SUPPLEMENTARY INFORMATION:

A. Purpose

This information collection requirement, OMB Control No. 9000-0079, currently titled "Corporate Aircraft Costs," is proposed to be retitled "Travel Costs," due to consolidation with currently approved information collection requirement OMB Control No. 9000-0088, Travel Costs.

This information collection requirement pertains to information that a contractor must submit in response to the requirements in FAR 31.205-46:

1. FAR 31.205-46(a)(3)—In special or unusual situations, costs incurred by a contractor for lodging, meals, and incidental expenses, may exceed on a daily basis the per diem rates in effect as set forth in the Federal Travel Regulation (FTR) for travel in the conterminous 48 United States. The actual costs may be allowed only if the contractor provides the following:

a. FAR 31.205-46(a)(3)(ii)—A written justification for use of the higher amounts approved by an officer of the contractor's organization or designee to ensure that the authority is properly administered and controlled to prevent abuse.

b. FAR 31.205-46(a)(3)(iii)—Advance approval from the contracting officer if it becomes necessary to exercise the authority to use the higher actual expense method repetitively or on a continuing basis in a particular area.

c. FAR 31.205-46(a)(3)(iv)—Documentation to support actual costs incurred including a receipt for each expenditure of \$75.00 or more.

2. FAR 31.205-46(c) requires firms to maintain and make available manifest/logs for all flights on company aircraft. As a minimum, the manifest/log must indicate:

a. Date, time, and points of departure;

b. Destination, date, and time of arrival;

c. Name of each passenger and relationship to the contractor;

d. Authorization for trip; and

e. Purpose of trip.

The information required by (a) and (b) and the name of each passenger (required by (c)) are recordkeeping requirements already established by Federal Aviation Administration regulations. This information, plus the additional required information, is needed to ensure that costs of owned, chartered, or leased aircraft are properly charged against Government contracts and that directly associated costs of unallowable activities are not charged to Government contracts.
