Public Participation

Interested persons or organizations are invited to participate by submitting written views, recommendations, and data.

Please note that comments received, including attachments and other supporting materials, are part of the public record and are subject to public disclosure. Comments will be posted on <https://www.regulations.gov>. Therefore, do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. CDC will review all submissions and may choose to redact, or withhold, submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate/near duplicate examples of a mass-mail campaign.

Additional Background

HHS/CDC published the final rule for the Control of Communicable Diseases on January 19, 2017, which included amendments to the domestic (interstate) and foreign quarantine regulations for the control of communicable diseases. The rule became effective on March 21, 2017. CDC regulations at 42 CFR 71.4 (airlines) and 42 CFR 71.5 (vessels) relate to the transmission of passenger, crew, and flight/voyage information for public health purposes; both contain subsections that state:

No later than February 21, 2019, the Secretary or Director will publish and seek comment on a report evaluating the burden of this section on affected entities and duplication of activities in relation to mandatory passenger data submissions to [U.S. Department of Homeland Security, Customs and Border Patrol] DHS/CBP. The report will specifically recommend actions that streamline and facilitate use and transmission of any duplicate information collected.

On February 12, 2019, CDC published a report to its website evaluating the burdens these regulatory provisions may have generated on the airline and ship industries since they became effective on March 21, 2017. The report can be found at <https://www.cdc.gov/quarantine/final-rule-communicable-diseases.html>. The public comment period will end on March 14, 2019.

Sandra Cashman,

Executive Secretary, Centers for Disease Control and Prevention.
