¹ These coordinates are not a part of the boundary for the Designated Area for Certain United States Coast Guard Discharges. These coordinates are reference points used to draw line segments that intersect with the fixed off-shore boundary between the United States and California.

Subpart K—Cordell Bank National Marine Sanctuary

■ 4. Amend § 922.112 by revising paragraphs (a)(2)(i)(D) and (E) and adding paragraph (a)(2)(i)(F) to read as follows:

§ 922.112 Prohibited or otherwise regulated activities.

- (a) * * *
- (2)(i) * * *

(D) For a vessel less than 300 GRT or a vessel 300 GRT or greater without sufficient holding capacity to hold graywater while within the Sanctuary, clean graywater as defined by section 312 of the FWPCA;

(E) Vessel engine or generator exhaust; or

(F) For a United States Coast Guard vessel without sufficient holding tank capacity and without a Type I or II marine sanitation device, and operating within the designated area [2015 expansion area] defined in appendix C of this subpart, sewage and non-clean graywater as defined by section 312 of the FWPCA generated incidental to vessel use, and ammunition, pyrotechnics or other materials directly related to search and rescue and live ammunition training activities conducted by United States Coast Guard vessels and aircraft in the designated areas defined in appendix C of this subpart.

* * * * *

■ 5. Add appendix C to subpart K to read as follows:

Appendix C to Subpart K of Part 922—Designated Area for Certain United States Coast Guard Discharges

Coordinates listed in this appendix are unprojected (Geographic Coordinate System) and based on the North American Datum of 1983 (NAD83).

The portion of the Cordell Bank National Marine Sanctuary area [2015 expansion area] where the exception for discharges from United States Coast Guard activities applies is defined as follows. Beginning with Point 1, identified in the coordinate table in this appendix, the boundary extends from Point 1 to Point 2 in a straight line arc and continues in numerical order through each subsequent point to Point 38. From Point 38

the boundary extends west along the northern boundary of Cordell Bank National Marine Sanctuary to Point 39 where it ends.

[USCG–2018–0983]

2018 Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations, Drawbridge Operation Regulations and Regulated Navigation Areas

AGENCY: Coast Guard, DHS.

ACTION: Notification of expired temporary rules issued.

SUMMARY: This document provides notification of substantive rules issued by the Coast Guard that were made temporarily effective but expired before they could be published in the **Federal**

Register. This document lists temporary safety zones, security zones, special local regulations, drawbridge operation regulations and regulated navigation areas, all of limited duration and for which timely publication in the **Federal Register** was not possible.

DATES: This document lists temporary Coast Guard rules that became effective, primarily between July 2018 to September 2018, unless otherwise indicated, and were terminated before they could be published in the **Federal Register.**

ADDRESSES: Temporary rules listed in this document may be viewed online, under their respective docket numbers, using the Federal eRulemaking Portal at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on this document contact Yeoman First Class David Hager, Office of Regulations and Administrative Law, telephone (202) 372–3862.

SUPPLEMENTARY INFORMATION: Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. *Safety zones* may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. *Security zones* limit access to prevent injury or damage to vessels, ports, or waterfront facilities. *Special local regulations* are issued to enhance the safety of participants and spectators at regattas and other marine events. *Drawbridge operation regulations* authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local public events. *Regulated Navigation Areas* are water areas within a defined boundary for which regulations for vessels navigating within the area have been established by the regional Coast Guard District Commander.

Timely publication of these rules in the **Federal Register** may be precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected public is, however, often informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, Coast Guard patrol vessels provide actual notification when enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the end of the effective period, mariners

were personally notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the

public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so

before they are placed in effect or terminated.

The following unpublished rules were placed in effect temporarily during the period between July 2018 to September 2018 unless otherwise indicated. To view copies of these rules, visit www.regulations.gov and search by the docket number indicated in the following table.

Katia Kroutil,

Office Chief, Office of Regulations and Administrative Law, United States Coast Guard.

[FR Doc. 2018-24539 Filed 11-8-18; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2018-0975]

Drawbridge Operation Regulation; Delaware River, Tacony, PA and Palmyra, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the SR 73/ Tacony-Palmyra Bridge which carries SR 73 across the Delaware River, mile 107.2, between Tacony, PA and Palmyra, NJ. The deviation is necessary to facilitate bridge maintenance. This deviation allows the bridge to remain in the closed-to-navigation position.

DATES: The deviation is effective from 6 a.m. through 6 p.m. on November 20, 2018.

ADDRESSES: The docket for this deviation, USCG-2018-0975 is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH". Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Michael Thorogood, Bridge Administration Branch Fifth District, Coast Guard, telephone 757-398-6557, email Michael.R.Thorogood@uscg.mil.

SUPPLEMENTARY INFORMATION: The Burlington County Bridge Commission, owner and operator of the SR 73/ Tacony-Palmyra Bridge which carries SR 73 across the Delaware River, mile 107.2, between Tacony, PA and Palmyra, NJ, has requested a temporary deviation from the current operating schedule to facilitate installation of a replacement electrical festoon control cable of the double bascule span of the drawbridge. The bridge has a vertical clearance of 50 feet above mean high water in the closed position and unlimited vertical clearance above mean high water in the open position.

The current operating schedule is set out in 33 CFR 117.716. Under this temporary deviation, the bridge will be in the closed-to-navigation position from 6 a.m. through 6 p.m. on November 20, 2018.

The Delaware River is used by a variety of vessels including deep draft commercial vessels, U.S. government and public vessels, small commercial vessels, tug and barge traffic, and recreational vessels. The Coast Guard has carefully coordinated the restrictions with waterway users in publishing this temporary deviation.

Vessels able to pass through the bridge in the closed-to-navigation position may do so at any time. The bridge will not be able to open for emergencies and there is no immediate alternative route for vessels unable to pass through the bridge in the closed

position. The Coast Guard will also inform the users of the waterway through our Local Notice and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 31, 2018.

Hal R. Pitts,

Bridge Program Manager, Fifth Coast Guard District.

[Docket No. USCG-2018-0957]

Multiple Safety Zones; Fireworks Displays in Captain of the Port New York Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a safety zone within the Captain of the Port New York Zone on the specified date and times. This action is necessary to ensure the safety of vessels, spectators and participants from hazards
