

practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: Section 3005 of Subtitle C of RCRA requires treatment, storage or disposal facilities (TSDFs) to obtain a permit. To obtain the permit, the TSDFs must submit an application describing the facility's operation. There are two parts to the RCRA permit application—Part A and Part B. Part A defines the processes to be used for treatment, storage, and disposal of hazardous wastes; the design capacity of such processes; and the specific hazardous wastes to be handled at the facility. Part B requires detailed site-specific information such as geologic, hydrologic, and engineering data. In the event that permit modifications are proposed by the applicant or the EPA, modifications must conform to the requirements under Sections 3004 and 3005.

Form Numbers: None.

Respondents/affected entities: Entities potentially affected by this action are private sector and State, Local, or Tribal governments.

Respondent's obligation to respond: Mandatory (RCRA Section 3005).

Estimated number of respondents: 159.

Frequency of response: On occasion.

Total estimated burden: 24,926 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$7,901,274 (per year), which includes \$2,165,627 in annualized labor and \$5,735,647 in annualized capital or operation & maintenance costs.

Changes in Estimates: The burden hours are likely to stay substantially the same.

Dated: November 29, 2018.

Barnes Johnson,

Director, Office of Resource Conservation and Recovery.
