

pursuant to section 131 of the Trade Act of 1974, requested that the Commission provide a report containing its advice as to the probable economic effect of providing duty-free treatment for imports of currently dutiable products from the EU on (i) industries in the United States producing like or directly competitive products, and (ii) consumers. The USTR asked that the Commission's analysis consider each article in chapters 1 through 97 of the *Harmonized Tariff Schedule of the United States* (HTS) for which U.S. tariffs will remain, taking into account implementation of U.S. commitments in the World Trade Organization. The USTR asked that the advice be based on the HTS in effect during 2018 and trade data for 2017.

In addition, the USTR requested that the Commission prepare an assessment, as described in section 105(a)(2)(B)(i)(III) of the Bipartisan Congressional Trade Priorities and Accountability Act of 2015, of the probable economic effects of eliminating tariffs on imports from the EU of those agricultural products described in the list attached to the USTR's request letter on (i) industries in the United States producing the products concerned, and (ii) the U.S. economy as a whole. The USTR's request letter and list of agricultural products are posted on the Commission's website at <https://www.usitc.gov>.

For the purposes of these analyses, the USTR requested that the Commission assume that the United Kingdom will no longer be a Member State of the EU. The USTR indicated that those sections of the Commission's report that relate to the advice and assessment of probable economic effects will be classified. The USTR also indicated that he considers the Commission's report to be an interagency memorandum that will contain pre-decisional advice and be subject to the deliberative process privilege. As requested, the Commission will provide its report to USTR as soon as possible, which is March 19, 2019.

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of the Federal Unemployment Tax Act (FUTA) Credit Reduction Applicable in 2018

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Sections 3302(c)(2)(A) and 3302(d)(3) of the FUTA provide that employers in a State that has outstanding advances under Title XII of the Social Security Act on January 1 of two or more consecutive years are subject to a reduction in credits otherwise available against the FUTA tax for the calendar year in which the most recent such January 1 occurs, if advances remain on November 10 of that year. Further, Section 3302(c)(2)(C) of FUTA provides for an additional credit reduction for a year if a State has outstanding advances on five or more

consecutive January firsts and has a balance on November 10 for such years. Section 3302(c)(2)(C) also provides for waiver of this additional credit reduction and substitution of the credit reduction provided in Section 3302(c)(2)(B) if a state meets certain conditions.

California and the United States Virgin Islands were potentially liable for the additional credit reduction under Section 3302(c)(2)(C) of FUTA and applied for the available waiver. It has been determined that each one met all of the criteria of the section necessary to qualify for the waiver of the additional credit reduction. Further, the additional credit reduction of Section 3302(c)(2)(B) is zero for California and the Virgin Islands for 2018. California repaid its outstanding advances prior to November 10, 2018; hence there will be no FUTA credit reduction for the State's employers. Employers in the Virgin Islands will have no additional credit reduction applied for calendar year 2018. However, as a result of having outstanding advances on each January 1 of 2010 through 2018 as well as on November 10, 2018, employers in the Virgin Islands are subject to a FUTA credit reduction of 2.4 percent in 2018.

Molly E. Conway,

Acting Assistant Secretary, Employment and Training Administration.

SUPPLEMENTARY INFORMATION: The Legal Services Corporation (LSC) issues this Notice describing the conditions for submitting a Letter of Intent to Apply (LOI) for 2019 Pro Bono Innovation Fund grants. This notice and application information are posted at www.lsc.gov/pbifgrants.

I. Introduction

Since 2014, Congress has provided an annual appropriation to LSC “for a Pro Bono Innovation Fund.” *See, e.g.,* Consolidated Appropriations Act, 2017, Public Law 115-31, 131 Stat. 135 (2017). LSC requested these funds for grants to “develop, test, and replicate innovative pro bono efforts that can enable LSC grantees to expand clients’ access to high quality legal assistance.” LSC Budget Request, Fiscal Year 2014 at 26 (2013). The grants must involve innovations that are either “new ideas” or “new applications of existing best practices.” *Id.* Each grant would “either serve as a model for other legal services providers to follow or effectively replicate a prior innovation. *Id.* The Senate Appropriations Committee explained that these funds “will support innovative projects that promote and enhance pro bono initiatives throughout the Nation,” and the House Appropriations Committee directed LSC “to increase the involvement of private attorneys in the delivery of legal services to [LSC-eligible] clients.” Senate Report 114-239 at 123 (2016), House Report 113-448 at 85 (2014).

LSC sought these funds based on the 2012 recommendation of the LSC Pro Bono Task Force. Since its inception, the Pro Bono Innovation Fund has advanced LSC’s goal of increasing the quantity and quality of legal services by funding projects that more efficiently and effectively involve pro bono volunteers in serving the critical unmet legal needs of LSC-eligible clients. In 2017, LSC built on these successes by creating three funding categories to better focus on innovations serving unmet and well-defined client needs (Project Grants), on building comprehensive and effective pro bono programs through new applications of existing best practices (Transformation Grants), and on providing continued development support for the most promising innovations (Sustainability Grants).

II. Funding Opportunities Information

A. Eligible Applicants

To be eligible for the Pro Bono Innovation Fund’s Project, Sustainability, and Transformation grants, Applicants must be current grantees of LSC Basic Field-General, Basic Field-Migrant, or Basic Field-Native American grants. In addition, Sustainability Grant Applicants must also be a former or current Pro Bono Innovation Fund grantee from the FY17 grant making cycle.

B. Pro Bono Innovation Fund Purpose and Key Goals

Pro Bono Innovation Fund grants develop, test, and replicate innovative pro bono efforts that can enable LSC grantees to use pro bono volunteers to serve larger numbers of low-income clients and improve the quality and effectiveness of the services provided. The key goals of the Pro Bono Innovation Fund are to:

1. Address gaps in the delivery of legal services to low-income people;
2. Engage more lawyers and other volunteers in pro bono service;
3. Develop, test, and replicate innovative pro bono efforts.

C. Funding Opportunities

1. Project Grants

The goal of Pro Bono Innovation Fund *Project Grants* is to leverage volunteers to meet a critical, unmet and well-defined client need. Consistent with the key goals of the Pro Bono Innovation Fund, applicants are encouraged to focus on engaging volunteers to increase free civil legal aid for low-income Americans by proposing new, replicable ideas. Applicants are strongly encouraged to research prior successful Pro Bono Innovation Fund projects and Sustainability Grants to replicate, adapt, or create enhancements to prior effective pro bono projects. LSC will be particularly receptive to applications that propose to replicate projects LSC has previously funded with “Sustainability” Grants. Our Sustainability Grants have included:

- Community-based partnerships, like the Medical-Legal Partnership of Community Legal Aid, Inc. (MA) or the school-based clinic of Legal Aid of West Virginia, Inc., that work with law firms to provide legal services where clients are located;
- Court-based partnerships, like those at Legal Action of Wisconsin, Inc., and Legal Services Law Line of Vermont, Inc., that use pro bono volunteers to provide same-day, in-court representation and legal assistance;
