Needs and Uses: On December 21, 2001, the Commission released the 2001 TRS Cost Recovery Order, document FCC 01-371, published at 67 FR 4203, January 29, 2002, in which the Commission:

(1) Directed the Interstate Telecommunications Relay Services (TRS) Fund (TRS Fund) administrator to continue to use the average cost per minute compensation methodology for the traditional TRS compensation rate; (2) required TRS providers to submit certain projected TRS-related cost and demand data to the TRS Fund administrator to be used to calculate the rate; and

(3) directed the TRS Fund administrator to expand its form for providers to itemize their actual and projected costs and demand data, and to include specific sections to capture speech-to-speech (STS) and video relay service (VRS) costs and minutes of use.

In 2003, the Commission released the 2003 Second Improved TRS Order, published at 68 FR 50973, August 25, 2003, which among other things required that TRS providers offer certain local exchange carrier (LEC)-based improved services and features where technologically feasible, including a speed dialing requirement which may entail voluntary recordkeeping for TRS providers to maintain a list of telephone numbers. See also 47 CFR 64.604(a)(3)(vi)(B).

In 2007, the Commission released the Section 225/255 VoIP Report and Order, published at 72 FR 43546, August 6, 2007, extending the disability access requirements that apply to

telecommunications service providers and equipment manufacturers under 47 U.S.C. 225, 255 to interconnected voice over internet protocol (VoIP) service providers and equipment manufacturers. As a result, under rules implementing section 225 of the Act, interconnected VoIP service providers are required to publicize information about telecommunications relay services (TRS) and 711 abbreviated dialing access to TRS. See also 47 CFR 64.604(c)(3).

In 2007, the Commission also released the 2007 Cost Recovery Report and Order and Declaratory Ruling, published at 73 FR 3197, January 17, 2008, in which the Commission:

(1) Adopted a new cost recovery methodology for interstate traditional TRS and interstate STS based on the Multi-state Average Rate Structure (MARS) plan, under which interstate TRS compensation rates are determined by weighted average of the states' intrastate compensation rates, and which includes for STS additional compensation approved by the Commission for STS outreach;

(2) requires STS providers to file a report annually with the TRS Fund administrator and the Commission on their specific outreach efforts directly attributable to the additional compensation approved by the Commission for STS outreach.

(3) adopted a new cost recovery methodology for interstate captioned telephone service (CTS), as well as internet Protocol captioned telephone service (IP CTS), based on the MARS plan;

(4) adopted a cost recovery methodology for internet Protocol (IP) Relay based on price caps;

(5) adopted a cost recovery methodology for VRS that adopted tiered rates based on call volume;

(6) clarified the nature and extent that certain categories of costs are compensable from the Fund; and

(7) addressed certain issues concerning the management and oversight of the Fund, including prohibiting financial incentives offered to consumers to make relay calls.

In 2018, the Commission released the IP CTS Modernization Order, published at 83 FR 30082, June 27, 2018, in which the Commission:

(1) Determined that it would transition the methodology for IP CTS cost recovery from the MARS plan to cost-based rates and adopted interim rates; and

(2) added two cost reporting requirements for IP CTS providers: (i) In annual cost data filings and supplementary information provided to

the TRS Fund administrator, IP CTS providers that contract for the supply of services used in the provision of TRS, shall include information about payments under such contracts, classified according to the substantive cost categories specified by the TRS Fund administrator; and (ii) in the course of an audit or otherwise upon demand, IP CTS providers must make available any relevant documentation. 47 CFR 64.604(c)(5)(iii)(D)(1), (6).

SUPPLEMENTARY INFORMATION:

I. Background

On August 24, 2016, the SBA published a final rule, Small Business Mentor-Protégé Programs, in the **Federal Register** at 81 FR 48557 to implement provisions of the Small Business Jobs Act of 2010, and the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013. Based on authorities provided in these two statutes, the rule established a governmentwide mentor-protégé program for all small business concerns. Section 1641, of the NDAA FY 2013, provided that a Federal department or agency cannot carry out its own agency specific mentor-protégé program for small businesses unless the head of the department or agency submitted a plan for such a program to SBA and received the SBA Administrator's approval of the plan. Since the SBA final rule was published, GSA has focused on supporting existing mentor-protégé agreements but has not administered new mentor-protégé agreements. GSA is amending the GSAR to repeal the regulations implementing the GSA Mentor-Protégé Program and transition contractors to the governmentwide mentor-protégé
