

of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

OMB Control Number 1652-0035; Enhanced Security Procedures at Ronald Reagan Washington National Airport (DCA). Each person who wishes to operate an aircraft into and out of DCA must designate a security coordinator and adopt the DASSP. See 49 CFR 1562.21 and 1562.23. Once aircraft operators have adopted the DASSP, the operators must request a tentative slot reservation from the Federal Aviation Administration (FAA) and request authorization from TSA to fly into or out of DCA. This information is collected under OMB control number 1652-0033 TSA Airspace Waiver Program. If TSA approves the flight, TSA will transmit that information to FAA.

Applicant Collection for DCA Access Standard Security Program

The DASSP application collects basic information about the applicant, the aircraft operator, and the security coordinator that the operator wishes to designate, as well as the identifier of the airport used as a base of operation and whether the operator presently complies with a TSA Standard Security Program.

TSA also requires the following individuals to submit fingerprints for a criminal history records check (CHRC) and other identifying information for a name-based security threat assessment: Individuals designated as security coordinators by Fixed Base Operators (FBOs) under 49 CFR 1562.25¹ and GA aircraft operators under 1562.23; flight crewmembers who operate GA aircraft

into and out of DCA in accordance with 49 CFR 1562.23 and DASSP; and ASOs approved in accordance with 49 CFR part 1562.29. For flight crewmembers, TSA also uses this information to check their FAA records to determine whether they have a record of violation of specified FAA regulations. As part of the threat assessment process, TSA shares the information with the Federal Bureau of Investigation (FBI) and the FAA.

Aircraft operators must also maintain CHRC records of all employees and authorized representatives for whom a CHRC has been completed. These records must be made available to TSA upon request.

Applicant Collection for the Armed Security Officer Program

Under the Armed Security Officers Program, established by 49 CFR 1562.29, aircraft operators and FBOs participating in this program can nominate the individuals they would like to be qualified as ASOs by submitting an ASO nomination form to TSA. Once nominated, the ASOs are required to submit fingerprints and identifying information, personal history information, a photograph, and weapon information before an ASO application can be approved. TSA uses the applicants' information to conduct a complete application vetting to include fingerprint-based CHRC and security threat assessment, including employment history verification check of all prior law enforcement positions. Upon successful completion of these checks and law enforcement employment history review, TSA makes the final determination of ASO applicant eligibility. All qualified applicants must then successfully complete a TSA-approved training course.

TSA estimates a total of 76 respondents annually for DASSP applications, with an annual hour burden estimate of 76. TSA adjusted the 2016 ICR submission respondent numbers to reflect a burden based on aircraft operators only. In addition, TSA estimates 84 respondents annually for ASO nominations, with an annual hour burden of 98. The total number of respondents is estimated to be 160, the annual burden hours is estimated to be 174 hours per year.

Transportation Security Administration

[Docket No. TSA-2004-19147]

Extension of Agency Information Collection Activity Under OMB Review: Flight Training for Aliens and Other Designated Individuals; Security Awareness Training for Flight School Employees

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0021, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the submission of identifying information for background checks for all aliens and other designated individuals seeking flight instruction ("candidates") from Federal Aviation Administration (FAA)-certificated flight training providers. Through the information collection, TSA will determine whether a candidate is a threat to aviation or national security, and thus prohibited from receiving flight training. Additionally, flight training providers are required to conduct a security awareness program for their employees and contract employees and to maintain records associated with this training.

DATES: Send your comments by November 30, 2018. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-2062; email TSAPRA@tsa.dhs.gov.

SUPPLEMENTARY INFORMATION: TSA published a Federal Register notice,

¹ An FBO is an airport-based commercial enterprise that provides support services to aircraft operators, such as maintenance, overnight parking, fueling and de-icing.

with a 60-day comment period soliciting comments, of the following collection of information on July 6, 2018, 83 FR 31561.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

Title: Flight Training for Aliens and Other Designated Individuals; Security Awareness Training for Flight School Employees.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0021.

Forms(s): N/A.

Affected Public: Aliens and other designated individuals seeking flight instruction from FAA-certificated flight training providers; flight training providers required to conduct security awareness training and their employees.

Abstract: This information collection relates to regulations issued by TSA for flight schools. The collection, under 49 CFR part 1552, subpart A, relates to the security threat assessments (STAs) that TSA requires to determine whether candidates are a threat to aviation or national security, and thus prohibited

from receiving flight training. This collection of information requires FAA-certificated flight training providers to provide TSA with the information necessary to conduct the STAs. The collection, under 49 CFR part 1552, subpart B, relates to security awareness training for flight school employees and contract employees, which includes maintaining records of all such training.

Number of Respondents: 53,900.

Estimated Annual Burden Hours: An estimated 50,667 hours annually.

Estimated Annual Cost Burden: \$14,189,000.

Dated: October 25, 2018.
