Tulsa-Sapulpa Union Railway Company, L.L.C.—Lease Renewal Exemption With Interchange Commitment—Union Pacific Railroad Company

Tulsa-Sapulpa Union Railway Company, L.L.C. (TSU), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to renew its lease of approximately 12.86 miles of railroad line owned by Union Pacific Railroad Company (UP), located in Tulsa County, Okla. (the Line). The Line, known as the Jenks Industrial Lead, extends from milepost 136.40 near the Kimberly Clark facility in Jenks, Okla., to the end of UP's ownership at milepost 149.26 and the connection with UP's trackage rights over BNSF Railway Company in Tulsa, Okla.

TSU states that it and UP previously executed a lease agreement regarding the Line in 2001.¹ TSU states that the new lease agreement, dated as of December 21, 2018, has an initial five-year term that may be extended by TSU for an additional 15 years.

TSU certifies that its projected annual revenues from this transaction will not result in its becoming a Class I or Class II rail carrier and will not exceed \$5 million. As required under 49 CFR 1150.43(h)(1), TSU has disclosed in its verified notice that the lease renewal agreement contains an interchange commitment that charges TSU an asset use fee for carloads that originate or terminate on the Line that are not interchanged to UP.² TSU has provided additional information regarding the interchange commitment as required by 49 CFR 1150.43(h).

TSU states in its verified notice that it intends to consummate the proposed lease renewal on or shortly after December 21, 2018. The earliest this

transaction may be consummated is December 7, 2018 (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than November 30, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36237, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on TSU's representative, Audrey L. Brodrick, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606-3208.

According to TSU, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting under 49 CFR 1105.8(b).

The earliest the transaction could be consummated is December 9, 2018, the effective date of the exemption (30 days after the verified notice was filed). RJCG and RJCR state that the transaction is scheduled to be finalized during the first quarter of 2019.

RJCG and RJCR certify that: (i) NWRR and NERR do not connect with each other or any of the RJC Railroads; (ii) the proposed transaction is not part of a series of anticipated transactions that would connect some or all of these railroads; and (iii) the transaction does not involve a Class I carrier. Section 11326(c), however, does not provide for the labor protection for transactions under sections 11324 and 11325 that involve only Class III rail carriers. Therefore, because this transaction involves only Class III rail carriers, the Board may not impose labor protective conditions for this transaction.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. [Docket No. FD 36243]

Watco Holdings, Inc.—Continuance in Control Exemption—Ithaca Central Railroad, LLC

Watco Holdings Inc. (Watco), a noncarrier, has filed a verified notice of exemption under 49 CFR 1180.2(d)(2) to continue in control of Ithaca Central Railroad, LLC (ICR), upon ICR's becoming a Class III rail carrier. Watco owns, indirectly, 100% of the issued and outstanding stock of ICR.

This transaction is related to a verified notice of exemption filed concurrently in *Ithaca Central Railroad, LLC—Lease & Operation Exemption—Norfolk Southern Railway*, Docket No. FD 36238, by which ICR seeks Board approval to lease from Norfolk Southern Railway Company (NSR) and operate approximately 48.8 miles of rail line between milepost 272.2 in Sayre, Pa. and milepost 321.0 in Lansing, N.Y.

The transaction may be consummated on or after December 8, 2018, the effective date of the exemption (30 days after the verified notice of exemption was filed).

According to the verified notice of exemption, Watco currently controls indirectly 38 Class III railroads and one Class II railroad, collectively operating in 25 states. For a complete list of these rail carriers and the states in which they operate, see the November 8, 2018 verified notice of exemption at pages 4–11. The verified notice is available on the Board's website at www.stb.gov.

Watco represents that: (1) The rail line to be operated by ICR does not connect with any of the rail lines operated by railroads in the Watco corporate family; (2) this transaction is not part of a series of anticipated transactions that would connect ICR with any railroad in the Watco corporate family; and (3) the transaction does not involve a Class I rail carrier. The proposed transaction is therefore exempt from the prior approval requirements of 49 U.S.C. 11323 pursuant to 49 CFR 1180.2(d)(2). Watco states that the purpose of the transaction is to reduce overhead expenses and coordinate billing, maintenance, mechanical and personnel policies and procedures of its rail carrier subsidiaries, and thereby improve the overall efficiency of rail service provided by the railroads in the Watco corporate family.

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Because the transaction involves the control of one Class II and one or more Class III rail carriers, the transaction is subject to the labor protection requirements of 49 U.S.C. 11326(b) and *Wisconsin Central Ltd.—Acquisition Exemption—Lines of Union Pacific Railroad*, 2 S.T.B. 218 (1997).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than November 30, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36243, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Karl Morell & Associates, 440 1st Street NW, Suite 440, Washington, DC 20001.
