

Title: Sections 1.49 and 1.54, Forbearance Petition Filing Requirements.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 2 respondents; 2 responses.

Estimated Time per Response: 640 hours.

Frequency of Response: On occasion reporting requirement, recordkeeping requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 10, 151, 154(i), 154(j), 155(c), 160, 201 and 303(r) of the Communications Act of 1934.

Total Annual Burden: 1,280 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit or disclose confidential information. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: Under section 10 of the Communications Act of 1934, as amended, telecommunications carriers may petition the Commission to forbear from applying to a telecommunications carrier any statutory provision or Commission regulation. When a carrier petitions the Commission for forbearance, section 10 requires the Commission to make three determinations with regard to the need for the challenged provision or regulation. If the Commission fails to act within one year (extended by three additional months, if necessary), the petition is "deemed granted" by operation of law. These determinations require complex, fact-intensive analysis, e.g., "whether forbearance from enforcing the provision or regulation will promote competitive market conditions." Under the filing procedures, the Commission requires that petitions for forbearance must be "complete as filed" and explain in detail what must be included in the forbearance petition. The Commission also incorporates by reference its rule, 47 CFR 1.49, which states the Commission's standard "specifications as to pleadings and documents." Precise filing requirements are necessary because of section 10's strict time limit for Commission action. Also, commenters must be able to understand

clearly the scope of the petition in order to comment on it. Finally, standard filing procedures inform petitioners precisely what the Commission expects from them in order to make the statutory determinations that the statute requires.

Title: Section 73.3613, Availability of Contracts.

Form Number: N/A.

Number of Respondents and Responses: 2,400 respondents; 2,400 responses.

Estimated Time per Response: 0.25 to 0.5 hours.

Frequency of Response: On-occasion reporting requirement, Recordkeeping requirement, Third-party disclosure requirement.

authority for this information collection is contained in sections 154(i) and 303 of the Communications Act of 1934, as amended.

Total Annual Burden: 975 hours.

Total Annual Cost: \$ 135,000.

Nature and Extent of Confidentiality: There is no need for confidentiality with this information collection.

Privacy Act: No impact(s).

Needs and Uses: The information collection requirements included under OMB Control Number 3060–0185 require that commercial and noncommercial AM, FM, TV, and international broadcast stations make station contracts and other documents available to the FCC as set forth in 47 CFR 73.3613. The FCC received approval from OMB for a non-substantive and non-material change to the information collection under OMB Control No. 3060–0185 as a result of a recent rulemaking discussed below.

On October 23, 2018, the FCC adopted and released the *Filing of Contracts Report & Order*, FCC 18–145 (*Order*), as part of the FCC's ongoing Modernization of Media Regulation Initiative. The *Order* advances the FCC's goal of eliminating outdated and unnecessary regulatory burdens that can impede competition and innovation in media markets.

In the *Order*, the FCC revised Section 73.3613 to eliminate the requirement that licensees and permittees of commercial and noncommercial AM, FM, TV, and international broadcast stations routinely file paper copies of station contracts and other documents with the FCC within 30 days of executing such documents. Rather than continuing to require routine paper filings, the FCC will rely instead on its existing online public inspection file rules as discussed in the *Order* and its ability to obtain the documents from licensees and permittees upon request as needed.

In addition to eliminating the routine paper filing requirement for Section 73.3613 documents, the FCC also eliminated a redundant disclosure requirement pertaining to certain Section 73.3613 documents and expanded an existing redaction allowance for confidential or proprietary information in Section 73.3613 documents. Unredacted copies of the documents must be provided to the FCC upon request. The revised requirements will take effect as stated in the summary of the *Order*, published at 83 FR 65551, on December 21, 2018.

OMB Control Number: 3060–0214.

OMB Approval Date: December 6, 2018.
