

and CSPN no longer recommends that a 529 savings plan include three-year performance information.³³ Commenters suggested that the MSRB harmonize Form G-45 with the disclosure principles,³⁴ and that continuing to provide this information to the MSRB would not be helpful to investors and would be burdensome to produce.³⁵ In addition, three-year performance information is not required by the SEC for mutual funds.

The MBRB agrees with commenters' suggestion, and the proposed rule change would delete this requirement. Form G-45, even without the three-year performance data, would continue to provide the MSRB with sufficient performance information to assist the MSRB with its analysis of the 529 savings plan and ABLE program industries. Further, the suggestion would result in cost savings for those industries.

iv. Economic Analysis

Commenters confirmed that there is limited burden associated with providing investment option closing date information to the MSRB. As to the program management fee, commenters generally agree that it would be less burdensome to report than the benchmark performance and investment return data elements. While the MSRB agrees with ICI and other commenters³⁶ that expenses may be incurred by underwriters to redesign the current reporting system to report the program management fee separately, the MSRB believes the incurred expenses would likely be one-time only and should not be too burdensome for the industry. In addition, the percentage of the program management fee itself is already disclosed to the SEC, as the underlying mutual fund in which an investment option invests is required to disclose the percentage of the program management fee in the disclosure documents that it submits to the SEC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period of up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which

the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84498; File No. SR-ICEEU-2018-014]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amendments to the Recovery Plan and Wind-Down Plan

October 29, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, as amended ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 16, 2018, ICE Clear Europe Limited ("ICE Clear Europe" or the "Clearing House") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes described in Items I and II below, which Items have been prepared primarily by ICE Clear Europe. ICE Clear Europe filed the proposed rule change pursuant to Section 19(b)(3)(A)³ of the Act and Rule 19b-4(f)(6) thereunder,⁴ so that the proposal was immediately effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

ICE Clear Europe proposes to make certain updates to its Recovery Plan and Wind-Down Plan. The revisions do not involve any changes to the ICE Clear Europe Clearing Rules or Procedures.⁵

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICE Clear Europe is proposing to make certain updates and amendments to its Recovery Plan and Wind-Down Plan. The amendments principally reflect certain changes in the Clearing House's treasury arrangements and related service providers, such as custody banks, investment agents and settlement banks, that are described in the current Recovery Plan and Wind-Down Plan.

Recovery Plan

Specifically, the discussion of Treasury Services in the Recovery Plan has been revised to reflect that ICE Clear Europe has appointed a number of concentration banks, custodians and APS banks to support the treasury function, and to reflect that the current list of such persons from time to time is made available on the Clearing House website. The amendments accordingly remove from the Recovery Plan certain references to specific banks.

Similarly, lists of key service providers have been updated to refer to the general categories of investment agents, custodians, custody agents, APS banks and central banks, to avoid the need to mention specific institutions in these categories and accordingly facilitate keeping the plan up to date. Corresponding changes have been made in appendices to the Recovery Plan to update references to various institutions that provide treasury services to ICE Clear Europe, including an additional investment agent. In ICE Clear Europe's view, the amendments will facilitate use by the Clearing House of additional service providers, consistent with other ICE Clear Europe policies and procedures, which will help the Clearing House appropriately manage credit, operational and other risks from treasury operations.

Wind-Down Plan

Similar updates are proposed to be made to the Wind-Down Plan. The discussion concerning termination of various service agreements during wind-down has been revised to refer more generally to the appointed investment

agents, custodians, custody agents and settlement banks that may be used by the Clearing House at the time (rather than referring to specific institutions). The revisions also refer to the termination provisions (including notice requirements) of the particular agreements between ICE Clear Europe and those institutions. These amendments will facilitate keeping the Wind-Down Plan up to date as treasury service providers change from time to time. The amendments also add references to the Dutch National Bank as an additional central bank used as a concentration bank.

(b) Statutory Basis

ICEU believes that the proposed amendments are consistent with the requirements of Section 17A of the Act⁶ and the regulations thereunder applicable to it, including the standards under Rule 17Ad-22.7 Section 17A(b)(3)(F) of the Act⁸ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. In addition, Rule 17Ad-22(e)(3)(ii)⁹ requires that each covered clearing agency shall establish, implement, maintain and enforce written policies and procedures reasonably designed to, as applicable, maintain a sound risk management framework for comprehensively managing legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by the covered clearing agency, which includes plans for the recovery and orderly wind-down of the covered clearing agency necessitated by credit losses, liquidity shortfalls, losses from general business risk, or any other losses.

The amendments to the Recovery Plan and Wind-Down Plan are designed to update certain provisions relating to treasury arrangements of the Clearing House, principally to address changes in treasury service providers (such as custody banks, settlement banks and investment agents) currently referred to in the plans. The changes will also facilitate keeping the Recovery and Wind-Down Plan up to date as certain

treasury service providers change from time to time, and facilitate use by the Clearing House of additional service providers to manage risks from treasury operations. The amendments do not otherwise affect the substantive provisions and procedures detailed in the Recovery Plan or the Wind-Down Plan for addressing recovery or wind-down as a result of credit losses, liquidity shortfalls, losses from general business risk or other losses, including the triggers for invoking recovery or wind-down procedures. The amendments also do not affect the recovery and wind-down tools and options available to the Clearing House to address severe loss events, or the planned sequence or scope of recovery or wind-down actions that ICE Clear Europe may take in a loss scenario. As a result, in ICE Clear Europe's view, the amended Recovery Plan and Wind-Down Plan will continue to satisfy the requirements of Section 17A(b)(3)(F) of the Act¹⁰ and Rule 17Ad-22(e)(3)(ii).¹¹ In addition, ICE Clear Europe does not believe the amendments will affect the costs of recovery or wind-down, and therefore is of the view that its equity capital remains sufficient to satisfy the requirements of Rule 17Ad-22(e)(15) under the revised plans.¹²

(B) Clearing Agency's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The amendments update certain provisions relating to service providers for Clearing House treasury operations, and do not otherwise change the substantive provisions of the Recovery Plan or the Wind-Down Plan. The amendments do not change the rights or obligations of

¹⁰ 15 U.S.C. 78q-1(b)(3)(F).

¹¹ 17 CFR 270.17Ad-22(e)(3)(ii).

¹² 17 CFR 270.17Ad-22(e)(15). Rule 17Ad-22(e)(15) requires the covered clearing agency to hold sufficient liquid net assets funded by equity to cover potential general business losses so that the covered clearing agency can continue operations and services as a going concern if those losses materialize, including by (i) determining the amount of liquid net assets funded by equity based upon its general business risk profile and the length of time required to achieve a recovery or orderly wind-down, as appropriate, of its critical operations and services if such action is taken, and (ii) holding liquid net assets funded by equity equal to the greater of either (x) six months of the covered clearing agency's current operating expenses, or (y) the amount determined by the board of directors to be sufficient to ensure a recovery or orderly wind-down of critical operations and services of the covered clearing agency, as contemplated by the recovery and wind-down plans established under Rule 17Ad-22(e)(3)(ii).

the Clearing House or Clearing Members under the Rules and Procedures. As a result, ICE Clear Europe does not believe the amendments will impact competition among Clearing Members or other market participants, affect the cost of clearing or affect the ability of market participants to access clearing generally.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) impose any significant burden on competition; and
- (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Form N-Q

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Form N-Q (17 CFR 249.332 and 274.130) is a reporting form used by registered management investment companies, other than small business investment companies registered on Form N-5 ("funds"), under Section 30(b) of the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") and Sections 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). Pursuant to Rule 30b1-5 under the Investment Company Act (17 CFR 270.30b1-5), funds are required to file quarterly reports with the Commission on Form N-Q not more than 60 days after the close of the first and third quarters of each fiscal year containing their complete portfolio holdings. Additionally, fund management is required to evaluate the effectiveness of the fund's disclosure controls and procedures within the 90-day period prior to the filing of a report on Form N-Q, and such report must also be signed and certified by the fund's principal executive and financial officers.

We estimate that there are 11,960 funds required to file reports on Form N-Q. Based on staff experience and conversations with industry representatives, we estimate that it takes approximately 26 hours per fund to prepare reports on Form N-Q annually. Accordingly, we estimate that the total annual burden associated with Form N-Q is 310,960 hours (26 hours per fund × 11,960 funds) per year.

The estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. ICE Clear Europe has satisfied this requirement.
