BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

[OMB Number 1121-0339]

Agency Information Collection Activities; Proposed eCollection Activities; Comments Requested; Extension of a Currently Approved Collection; Comments Requested: Generic Clearance for Cognitive, Pilot and Field Studies for Bureau of Justice Statistics Data Collection Activities

AGENCY: Bureau of Justice Statistics, Department of Justice.

ACTION: 60-day notice.

SUMMARY: The Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Statistics (BJS) intends to request approval from the Office of Management and Budget (OMB) for a generic information collection clearance that will allow BJS to conduct a variety of cognitive, pilot, and field test studies. BJS will submit the request for review and approval in accordance with the Paperwork Reduction Act of 1995.

Over the next three years, BJS anticipates undertaking a variety of new surveys and data collections, as well as reassessing ongoing statistical projects, across a number of areas of criminal justice, including law enforcement, courts, corrections, and victimization. This work will entail development of new survey instruments, redesigning and/or modifying existing surveys, procuring administrative data from state and local government entities, and creating or modifying establishment surveys. In order to inform BJS data collection protocols, to develop accurate estimates of respondent burden, and to minimize respondent burden associated with each new or modified data collection, BJS will engage in cognitive, pilot and field test activities to refine instrumentation and data collection

methodologies. BJS envisions using a variety of techniques, including but not limited to tests of different types of survey and data collection operations, focus groups, cognitive testing, pilot testing, exploratory interviews, experiments with questionnaire design, and usability testing of electronic data collection instruments.

Following standard Office of Management and Budget (OMB) requirements, BJS will submit a change request to OMB individually for every group of data collection activities undertaken under this generic clearance. BJS will provide OMB with a copy of the individual instruments or questionnaires (if one is used), as well as other materials describing the project.

DATES: Comments are encouraged and will be accepted for 60 days until February 19, 2019.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Devon Adams, Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531 (email: Devon.Adams@usdoj.gov; telephone: 202-307-0765).

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *The Title of the Form/Collection:* Generic Clearance for cognitive, pilot and field studies for Bureau of Justice Statistics data collection Activities.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form numbers not available for generic clearance. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Administrators or staff of state and local agencies or programs in the relevant fields; administrators or staff of non-government agencies or programs in the relevant fields; individuals; policymakers at various levels of government.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* We estimate that approximately 30,000 respondents will be involved in exploratory, field test, pilot, cognitive, and focus group work conducted under this clearance over the requested 3-year clearance period. The average response time per respondent will be specific to each project covered under the clearance. Specific estimates of the number of respondents and the average response time are not known for each pilot study or development project covered under a generic clearance at this time. Project specific estimates will be submitted to OMB separately for each project conducted under this clearance. An estimate of the overall number of burden hours for activities under this generic

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total respondent burden for identified and future projects covered under this generic clearance over the 3-year clearance period is approximately 20,000 hours.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: December 17, 2018.

Melody Braswell,

*Department Clearance Officer for PRA, U.S.
Department of Justice.*

BILLING CODE 4410-18-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Fee Adjustment for Testing, Evaluation, and Approval of Mining Products

AGENCY: Mine Safety and Health
Administration, Labor.

ACTION: Notice of fee adjustment.

SUMMARY: The Mine Safety and Health Administration (MSHA) announces a revised hourly rate for the fees charged to applicants and approval holders for testing, evaluating, and approving products for use in mines. MSHA charges a fee to cover the full cost (direct and indirect costs) of its services associated with the approval program. The new hourly rate is \$137.

DATES: MSHA will charge the new hourly rate for new approval services starting January 1, 2019.

FOR FURTHER INFORMATION CONTACT: Dennis L. Ferlich, Chief, Approval and Certification Center (A&CC), 304-547-2029 or 304-547-0400 (these are not toll-free numbers).

SUPPLEMENTARY INFORMATION:

I. Background

Under the Federal Mine Safety and Health Act of 1977 (Mine Act), as amended, MSHA's mission is to prevent death, disease, and injury from mining and promote safe and healthy workplaces for the Nation's miners. MSHA approves equipment, materials, and explosives for use in mines to assure that the products are designed, constructed, and maintained so as not to cause a fire, explosion, or other accident. MSHA's regulation under 30 CFR part 5, Fees for Testing, Evaluation, and Approval of Mining Products, establishes the method the Agency uses to calculate the fees needed to recover costs for approval services.

Under 30 U.S.C. 966, MSHA may collect and retain up to \$2,499,000 of fees collected for the approval and certification of equipment, materials, and explosives for use in mines.

On July 29, 2015, MSHA published a final rule in the **Federal Register** (80 FR 45051) that revised the Agency's regulation for administering fees for testing, evaluation, and approval of products manufactured for use in mines.

Under the final rule, MSHA revised the hourly rate by dividing the total of a prior fiscal year's approval program costs (direct and indirect costs) by the number of total direct hours spent on approval program activities for that year. The hourly rate was increased from \$97 to \$121.

MSHA began charging the existing hourly rate on October 1, 2015, for new approval applications.

II. Applicable Fee

Under 30 CFR 5.50, an hourly rate will remain in effect for at least one year and be subject to revision at least once every three years. MSHA calculates the FY 2019 hourly rate using FY 2017 costs for baseline data. MSHA has determined that as of January 1, 2019, the hourly rate will be \$137 per hour for services on new applications and post-approval activities (changes to approvals and post-approval product audits).

- MSHA will process applications and post-approval activities postmarked before January 1, 2019, under the existing FY 2018 hourly rate of \$121.

- MSHA will process applications and post-approval activities postmarked on or after January 1, 2019, under the revised FY 2019 hourly rate of \$137. This information is available on MSHA's web page at <http://www.msha.gov>.

David G. Zatezalo,

Assistant Secretary of Labor for Mine Safety and Health.

BILLING CODE 4510-43-P

LIBRARY OF CONGRESS

Copyright Office

[Docket No. 2018-11]

Request for Information on Designation of Mechanical Licensing Collective and Digital Licensee Coordinator

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Notice of inquiry.

SUMMARY: The U.S. Copyright Office is issuing a notice of inquiry regarding the Musical Works Modernization Act, title I of the Orrin G. Hatch-Bob Goodlatte Music Modernization Act ("MMA"), enacted on October 11, 2018. The MMA made significant modifications to the compulsory license in section 115 of title 17 for making and distributing phonorecords of musical works (the "mechanical license"). Among the many changes to the section 115 compulsory

license, the MMA calls for establishing a collective to manage a new blanket licensing system governing licensed uses of musical works by digital music providers. The Register of Copyrights is directed to designate the mechanical licensing collective and the digital licensee coordinator that will carry out key functions under the new blanket license.

The Office now solicits information to identify the appropriate entities to be designated. The information received in response to this notice of inquiry will be publicly posted, and interested members of the public may publicly comment on the submissions. After consideration of the record material, the Register will publish a notice in the **Federal Register** setting forth the identity of and contact information for the mechanical licensing collective and digital licensee coordinator, and the reasons for the designations.

DATES: Initial written proposals must be received no later than 11:59 p.m. Eastern Time on March 21, 2019. Written reply comments must be received no later than 11:59 p.m. Eastern Time on April 22, 2019. Following submission of these written comments, the Office may provide for proponents of written proposals to supplement or amend their initial submission, in accordance with specific instructions established by the Office at <https://www.copyright.gov/rulemaking/mma-designations/>. The Office reserves the option to seek additional public input prior to making a designation, to be announced by separate notice in the future. Rather than reserving time for potential extensions of time to file comments, commenting parties should be aware that the Office has already established what it believes to be the most reasonable deadlines consistent with the statutory deadlines by which it must promulgate the regulations described in this notice of inquiry.

ADDRESSES: For reasons of government efficiency, the Copyright Office is using the *regulations.gov* system for the submission and posting of public comments in this proceeding. All comments in response to this notice are therefore to be submitted electronically through *regulations.gov*. Specific instructions for submitting comments are available on the Copyright Office's website at <https://www.copyright.gov/rulemaking/mma-designations/>. If electronic submission of comments is not feasible due to lack of access to a computer and/or the internet, please contact the Office using the contact information below for special instructions.
