From this inventory, the most serious

Reduction Act of 1995, we provide the  
general public and other Federal  
agencies with an opportunity to  
comment on new, proposed, revised,  
and continuing collections of  
information. This helps us assess the  
impact of our information collection  
requirements and minimize the public's  
reporting burden. It also helps the

public understand our information  
collection requirements and provides  
the requested data in the desired format.

A **Federal Register** notice with a 60-  
day public comment period soliciting  
comments on this collection of  
information was published on July 12,  
2018 (83 FR 32327). No comments were  
received.

We are again soliciting comments on  
the proposed ICR that is described  
below. We are especially interested in  
public comment addressing the  
following issues: (1) Is the collection  
necessary to the proper functions of  
OSMRE; (2) is the estimate of burden  
accurate; (3) how might OSMRE  
enhance the quality, utility, and clarity  
of the information to be collected; and  
(4) how might OSMRE minimize the  
burden of this collection on the  
respondents, including through the use  
of information technology.
