

determination (Order No. 7) that found Respondent to be in default under Commission Rule 210.16 (19 CFR 210.16), and issued a **Federal Register Notice** (“Commission Notice”) to that effect. 83 FR 42937–38 (Aug. 24, 2018). The Commission also requested briefing from the parties and the public on the issues of remedy, the public interest, and bonding. *Id.* at 42938. Complainant filed a timely written submission pursuant to the Commission Notice requesting a limited exclusion order (“LEO”) against Respondent. No other submissions were filed pursuant to the Commission Notice.

The Commission has determined that the appropriate form of relief in this investigation is an LEO prohibiting the unlicensed entry of fuel-pump assemblies with vapor separators and components thereof that infringe one or more of claims 1–5 and 7–18 of the ‘208 patent and that are manufactured abroad by or on behalf of, or imported by or on behalf of, Respondent. The Commission has further determined that the public interest factors enumerated in Section 337(g)(1) (19 U.S.C. 1337(g)(1)) do not preclude issuance of the LEO. The Commission has determined that the bond for importation during the period of Presidential review shall be in the amount of one hundred (100) percent of the entered value of the imported subject articles of Respondent. The Commission’s order was delivered to the President and the United States Trade Representative on the day of its issuance.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: December 13, 2018.

Lisa Barton,

Secretary to the Commission.
