

Campaign form letters. Please submit campaign form letters by the originating organization in batches of between 50 to 500 form letters per PDF or as one form letter with a list of supporters' names compiled into one or more PDFs. This reduces comment processing and posting time.

Confidential Business Information. According to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery two well-marked copies: One copy of the document marked confidential including all the information believed to be confidential, and one copy of the document marked "non-confidential" with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

Factors of interest to DOE when evaluating requests to treat submitted information as confidential include (1) a description of the items, (2) whether and why such items are customarily treated as confidential within the industry, (3) whether the information is generally known by or available from other sources, (4) whether the information has previously been made available to others without obligation concerning its confidentiality, (5) an explanation of the competitive injury to the submitting person which would result from public disclosure, (6) when such information might lose its confidential character due to the passage of time, and (7) why disclosure of the information would be contrary to the public interest.

It is DOE's policy that all comments may be included in the public docket, without change and as received, including any personal information provided in the comments (except information deemed to be exempt from public disclosure).

Signed in Washington, DC, on October 9, 2018.

RE: Application for Small Business Exemption for Rough Service Bulbs
10 CFR430.32 (bb)
1) Applicant name is Aero-Tech Light Bulb Co., 534 Pratt Avenue, Schaumburg, IL 60193
2) We are applying for exemption of 10 CFR430.32 (bb)

3) Ray and Kathy Schlosser started Aero-Tech Light Bulb Co. in 1987 as a specialty 20,000 hour Rough Service Bulb Co. . After Osram Sylvania sold their Co to the Chinese in 2016, the Chinese did not wish to supply raw materials to my small factory in South Carolina; therefore I had to start importing Rough Service Light Bulbs from China. As of today my rough service light bulbs come from Everlite (H.K.) Ltd. In China, they are my Supplier.

4) Due to the ban on rough service light bulbs until January of 2020 that the Department of Energy was enforcing, I put together a business plan to implement my new LED bulb line with the time frame of getting my LED bulbs off and running by January of 2020 where it could replace the incandescent sales. Therefore we are asking for an exemption until January 25, 2020

because without it we won't be in business and we will have to close our doors. If we don't continue to sell it will reduce the competition and eliminate ourselves as a player as we are a competitor of a number of Lighting Companies.

5) Our 2016 and 2017 tax return is attached for your review

6) Failure to grant this exemption would mean that our sales would decrease further. We need our Incandescent line to continue to maintain our Revenues in addition to the LED line of products. Without these bulbs we will lose a good portion of our customer base. We would lose 70% of our business.

If you require any additional information, please feel free to contact me at the below email address or call me direct at 847-352-4900, press 0 to Page Ray. We urgently await your reply we are out of stock on a number of key items that we need to reorder.

Sincerely,
Ray M. Schlosser,
President.
