NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (18-101)]

Notice of Intent To Grant Partially Exclusive Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant a partially exclusive patent license in the United States to practice the inventions described and claimed in U.S. Patent Application Serial No. 15/635,011 entitled, "Ammonia Capture and Recovery System and Method for Removing Ammonia from a Wastewater Stream," KSC-13681-CIP, to Aquatecture, LLC, having its principal place of business in Los Angeles, CA. Aquatecture, LLC has requested a partially exclusivity patent license.

DATES: The prospective partially exclusive patent license may be granted unless, NASA receives written objections, including evidence and argument, no later than January 14, 2019 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications

completed and received by NASA *no later than* January 14, 2019 will also be treated as objections to the grant of the contemplated partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

ADDRESSES: Objections relating to the prospective license may be submitted to Patent Counsel, Office of the Chief Counsel, Mail Code CC—A, NASA John F. Kennedy Space Center, Kennedy Space Center, FL 32899. Telephone: 321–867–2076; Facsimile: 321–867–1817; email: KSC-Patent-Counsel@mail.nasa.gov.

FOR FURTHER INFORMATION CONTACT:

Mark Homer, Patent Counsel, Office of the Chief Counsel, Mail Code CC, NASA John F. Kennedy Space Center, Kennedy Space Center, FL 32899. Telephone: 321–867–2076; Facsimile: 321–867– 1817.

SUPPLEMENTARY INFORMATION: This notice of intent to grant a partially exclusive patent license is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective exclusive license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at http://technology. nasa.gov.

Mark P. Dvorscak,

Agency Counsel for Intellectual Property. [FR Doc. 2018–28145 Filed 12–27–18; 8:45 am] BILLING CODE 7510–13–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

Notice: (18–099).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: All comments should be submitted within 30 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Gatrie Johnson, National Aeronautics and Space Administration, 300 E Street SW, Washington, DC 20546–0001.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Gatrie Johnson, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546 or email Gatrie.Johnson@NASA.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for authorization to collect information under the NASA Federal Acquisition Regulation Supplement (NFS) Clause, 1852.223-70, Safety and Health Measures and Mishap Reporting, formerly entitled "Safety and Health." While the clause is proposed to be revised to eliminate some information collected requirements, two distinct information collection requirements will remain (1) notification of a Type A, B, C, or D Mishap, or a close call as defined in NASA Procedural Requirements (NPR) 8621.1 Mishap and Close Call Reporting, Investigating and Recordkeeping, and (2) quarterly reports specifying lost-time frequency rate, number of lost-time injuries, exposure, and accident/incident dollar losses.

II. Methods of Collection

Electronic.

III. Data

Title: Safety and Health Measures and Mishap Reporting.

OMB Number: 2700–0160. Type of review: Renewal.

NSF clause 1852.223-70, Safety and health measures and mishap reporting. Under this clause, NASA contractors are to immediately notify the contracting officer when a mishap (Type A, B, C, D or Close Call) occurs. The data the contractors provide to NASA includes incident location, date and time of incident, number of fatalities if known, number of hospitalized employees if known, type of injury if known, type of damage if known, contact person, contact person phone, number, and brief description of the incident.

NAŚA estimates that the notification of a mishap will take a contractor approximately 4 hours, counting initial notifications, supervisory notifications, and contracting officer notifications.

The chart below shows the number of mishaps, by category, reported by NASA contractors for Calendar years 2013 and 2014. The Federal Procurement Data System data for fiscal year 2015 shows award of approximately 154 contract actions involved performance on a NASA facility.

Classification	2013	2014	
Type A Type B Type C	0 3 125	1 1 139	

Classification	2013	2014
Type D	166	160
Total	294	301

The purpose of tracking mishaps is for oversight of safety measures of current contractors working on Federal facilities and data for future source selections. For purposes of calculating burden, we estimate a given contractor may submit two mishaps notifications in a year and that this will take each notification approximately 4 hours to collect the

information needed, review it, and provide it to the contracting officer. Generally, the contractor's supervisory personnel would collect the information. It is likely the firm's safety manager or equivalent position would review the information before submitting it to the contracting officer.

NASA estimates that it will take a contractor approximately 5 hours to prepare and deliver the quarterly report.

A. Annual Information Collection Reporting Burden

1852.223-70, SAFETY AND HEALTH MEASURES AND MISHAP REPORTING

Reporting requirement	Respondents	Responses per respondent	Total responses	Hours per response	Hours estimated
Notification of a Type A, B, C, or D Mishap, or close call Quarterly reports Quarterly reports specifying lost-time frequency rate, number of lost-time injuries, exposure,	154	2	308	4	1,232
and accident/incident dollar losses	154	4	616	5	3,080
Total		6	924	*5	4,312

^{*}This is an average for the total number of hours (4,313) divided by the total number of responses (924) resulting in 4.67 total hours per responses, rounded up to the nearest whole number or 5.

For notifying the contracting officer of a mishap, it is estimated a company supervisor would collect the information, then the company Occupational Health and Safety Specialist would review the information

before it is submitted to the Government.

For calculating the quarterly reports, specifying lost-time frequency rate, number of lost-time injuries, exposure, and accident/incident dollar losses, it is estimated to take approximately 5

hours. This includes an Occupational Health and Safety Specialist gathering the records, analyzing the data, and a company official reviewing the data before the report is submitted to the Government.

	Mishap notification/year					
Labor category	Time (hours)	Hourly rate	Total cost	Time (hours)	Hourly rate	Total cost
Occupational Health and Safety Specialist	7	\$45.49 63.03	\$318.43 63.03	18 2	\$45.49 63.03	\$818.82 126.06
Total	8		381.46	20		944.88

Generally, two labor categories will be involved in the requirements of this information collection: Occupational Health and Safety Specialist and a company supervisor or manager. The Occupational Health and Safety Specialist is estimated to be equivalent to the mid-point (step 5) of the General Schedule (GS) GS-12 with an hourly rate of \$33.39 (from the 2015 OPM GS Salary Table). The manager/supervisor is estimated to be equivalent to the midpoint for a GS-14 at an hourly rate of \$46.92. For both labor categories, the overhead/burden rate of 36.25%, based on the OMB-mandated burden rate for A-76 public-private competitions, is added (e.g., GS 12, Step 5 \$33.39/hour

 \times 1.3625 = \$45.49 burdened hourly rate. For a manager/supervisor at a rate of \$46.92, the burdened hourly rate is \$63.03).

Estimated Summary of Annual Total Cost to the Public of Information Collection Reporting Burden:

Number of respondents: 154. Responses per respondent: 6. Total annual responses: 924. Average number of hours per response: 4.67.

Total hours: 4,312.

Rate per hour (average): \$54. Total annual cost to public: \$232,848.

It is estimated that approximately 154 respondents will provide a total of 308 notifications of Type A, B, C, or D Mishap, or Close Call notifications

(approximately 2 notifications per respondent per year). Additionally, each of 154 respondents will submit one quarterly report four times a year. Thus, responses from respondents are estimated to include 2 mishap notifications and 4 quarterly reports for a total of 6 responses annually per respondent. Based on these figures, the combine total number of responses per year for all respondents will be 308 mishap reports and 616 quarterly reports for a total of 924 total responses for all respondents. It is estimated to take a respondent approximately 4 hours to gather the required information and notify the contracting officer of a Type A, B, C, or D Mishap or Close Call.

It is estimated to take respondents approximately 5 hours to prepare and submit each quarterly report specifying lost-time frequency rate, number of lost-time injuries, exposure, and accident/incident dollar losses.

B. Estimated Annual Information Collection Reporting Cost to the Government

Clause requirement	Responses	Hours per response	Gov't hours	\$/Hr.	Gov't \$
Mishap Notification	308 616	1 2	308 1,232	\$45.49 45.49	\$14,011 56,044
Total annual Gov't. cost					

^{*}The Government used a rate equivalent to a GS-12.

Total Estimated Summary of the Annual Cost to the Government for Information Collection Reporting and Recordkeeping Burdens:

Total hours: 1,540.

Total annual Government cost: \$70,054.60.

* The Government used a rate equivalent to a GS-12.

Total Estimated Summary of the Annual Cost to the Government for Information Collection Reporting and Recordkeeping Burdens:

Total hours: 1,540.

Total annual Government cost: \$70,054.60.

The estimates assume that not all efforts, such as retrieving and retaining records, are attributed solely to this information collection; only those actions resulting from this rule that are not customary to normal business practices are attributed to this estimate.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gatrie Johnson,

NASA PRA Clearance Officer.

BILLING CODE 7510-13-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Submission for OMB Review, Comment Request, Proposed Collection: A Needs Assessment of Programs, Services, and Operations of Tribal Archives, Libraries, and Museums

AGENCY: Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

ACTION: Submission for OMB review, comment request.

SUMMARY: The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. This notice proposes the clearance of the proposed survey to collect information related to the current program, services and operations needs and activities of USAbased indigenous cultural institutions of tribal archives, libraries, and museums.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the ADDRESSES section of this notice. DATES: Comments must be submitted to the office listed in the Contact section below on or before January 21, 2019. ADDRESSES: Comments should be sent to Office of Information and Regulatory Affairs, Attn.: OMB Desk Officer for Education, Office of Management and Budget, Room 10235, Washington, DC

FOR FURTHER INFORMATION CONTACT: Dr. Sandra Webb, Director of Grant Policy and Management, Institute of Museum

20503, (202) 395-7316.

and Library Services, 955 L'Enfant Plaza North SW, Suite 4000, Washington, DC 20024–2135. Dr. Webb can be reached by Telephone: 202–653–4718 Fax: 202–653–4608, or by email at *swebb@imls.gov*, or by teletype (TTY/TDD) for persons with hearing difficulty at 202–653–4614.

SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

II. Current Actions

The purpose of the Needs Assessment of Programs, Services, and Operations of Tribal Archives, Libraries, and Museums is to gather information related to this group's current activities, challenges, and unmet needs. The data will be collected through an on line survey. Information gathered will provide insights for tribal governments, tribal institutions and the public. A full report of the findings and recommendations will be published by the Association of Tribal Archives, Libraries, and Museums (ATALM). The study is funded by the Institute of Museum and Library Services (IMLS).

Agency: Institute of Museum and Library Services.

Title: A Needs Assessment of Programs, Services, and Operations of Tribal Archives, Libraries, and Museums.

OMB Number: 3137–TBD. Frequency: Once per year.

Affected Public: The target population is tribal archive, library, and museum centers, as well as leaders of tribal communities without cultural programs. Number of Respondents: 400.

Estimated Average Burden per Response: 30 minutes.
