accordance with the Paperwork
Reduction Act of 1995, we provide the
general public and other Federal
agencies with an opportunity to

comment on new, proposed, revised,
and continuing collections of
information. This helps us assess the
impact of our information collection
requirements and minimize the public's
reporting burden. It also helps the
public understand our information
collection requirements and provide the
requested data in the desired format. A
Federal Register notice with a 60-day
public comment period soliciting
comments on this collection of
information was published on June 11,
2018 (83 FR 27019). No comments were
received.

We are again soliciting comments on
the proposed ICR that is described
below. We are especially interested in
public comment addressing the
following issues: (1) Is the collection
necessary to the proper functions of the
ONRR; (2) will this information be
processed and used in a timely manner;
(3) is the estimate of burden accurate;
(4) how might the ONRR enhance the
quality, utility, and clarity of the
information to be collected; and (5) how
might the ONRR minimize the burden of
this collection on the respondents,
including through the use of
information technology.

Abstract: The Secretary of the United
States Department of the Interior is
responsible for collecting royalties from
lessees who produce minerals from
Federal and Indian lands and the Outer-
Continental Shelf (OCS). Under various
laws, the Secretary is responsible to
manage mineral resources from Federal
and Indian lands and the OCS. One of
the mineral responsibilities that ONRR
performs on behalf of the Secretary is to
collect the royalties and other mineral
revenues due. These obligations are
accounted for as accounts receivables
with ONRR's Financial Management
group. We have posted the laws
pertaining to mineral leases on Federal
and Indian lands and the OCS at [http://
www.onrr.gov/Laws_R_D/PubLaws/
default.htm](http://www.onrr.gov/Laws_R_D/PubLaws/default.htm).

General Information

When a company or an individual
enters into a lease to explore, develop,
produce, sell, or otherwise dispose of
minerals, from Federal and Indian lands
and the OCS, that company or
individual agrees to pay the lessor a
share in an amount or value of
production from the leased lands. For
oil, gas, and solid minerals, the lessee is
required to report various types of
information to ONRR relative to the
disposition of the leased minerals.
Specifically, companies submit
financial information to ONRR on a
monthly basis by submitting form
ONRR–2014 [Report of Sales and
Royalty Remittance for oil and gas
reported in OMB Control Number 1012–
0004], and form ONRR–4430 [Solid
Minerals Production and Royalty Report
reported in OMB Control Number 1012–
0010]. These royalty reports result in
accounts receivables and capture the
vast majority of the mineral revenue
collected by ONRR.

The basis for the data that companies
submit on forms ONRR–2014 and
ONRR–4430 is generally available
within the records of the lessee or others
involved in developing, transporting,
processing, purchasing, or selling such
minerals. The information that we
collect under the ICR includes data
necessary to ensure that ONRR's
accounts receivables are accurately
based on the value of the mineral
production, as reported to ONRR on
forms ONRR–2014 and ONRR–4430.

Information Collections

Every year, the Chief Financial Officer
(CFO) under Chief Financial Officers
Act of 1990, the Office of Inspector
General, or its agent (agent), audits the
accounts receivable portions of the
Department's financial statements,
which are based on ONRR forms ONRR–
2014 and ONRR–4430. Accounts
receivable confirmations are a common
financial audit practice. A third-party
audit provides confirmation of the
validity of ONRR's financial records.

As part of the CFO audit, the agent
selects a sample of accounts receivable
items based on forms ONRR–2014 and
ONRR–4430, and provides the sample
items to ONRR. ONRR then identifies
the company names and addresses for
the sample items selected and creates
accounts receivable confirmation letters.
In order to meet the CFO requirements,
the letters must be on ONRR letterhead
and the Deputy Director for ONRR, or
his or her designee, must sign the
letters. The letter requests third-party
confirmation responses by a specified
date on whether or not ONRR's accounts

receivable records agree with royalty payor records for the following items: (1) Customer identification; (2) royalty invoice number; (3) payor assigned document number; (4) date of ONRR receipt; (5) original amount the payor reported; and (6) remaining balance due to ONRR. The agent mails the letters to the payors, instructing them to respond directly to the agent to confirm the accuracy and validity of selected royalty receivable items and amounts. In turn, it is the responsibility of the payors to verify, research, and analyze the amounts and balances reported on their respective forms ONRR-2014 and ONRR-4430.

OMB Approval

We will request OMB approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge the duties of the office, could result in a violation of the Chief Financial Officers Act of 1990, and may also result in the inability to confirm the accuracy of ONRR's accounts receivables which are based on the accurate reporting of forms ONRR-2014 and ONRR-4430. ONRR protects the proprietary information received and does not collect items of a sensitive nature.
