

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84534; File No. SR-CBOE-2018-070]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Renew the Nonstandard Expirations Pilot Program

November 5, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 2, 2018, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to renew an existing pilot program until May 6, 2019. Under the existing pilot program, the Exchange is permitted to list P.M.-settled options on broad-based indexes that expire on: (a) Any Monday, Wednesday, or Friday (“Weekly Expirations”) and (b) the last trading day of the month (“End of Month Expirations” or “EOMs”).

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 14, 2010, the Commission approved a Cboe Options proposal to establish a pilot program under which the Exchange is permitted to list P.M.-settled options on broad-based indexes to expire on (a) any Friday of the month, other than the third Friday-of-the-month, and (b) the last trading day of the month.⁵ On January 14, 2016, the Commission approved a Cboe Options proposal to expand the pilot program to allow P.M.-settled options on broad-based indexes to expire on any Wednesday of month, other than those that coincide with an EOM.⁶ On August 10, 2016, the Commission approved a Cboe Options proposal to expand the pilot program to allow P.M.-settled options on broad-based indexes to expire on any Monday of month, other than those that coincide with an EOM.⁷ Under the terms of the Nonstandard Expirations Pilot Program

⁵ See Securities Exchange Act Release 62911 (September 14, 2010), 75 FR 57539 (September 21, 2010) (order approving SR-CBOE-2009-075).

⁶ See Securities Exchange Act Release 76909 (January 14, 2016), 81 FR 3512 (January 21, 2016) (order approving SR-CBOE-2015-106).

⁷ See Securities Exchange Act Release 78531 (August 10, 2016), 81 FR 54643 (August 16, 2016) (order approving SR-CBOE-2016-046).

(“Program”), Weekly Expirations and EOMs are permitted on any broad-based index that is eligible for regular options trading. Weekly Expirations and EOMs are cash-settled and have European-style exercise. The proposal became effective on a pilot basis for a period of fourteen months that commenced on the next full month after approval was received to establish the Program⁸ and was subsequently extended.⁹ The Program is scheduled to expire on November 5, 2018. The Exchange believes that the Program has been successful and well received by its Trading Permit Holders and the investing public during that the time that it has been in operation. The Exchange hereby proposes to extend the Program until May 6, 2019. This proposal does not request any other changes to the Program.

Pursuant to the order approving the establishment of the Program, two months prior to the conclusion of the pilot period, Cboe Options is required to submit an annual report to the Commission, which addresses the following areas: Analysis of Volume & Open Interest, Monthly Analysis of Weekly Expirations & EOM Trading Patterns and Provisional Analysis of Index Price Volatility. The Exchange has submitted, under separate cover, the annual report in connection with the present proposed rule change. Additionally, the Exchange will provide the Commission with any additional data or analyses the Commission requests because it deems such data or analyses necessary to determine whether the Program is consistent with the Exchange Act. The Exchange is in the process of making public on its website data and analyses previously submitted to the Commission under the Program, which it expects to complete in the fourth quarter of 2018, and will make public any data and analyses it submits to the Commission under the Program in the future.

⁸ *Id.*

⁹ See Securities Exchange Act Release 65741 (November 14, 2011), 76 FR 72016 (November 21, 2011) (immediately effective rule change extending the Program through February 14, 2013). See also Securities Exchange Act Release 68933 (February 14, 2013), 78 FR 12374 (February 22, 2013) (immediately effective rule change extending the Program through April 14, 2014); 71836 (April 1, 2014), 79 FR 19139 (April 7, 2014) (immediately effective rule change extending the Program through November 3, 2014); 73422 (October 24, 2014), 79 FR 64640 (October 30, 2014) (immediately effective rule change extending the Program through May 3, 2016); 76909 (January 14, 2016), 81 FR 3512 (January 21, 2016) (extending the Program through May 3, 2017); 80387 (April 6, 2017), 82 FR 17706 (April 12, 2017) (extending the Program through May 3, 2018); and 83165 (May 3, 2018), 83 FR 21316 (May 9, 2018) (SR-CBOE-2018-038) (extending the Program through November 8, 2018).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

If, in the future, the Exchange proposes an additional extension of the Program, or should the Exchange propose to make the Program permanent (which the Exchange currently intends to do), the Exchange will submit an annual report (addressing the same areas referenced above and consistent with the order approving the establishment of the Program) to the Commission at least two months prior to the expiration date of the Program. Any positions established under the Program will not be impacted by the expiration of the Program.

The Exchange believes there is sufficient investor interest and demand in the Program to warrant its extension. The Exchange believes that the Program has provided investors with additional means of managing their risk exposures and carrying out their investment objectives. Furthermore, the Exchange has not experienced any adverse market effects with respect to the Program.

The Exchange believes that the proposed extension of the Program will not have an adverse impact on capacity.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that the Program has been successful to date and states that it has not encountered any problems with the Program. The proposed rule change allows for an extension of the Program

for the benefit of market participants. Additionally, the Exchange believes that there is demand for the expirations offered under the Program and believes that that Weekly Expirations and EOMs will continue to provide the investing public and other market participants increased opportunities to better manage their risk exposure.

B. Self-Regulatory Organization's Statement on Burden on Competition

Cboe Options does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Program, the proposed rule change will allow for further analysis of the Program and a determination of how the Program shall be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

A proposed rule change filed under Rule 19b-4(f)(6)¹⁵ normally does not become operative for 30 days after the date of filing. However, pursuant to

¹³ 15 U.S.C. 78s(b)(3)(A).

¹⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁵ 17 CFR 240.19b-4(f)(6).

Rule 19b-4(f)(6)(iii),¹⁶ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that such waiver will allow the Exchange to extend the pilot program prior to its expiration on November 5, 2018, and maintain the status quo, thereby reducing market disruption. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the pilot program to continue uninterrupted, thereby avoiding investor confusion that could result from a temporary interruption in the pilot program. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2018-070 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-CBOE-2018-070. This file number should be included on the

¹⁶ 17 CFR 240.19b-4(f)(6)(iii).

¹⁷ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

¹² *Id.*

subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2018-070, and should be submitted on or before November 30, 2018.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸

Eduardo A. Aleman,
Assistant Secretary.

Extension:

Rule 204, SEC File No. 270-586, OMB Control No. 3235-0647

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget

("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 204 (17 CFR 242.204), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 204(a) provides that a participant of a registered clearing agency must deliver securities to a registered clearing agency for clearance and settlement on a long or short sale in any equity security by settlement date, or if a participant of a registered clearing agency has a fail to deliver position in any equity security for a long or short sale transaction in the equity security, the participant shall, by no later than the beginning of regular trading hours on the applicable close-out date, immediately close out its fail to deliver positions by borrowing or purchasing securities of like kind and quantity. For a short sale transaction, the participant must close out a fail to deliver by no later than the beginning of regular trading hours on the settlement day following the settlement date. If a participant has a fail to deliver that the participant can demonstrate on its books and records resulted from a long sale, or that is attributable to bona-fide market making activities, the participant must close out the fail to deliver by no later than the beginning of regular trading hours on the third consecutive settlement day following the settlement date. Rule 204 is intended to help further the Commission's goal of reducing fails to deliver by maintaining the reductions in fails to deliver achieved by the adoption of temporary Rule 204T, as well as other actions taken by the Commission. In addition, Rule 204 is intended to help further the Commission's goal of addressing potentially abusive "naked" short selling in all equity securities.

The information collected under Rule 204 will continue to be retained and/or provided to other entities pursuant to the specific rule provisions and will be available to the Commission and self-regulatory organization ("SRO") examiners upon request. The information collected will continue to aid the Commission and SROs in monitoring compliance with these requirements. In addition, the information collected will aid those subject to Rule 204 in complying with its requirements. These collections of information are mandatory.

Several provisions under Rule 204 will impose a "collection of information" within the meaning of the Paperwork Reduction Act.

I. Allocation Notification Requirement: As of December 31, 2017,

there were 3,893 registered broker-dealers. Each of these broker-dealers could clear trades through a participant of a registered clearing agency and, therefore, become subject to the notification requirements of Rule 204(d). If a participant allocates a fail to deliver position to a broker or dealer pursuant to Rule 204(d), the broker or dealer that has been allocated the fail to deliver position in an equity security must determine whether or not such fail to deliver position was closed out in accordance with Rule 204(a). If such broker or dealer does not comply with the provisions of Rule 204(a), such broker or dealer must immediately notify the participant that it has become subject to the requirements of Rule 204(b). We estimate that a broker or dealer could have to make such determination and notification with respect to approximately 1.76 equity securities per day.¹ We estimate a total of 1,719,772 potential notifications in accordance with Rule 204(d) across all registered broker-dealers (that could be allocated responsibility to close out a fail to deliver position) per year (3,893 registered broker-dealers notifying participants once per day² on 1.76 equity securities, multiplied by 251 trading days in 2017). The total estimated annual burden hours per year will be approximately 275,164 burden hours (1,719,772 multiplied by 0.16 hours/notification).

II. Demonstration Requirement for Fails to Deliver on Long Sales: As of December 5, 2017, there were 132 participants of NSCC that were registered as broker-dealers. If a participant of a registered clearing agency has a fail to deliver position in an equity security at a registered clearing agency and determined that such fail to deliver position resulted from a long sale, we estimate that a participant of a registered clearing agency will have to make such determination with respect to approximately 33 securities per day.³

¹ The Commission's Division of Economic and Risk Analysis ("DERA") estimates that there were approximately 6,868 average daily fail to deliver positions during 2017. Across 3,893 registered broker-dealers, the number of securities per registered broker-dealer per trading day is approximately 1.76 equity securities.

² Because failure to comply with the close-out requirements of Rule 204(a) is a violation of the rule, we believe that a broker or dealer would make the notification to a participant that it is subject to the borrowing requirements of Rule 204(b) at most once per day.

³ DERA estimates that during 2017 approximately 62.93% of trade volume was long. DERA estimates that there were approximately 6,868 average daily fail to deliver positions during 2017. Across 132 broker-dealer participants of the NSCC, the number

Continued

¹⁸ 17 CFR 200.30-3(a)(12).
