

prohibits a state bank from directly engaging, as a principal, in any activity or investment that is not permissible for a national bank, or indirectly through a subsidiary in an activity or investment that is not permissible for a subsidiary of a national bank, unless such bank meets its minimum capital requirements and the FDIC determines that the activity or investment does not pose a significant risk to the Deposit Insurance Fund (DIF). The FDIC can make such a determination for exception by regulation or by order. Section 28(a), 12 U.S.C. 1831e, similarly limits the investments and activities of state savings associations and their service corporations to those permitted by federal savings associations and their service corporations, absent FDIC approval. Part 362 details the activities that state banks or their subsidiaries may engage in, under certain criteria and conditions and identifies the information that state banks must furnish to the FDIC in order to obtain the FDIC's approval or non-objection. Part 362 also applies to the activities and investments of state savings associations and their subsidiaries.

There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report:

Report title: Registration of a Securities Holding Company.

Agency form number: FR 2082.

OMB control number: 7100–0347.

Frequency: On occasion.

Respondents: Securities holding companies (SHCs).

Estimated number of respondents: 1.

Estimated average hours per response: 8.

Estimated annual burden hours: 8.

General description of report: Section 241.3(a)(1) of the Board's Regulation OO requires SHCs that elect to register to become supervised SHCs to file the appropriate registration form with the responsible Federal Reserve Bank. The registration form, FR 2082, requests from the registering SHC an organization chart (including all subsidiaries), shareholder reports and financial statements, information regarding the SHC's shareholders, senior officers and directors, information regarding the methods used by the SHC to monitor and control its operations, and information regarding the SHC's foreign bank subsidiaries and the bank regulatory system in which these foreign bank subsidiaries operate. The information collected by the FR 2082 registration form is used by the Federal Reserve System to determine whether the registrant meets the requirements to become a supervised SHC and to complete the registration. This information is not available from another source.¹

Legal authorization and confidentiality: The FR 2082 registration

¹ The previous final **Federal Register** notice for the FR 2082 included a reference to section 241.3(b)(3)(i) of Regulation OO. This reference has been removed, because section 241.3(b)(3)(i) of Regulation OO does not include a collection of information. The removal of this reference does not impact the total annual burden estimate for the FR 2082, as no burden was associated with section 241.3(b)(3)(i) of Regulation OO.

form implemented by section 241.3(a) of Regulation OO, 12 CFR 241.3(a), is authorized by section 618(b)(2)(A) of the Dodd-Frank Act, 12 U.S.C. 1850a(b)(2)(A). Section 618(b)(2)(A) requires covered companies that elect to be supervised by the Board "to register by filing with the Board of Governors such information and documents as the [Board], by regulation, may prescribe as necessary." The obligation to submit the FR 2082 registration form is required for covered companies that elect to register to become supervised SHCs on a one-time basis.

The information provided on the FR 2082 registration form and in connection with the SHC's registration is considered public. However, certain personal and biographical information on individuals, which is required to be submitted as part of the registration, may be treated as confidential under exemption 6 of the Freedom of Information Act ("FOIA"), which protects from disclosure information that "would constitute a clearly unwarranted invasion of personal privacy" (5 U.S.C. 552(b)(6)). In addition, certain information submitted in connection with the SHC's registration may be exempt from disclosure under exemption 4 of the FOIA, which protects confidential commercial or financial information that is reasonably likely to result in substantial competitive harm if disclosed (5 U.S.C. 552(b)(4)). If an SHC seeks confidential treatment of any information submitted as part of its registration under exemption 4 of the FOIA, the SHC must submit such a request in accordance with section 261.15 of the Board's Rules Regarding Availability of Information (12 CFR 261.15). In addition, information for which confidential treatment is sought under exemption 4 or 6 of the FOIA must be labelled as confidential, and a request for confidential treatment must be submitted in writing concurrently with the filing of the registration (or related submissions). The confidential treatment request must provide a detailed justification as to why confidential treatment is warranted for each portion of the registration (or submission) for which confidentiality is requested.

Board of Governors of the Federal Reserve System, January 17, 2019.

Michele Taylor Fennell,

Assistant Secretary of the Board.
