Foreign-Trade Zone (FTZ) 23—Buffalo, New York; Notification of Proposed Production Activity; Panasonic Eco Solutions Solar New York America, Subzone 23E, (Crystalline Silicon Photovoltaic Cells), Buffalo, New York

Panasonic Eco Solutions Solar New York America (PESSNY) submitted a notification of proposed production activity to the FTZ Board for its facility in Buffalo, New York. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 24, 2018.

PESSNY already has authority to produce crystalline silicon photovoltaic (CSPV) solar panels/modules within Subzone 23E. The current request would add a finished product (CSPV cells) to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific finished product described in the submitted notification and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt PESSNY from customs duty payments on the foreign-status materials/components in the existing scope of authority used in export production of CSPV cells. On its domestic sales, for the foreign-status materials/components (primarily silicon wafers and silver paste) in the existing scope of authority (duty rates range between duty-free and 5.8%), PESSNY would be able to choose the duty rate during customs entry procedures that applies to CSPV cells (duty free). PESSNY would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment. The request indicates that certain materials/components in the existing scope of authority are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301),

depending on the country of origin. The applicable Section 301 decision(s) requires subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 12, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

SUPPLEMENTARY INFORMATION:

Background

On April 16, 2018, Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on uncovered innerspring units from the People's Republic of China.¹ Commerce initiated a review with respect to two companies: Comfort Coil Technology Sdn. Bhd. (Comfort Coil) and Foshan Nanhai Jolyspring (Foshan Nanhai).² On May 11, 2018, Commerce issued its questionnaire to Comfort Coil and Foshan Nanhai.³ The questionnaire for Comfort Coil was undeliverable,⁴ and based on an alternate address provided by the petitioner,⁵ on July 5, 2018, we resent the questionnaire to Comfort Coil.⁶ We confirmed delivery of the questionnaires to both respondents.⁷

On July 11, 2018, Comfort Coil stated it had "no sales, exports, or entries of subject merchandise during the period of review."⁸ On July 30, 2018, Commerce issued a no shipment inquiry to U.S. Customs and Border Protection (CBP) with respect to Comfort Coil, and CBP reported no entries for the company during the POR.⁹ Foshan Nanhai never responded to the questionnaire, nor did it contact Commerce to state that it was unable to respond or to request an extension of time to do so.

The product is currently classified under subheading 9404.29.9010 and has also been classified under subheadings 9404.10.0000, 9404.29.9005, 9404.29.9011, 7326.20.0070, 7326.20.0090, 7320.20.5010, 7320.90.5010, or 7326.20.0071 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope of the order is dispositive.¹⁰

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our conclusions, please see the Preliminary Decision Memo. The Preliminary Decision Memo is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Preliminary Determination of No Shipments

On July 11, 2018, Comfort Coil filed a no shipment certification, indicating that it did not export subject merchandise to the United States during the POR. During the course of this review, Commerce examined this no shipments claim and provides its analysis in the Preliminary Decision
