In this renewal, there is no change in the number of respondents or the number of responses from the prior ICR. The decrease in respondent burden occurred as a result of adjustments to the burden required for the gathering, review, quality assurance, and upload or submittal of data to ICIS-Air and any additional trainings, calls, or upkeep activities. This ICR includes no burden associated with AFS or the transition to ICIS-Air.

Information on the disposition of each request is also maintained in this system.

DATES: This action will become effective on February 11, 2019. Written comments on the system's routine uses are due by March 13, 2019. The routine uses in this action will become effective on March 13, 2019 unless written comments are received that require a contrary determination.
