SUPPLEMENTARY INFORMATION:

Abstract: The SBA's Women's Business Centers represent a national network of over 100 educational centers designed to assist women in starting and growing small businesses. WBCs operate with the mission to "level the playing field" for women entrepreneurs, who still face unique obstacles in the world of business. Through the management and technical assistance provided by the WBCs, entrepreneurs (especially women who are economically or socially disadvantaged) are offered comprehensive training and counseling on a variety of topics in many languages to help them start and grow their own businesses. The SBA plans to conduct a web-based survey to understand to what degree the Agency's WBC programs and services help entrepreneurs start, manage, and grow businesses. The survey will help determine customer satisfaction and the outcomes of the delivered business assistance services. Surveys will be completed by a sample of clients who received business assistance services at least 1 year ago. A minimum 1-year lag is desired to allow the business outcomes of the services to be observed. Because WBCs offer both training and counseling services, clients

who received either service will be included.
