) of the proposed Liberty Pipeline. The PSRs require hazardous liquid (HL) pipeline operators to have cathodic protection to prevent external corrosion and to monitor the level of external corrosion control to ensure adequate protection from pipeline metal loss. Whereas Hilcorp is seeking a waiver from §§ 195.563 and 195.573, PHMSA proposes that Hilcorp conduct alternative integrity measures to maintain safety through the implementation of proposed special permit conditions.

The proposed Liberty Pipeline will originate on Liberty Drilling and Production Island (LDPI), an artificial island located in Foggy Island Bay of the Beaufort Sea Outer Continental Shelf and State of Alaska waters. The Liberty Pipeline consists of 7.2 miles of 12.75-inch diameter HL interstate pipeline (carrier pipeline) and will transport crude oil. The submerged portion of the Liberty Pipeline will utilize a pipe-in-pipe design (12.75-inch diameter carrier pipe installed within 16-inch casing pipe). The maximum water depth along the route is 19 feet at LDPI. The special permit request is for approximately 5.7 miles of the carrier pipeline located offshore in the Beaufort Sea.

The 5.7 miles of offshore carrier pipe will be installed in 16-inch casing pipe (pipe-in-pipe) to protect against crude oil spills from any leaks or other failures of the carrier pipeline. The pipe-in-pipe will be designed and constructed and O&M procedures will be implemented to prevent, monitor, and mitigate the creation of a corrosive environment and stresses that might occur through the

operational life of the Liberty Pipeline. The pipe-in-pipe will be designed and operated as secondary containment against carrier pipeline crude oil in the segment located in offshore waters. The purpose of the special permit, with its implemented conditions, is to assure safety and environmental protection in lieu of compliance with §§ 195.563 and 195.573.

The maximum operating pressure of the carrier pipeline will be 1,480 pounds per square inch gauge (psig). The Liberty Pipeline will transport crude oil to and through the Badami and Endicott Pipelines and then to the Trans Alaska Pipeline System (TAPS). The TAPS will transport the Liberty Pipeline crude oil to a terminal in Valdez, Alaska, where tankers will then transport crude oil to the West Coast. The Liberty Pipeline will be installed in a remote area of Alaska that is not populated, in an area where federally listed threatened and/or endangered species exist and that is identified as an unusually sensitive area. Pipelines in such areas must be operated in compliance with the pipeline integrity management provisions as specified in 49 CFR 195.6, 195.450, and 195.452.

The proposed special permit and Draft Environmental Assessment (DEA) for the Liberty Pipeline are available in Docket No. PHMSA-2017-0091 at <http://www.Regulations.gov> for public review and comment. We invite interested persons to review and submit comments on the special permit request, DEA, and other background materials in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny a request.

Issued in Washington, DC, on October 9, 2018, under authority delegated in 49 CFR 1.97.

**SUPPLEMENTARY INFORMATION:**

**Electronic Availability**

The list of Specially Designated Nationals and Blocked Persons (SDN List) and additional information concerning OFAC sanctions programs are available on OFAC's website (<http://www.treasury.gov/ofac>).

*Background:* Section 231 of the Countering America's Adversaries Through Sanctions Act requires the Secretary of State, pursuant to authority delegated by the President, to impose or waive sanctions on persons he determines have knowingly engaged in a significant transaction with a person that is part of, or operates for or on behalf of, the defense or intelligence sectors of the Government of the Russian Federation. Pursuant to Executive Order 13849 of September 20, 2018, "Authorizing the Implementation of Certain Sanctions Set Forth in the Countering America's Adversaries Through Sanctions Act" (the "Order"), the Secretary of the Treasury is responsible for implementing certain of the sanctions imposed set forth in Section 235 of CAATSA when those sanctions are selected for imposition by the President, Secretary of State, or the Secretary of the Treasury. The Secretary of the Treasury is responsible for

implementing the following sanctions under CAATSA: (i) Prohibiting any United States financial institution from making loans or providing credits to the sanctioned person totaling more than \$10,000,000 in any 12-month period, unless the person is engaged in activities to relieve human suffering and the loans or credits are provided for such activities; (ii) prohibiting any transactions in foreign exchange that are subject to the jurisdiction of the United States and in which the sanctioned person has any interest; (iii) prohibiting any transfers of credit or payments between financial institutions, or by, through, or to any financial institution, to the extent that such transfers or payments are subject to the jurisdiction

of the United States and involve any interest of the sanctioned person; (iv) blocking all property and interests in property of the sanctioned person that are in the United States, that hereafter come within the United States, or that are or hereafter come within the possession or control of any United States person, and providing that such property and interests in property may not be transferred, paid, exported, withdrawn, or otherwise dealt in; (v) prohibiting any United States person from investing in or purchasing significant amounts of equity or debt instruments of the sanctioned person; or (vi) imposing on the principal executive officer or officers of the sanctioned person, or on persons performing

similar functions and with similar authorities as such officer or officers, the sanctions described in (i)–(v).

The Secretary of State has imposed CAATSA sanctions on two persons. This action, published today in the **Federal Register** by the Department of State, provides the names of the persons subject to sanctions, as well as a complete list of the sanctions imposed on each person. Accordingly, the Director of OFAC, acting pursuant to delegated authority, has taken the actions described below to implement those sanctions set forth in Section 235 of CAATSA and the Order with respect to the persons listed below.
