SUPPLEMENTARY INFORMATION:

Title of Collection: Making Ends Meet Survey.

OMB Control Number: 3170-0066.

Type of Review: Request for approval of a generic information collection under an existing generic information collection plan.

Affected Public: Individuals or households.

Estimated Number of Respondents: 2,000.

Estimated Total Annual Burden Hours: 1,600.

Abstract: Under the Dodd-Frank Wall Street Reform and Consumer Protection Act Public Law 111-203, the Bureau is charged with researching, analyzing, and reporting on topics relating to the Bureau's mission, including consumer behavior, consumer awareness, and developments in markets for consumer financial products and services. To improve its understanding of how consumers engage with financial markets, the Bureau has successfully used the Consumer Credit Panel (CCP), a proprietary sample dataset from one of the national credit reporting agencies, as a frame to survey people about their experiences in consumer credit markets. The Bureau seeks to obtain approval for a new survey named "Making Ends Meet" that will solicit information on the consumer's experience related to household financial shocks and how households respond to those shocks, including the use of credit products that do and do not appear in the CCP. This project will support the Bureau's "household balance sheets" research agenda, which seeks to monitor developments in consumers' financial

situations, related changes in their use of financial products, and the effects that these decisions have on their balance sheets. All research under this collection will be related to the household balance sheet agenda, and, thus, will be for general, formative, and informational research on consumer financial markets and consumers' use of financial products and will not directly provide the basis for specific policymaking at the Bureau.

Request for Comments: The Bureau is publishing this notice and soliciting comments directed to the Office of management and Budget on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Estimated Number of Respondents: 750.

Estimated Total Annual Burden Hours: 9,000.

Abstract: Section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Act) required the Office of the Comptroller of the Currency (OCC), Board of Governors of the Federal Reserve System (Board), Federal Deposit Insurance Corporation (FDIC), Bureau of Consumer Financial Protection (Bureau) and Securities and Exchange Commission (SEC) (together, Agencies and separately, Agency) each

to establish an Office of Minority and Women Inclusion (OMWI) to be responsible for all matters of the Agency relating to diversity in management, employment, and business activities. The Act also instructed each OMWI Director to develop standards for assessing the diversity policies and practices of entities regulated by the Agency. The Agencies worked together to develop joint standards (Joint Standards) and, on June 10, 2015, they jointly published in the **Federal Register** the “Final Interagency Policy Statement Establishing Joint Standards for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies” (Policy Statement). The Agencies will use the information provided to them to monitor progress and trends in the financial services industry with regard to diversity and inclusion in employment and contracting activities, as well as to identify and highlight those policies and practices that have been successful. The primary federal financial regulator will share information with other agencies, when appropriate, to support coordination of efforts and to avoid duplication. The Agencies may publish information disclosed to them, such as best practices, in any form that does not identify a particular entity or individual or disclose confidential business information. This is a routine request for OMB to renew its approval of the collections of information currently approved under this OMB control number.

SUPPLEMENTARY INFORMATION:

Title of Collection: Debt Collection Quantitative Disclosure Testing.

OMB Control Number: 3170-XXXX.

Type of Review: New Collection (Request for a New OMB Control Number).

Affected Public: Individuals.

Estimated Number of Respondents: 17,750 (includes screener and survey).

Estimated Total Annual Burden Hours: 3,555.

Abstract: The Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111-203) and other Federal consumer financial laws authorize the Bureau to engage in consumer protection rule writing. The Bureau relies on empirical evidence and rigorous research to improve its understanding of consumer financial markets for regulatory purposes. This PRA clearance seeks approval from OMB to conduct a web survey of 8,000 individuals as part of the Bureau’s research on debt collection disclosures.

The survey will explore consumer comprehension and decision making in response to debt collection disclosure forms. The survey will oversample respondents who have had experience with debt collection in the past.

Request for Comments: The Bureau issued a 60-day **Federal Register** notice on June 5, 2017, 82 FR 25779, Docket Number: CFPB-2017-0013. Further, the Bureau published a 30-day **Federal Register** notice on 11/14/2017, 82 FR 52712, Docket No. CFPB-2017-0038. This request was then withdrawn by the Bureau after submission to OMB, therefore we are now re-publishing a thirty day notice for this collection and re-submitting it to OMB. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau’s estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information
