

II. Information About the Project

Two sections of the Clean Air Act (CAA or the Act) govern the establishment and revision of the NAAQS. Section 108 directs the Administrator to identify and list certain air pollutants and then issue “air quality criteria” for those pollutants. The air quality criteria are to “accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on public health or welfare which may be expected from the presence of such pollutant in the ambient air . . .” (CAA section 108(a)(2)). Under section 109 of the Act, the EPA is then to establish primary (health-based) and secondary (welfare-based) NAAQS for each pollutant for which the EPA has issued air quality criteria. Section 109(d)(1) of the Act requires periodic review and, if appropriate, revision of existing air quality criteria. Revised air quality criteria are to reflect advances in scientific knowledge on the effects of the pollutant on public health and welfare. Under the same provision, the EPA is also to periodically review and, if appropriate, revise the NAAQS, based on the revised air quality criteria.

The Act additionally requires appointment of an independent scientific review committee that is to periodically review the existing air quality criteria and NAAQS and to recommend any new standards and revisions of existing criteria and standards as may be appropriate (CAA section 109(d)(2)(A)–(B)). Since the early 1980s, the requirement for an independent scientific review committee has been fulfilled by the Clean Air Scientific Advisory Committee (CASAC).

Presently the EPA is reviewing the air quality criteria and NAAQS for photochemical oxidants and O₃.¹ The draft document announced in this notice is being developed as part of the planning phase for the review. The draft IRP has been prepared jointly by the EPA’s National Center for Environmental Assessment, within the Office of Research and Development, and the Office of Air Quality Planning and Standards, within the Office of Air and Radiation. This document will be available on the EPA’s website at <https://www.epa.gov/naaqs/ozone-o3-air-quality-standards>. The document will be accessible under “Planning Documents” from the current review.

The draft IRP is being made available for consultation with CASAC and for public comment. Comments should be

submitted to the docket, as described above, by December 3, 2018. A separate **Federal Register** notice will provide details about this meeting and the process for participation. The final IRP will be prepared in consideration of CASAC and public comments. The draft document announced in this notice presents the draft plan for this review, including the anticipated timeline for the review, the expected process for conducting the review, and the key policy-relevant science issues that are expected to guide the review. This draft document does not represent and should not be construed to represent any final EPA policy, viewpoint, or determination.

Dated: October 29, 2018.

Panagiotis Tsirigotis,
Director, Office of Air Quality Planning and Standards.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2018–0517; FRL–9985–44]

FIFRA Scientific Advisory Panel; Notice of Public Virtual Meeting; Request for Comments on Prospective Ad hoc Candidates

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: There will be a 2-hour preparatory virtual meeting of the Federal Insecticide, Fungicide, and Rodenticide Act Scientific Advisory Panel (FIFRA SAP) on November 14, 2018, to consider and review the scope and clarity of the draft charge questions for the December 4–7, 2018 FIFRA SAP Meeting on the Evaluation of a Proposed Approach to Refine Inhalation Risk Assessment for Point of Contact Toxicity: A Case Study Using a New Approach Methodology (NAM). In addition, EPA is announcing and inviting comments on the experts currently under consideration as ad hoc participants in this review.

DATES: The preparatory virtual meeting will be held on November 14, 2018, from approximately 2 p.m. to 4 p.m. (EST). This is an open public meeting that will be conducted via webcast using Adobe Connect and telephone. Registration is required to participate during this meeting. Please visit: <http://www.epa.gov/sap> to register.

Comments. Requests to make oral comments during the preparatory

¹ The EPA’s call for information for this review was issued on June 26, 2018 (83 FR 29785).

virtual meeting should be submitted on or before November 9, 2018 by contacting the Designated Federal Official (DFO) listed under **FOR FURTHER INFORMATION CONTACT**. Written comments on the experts currently under consideration as ad hoc participants in this review should be submitted to the public docket (docket identification (ID) number EPA-HQ-OPP-2018-0517) on or before November 9, 2018. For additional instructions, see Unit I.C. of this document.

Webcast. The preparatory virtual meeting will be conducted by webcast and telephone only. Please refer to the FIFRA SAP website at <http://www.epa.gov/sap> for information on how to register and access the webcast.

Special accommodations. For information on access or services for individuals with disabilities, and to request accommodation of a disability, please contact the DFO listed under **FOR FURTHER INFORMATION CONTACT** at least 10 days prior to the meeting to allow EPA time to process your request.

Comments. Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2018-0517, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Dr. Shaunta Hill-Hammond, Designated Federal Official, Office of Science Coordination and Policy (7201M), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-3343; email address: hill-hammond.shaunta@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general. This action may be of

interest to persons who are or may be required to conduct testing of chemical substances under the Federal Food, Drug, and Cosmetic Act (FFDCA) and FIFRA. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit CBI information to EPA through [regulations.gov](http://www.regulations.gov) or email. If your comments contain any information that you consider to be CBI or otherwise protected, please contact the DFO listed under **FOR FURTHER INFORMATION CONTACT** to obtain special instructions before submitting your comments.

2. **Tips for preparing your comments.** When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

C. How may I participate in this meeting?

You may participate in this meeting by following the instructions in this unit. To ensure proper receipt by EPA, it is imperative that you identify docket ID number EPA-HQ-OPP-2018-0517 in the subject line on the first page of your request.

1. **Written comments.** Written comments on the experts currently under consideration as ad hoc participants in this review should be submitted, using the instructions in **FOR FURTHER INFORMATION CONTACT**, on or before November 9, 2018.

2. **Oral comments.** Registration is required to participate in the preparatory virtual meeting. Please visit: <http://www.epa.gov/sap> to register. Each individual or group wishing to make brief oral comments to FIFRA SAP during the virtual meeting should submit their request by registering with the DFO listed under **FOR FURTHER INFORMATION CONTACT** on or before noon November 9, 2018. Oral comments before FIFRA SAP are limited to approximately 5 minutes due to the time constraints of this virtual meeting.

II. Background

A. Purpose of FIFRA SAP Preparatory Virtual Meeting

During the preparatory virtual meeting scheduled for November 14, 2018, the FIFRA SAP will review and consider the draft Charge Questions for the Panel's December 4–7, 2018 Meeting on Evaluation of a Proposed Approach to Refine Inhalation Risk Assessment for

Point of Contact Toxicity: A Case Study Using a NAM. The SAP will receive a short background briefing including the EPA's history and current position on the methodology being considered. In addition, the panel members will have the opportunity to comment on the scope and clarity of the draft charge questions. Subsequent to this virtual meeting, final charge questions will be provided for the FIFRA SAP's deliberation on the methodology and supplemental information during the in-person meeting to be held December 4–7, 2018.

B. FIFRA SAP Background

FIFRA SAP serves as a primary scientific peer review mechanism of EPA's Office of Chemical Safety and Pollution Prevention (OCSPP) and is structured to provide scientific advice, information and recommendations to the EPA Administrator on pesticides and pesticide-related issues as to the impact of regulatory actions on health and the environment. FIFRA SAP is a Federal advisory committee established in 1975 under FIFRA that operates in accordance with requirements of the Federal Advisory Committee Act (5 U.S.C. Appendix). FIFRA SAP is composed of a permanent panel consisting of seven members who are appointed by the EPA Administrator from nominees provided by the National Institutes of Health and the National Science Foundation. The FIFRA SAP is assisted in their reviews by ad hoc participation from the Science Review Board (SRB). As a scientific peer review mechanism, FIFRA SAP provides comments, evaluations, and recommendations to improve the effectiveness and quality of analyses made by Agency scientists. The FIFRA SAP is not required to reach consensus in its recommendations to the Agency.

C. FIFRA SAP Documents and Meeting Minutes

EPA's background paper, charge/questions to FIFRA SAP, and related supporting materials were made available on September 7, 2018. You may obtain electronic copies of most meeting documents, including the list of experts currently under consideration as ad hoc participants in this review, at <http://www.regulations.gov> and the FIFRA SAP website at <http://www.epa.gov/sap>.

Authority: 7 U.S.C. 136 *et. seq.*; 21 U.S.C. 301 *et seq.*

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-XXXX]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications
Commission.

ACTION: Notice and request for
comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before January 2, 2019. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-XXXX.

Title: Broadcast Incubator Program.

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit entities; not-for-profit institutions; Tribal Governments.

Number of Respondents: 20 respondents; 123 responses.

Estimated Time per Response: 4 to 16 hours.

Frequency of Response: On occasion reporting requirement; annual reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152(a), 154(i), 257, 303, 307-310, and 403.

Total Annual Burden: 1,179 hours.

Total Annual Cost: \$326,700.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The need for confidentiality for this collection of information is not anticipated; however, when submitting an incubation proposal (including the underlying contract and certified statements), applicants may, upon request, redact confidential or proprietary terms.

Needs and Uses: On August 3, 2018, the Commission released a Report and Order (Order), *Rules and Policies to Promote New Entry and Ownership Diversity in the Broadcasting Services*, FCC 18-114, in MB Docket No. 17-289, establishing the requirements that will govern the incubator program that the Commission previously decided to adopt to support the entry of new and diverse voices into the radio broadcast industry. The Commission recognized the need for more innovative approaches to encourage access to capital, as well as technical, operational, and management training for use by new entrants and small businesses, that without assistance, would not be able to own broadcast stations. The incubator program is designed for small businesses, struggling station owners, and new entrants that do not have any other means to access the financial assistance and operational support necessary for success in the broadcast industry. The goal is the pairing of these small aspiring, or struggling, broadcast station owners with established broadcasters. These incubation relationships will provide new entrants

and struggling small broadcasters access to the financing, mentoring, and industry connections that are necessary for success in the industry, but to date have been unavailable to many. In return for successfully incubating a small aspiring, or struggling, broadcast station owner as part of the incubator program, an incumbent broadcaster will be eligible to receive a waiver of the Commission's Local Radio Ownership Rule following the conclusion of a successful qualifying incubation relationship. Commission staff will use the initial incubator applications, certification statements, contracts, and any responses to Commission requests for additional information to determine qualifications for participation in the incubator program. Commission staff will use the periodic reports to determine whether ongoing incubation relationships are proceeding in a manner consistent with the parties' initial filings and are likely to result in a successful incubation relationship. In the event the parties seek to extend the duration of their incubation relationship, the filing of a request for such an extension will enable Commission staff to gauge the types of problems incubating parties are experiencing. Information provided by the parties to the Commission no later than six months before the contract termination date will allow Commission staff to evaluate which option for station ownership the incubating parties plan to pursue at the conclusion of the relationship. Additionally, Commission staff will review documentation submitted to seek a reward waiver to assess whether the market where the reward waiver is sought is a comparable market to where the incubated station was located.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.
