

TABLE 1—PROPOSED LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN QPS’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 471	Standard for Commercial Refrigerators and Freezers.
UL 62368-1	Standard for Audio/Video Information and Communication Technology Equipment—Part 1 Safety Requirements.

III. Preliminary Findings on the Application

QPS submitted acceptable applications for expansion of its scope of recognition. OSHA’s review of the application files and related material indicate that QPS can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of these two test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of QPS’s applications.

OSHA welcomes public comment as to whether QPS meets the requirements of 29 CFR 1910.7 for expansion of its recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, listed in “ADDRESSES.” These materials also are available online at <https://www.regulations.gov> under Docket No. OSHA–2010–0046.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, make a recommendation to the Assistant Secretary for Occupational Safety and Health on whether to grant QPS’s applications for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the applications. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.

Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational

Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on February 5, 2019.

Loren Sweatt,

Acting Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2006–0042]

CSA Group Testing & Certification Inc.: Application for Expansion of Recognition and Proposed Modification to the NRTL Program’s List of Appropriate Test Standards

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the application of CSA Group Testing & Certification Inc. (CSA) for expansion of recognition as a Nationally Recognized Testing Laboratory (NRTL) and presents the agency’s preliminary finding to grant the application.

DATES: Submit comments, information, and documents in response to this notice, or requests for an extension of time to make a submission, on or before February 27, 2019.

ADDRESSES: Submit comments by any of the following methods:

Electronically: You may submit comments and attachments electronically at: <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693–1648.

Mail, hand delivery, express mail, messenger, or courier service: When

using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA–2006–0042, Occupational Safety and Health Administration, U.S. Department of Labor, Room N–3508, 200 Constitution Avenue NW, Washington, DC 20210. Note that security procedures may result in significant delays in receiving comments and other written materials by regular mail. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Docket Office’s normal business hours, 10:00 a.m. to 3:00 p.m., ET.

Instructions: All submissions must include the agency name and OSHA docket number (OSHA–2006–0042). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the above address. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection at the OSHA Docket Office. Contact the OSHA Docket Office for assistance in locating docket submissions.

Extension of comment period: Submit requests for an extension of the comment period on or before February 27, 2019 to the Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N–3655, Washington, DC 20210, or by fax to (202) 693–1644.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor by phone (202) 693–1999 or email meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor by phone (202) 693-2110 or email robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

OSHA is providing notice that CSA is applying for expansion of current recognition as a NRTL. CSA requests the addition of one test standard to NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards

within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes an application by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A, 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including CSA, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

CSA currently has six facilities (sites) recognized by OSHA for product testing and certification. Canadian Standards Association is located at, 178 Rexdale Boulevard, Etobicoke, Ontario, M9W 1R3, Canada. A complete list of CSA's scope of recognition is available at

<https://www.osha.gov/dts/otpca/nrtl/csa.html>.

II. General Background on the Application

CSA submitted an application, dated May 23, 2017 (OSHA-2006-0042-0012), to expand recognition to include seven additional test standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application. OSHA published a **Federal Register** notice (82 FR 60051) announcing this application, but referenced one incorrect standard in the listing of appropriate test standards (UL 498A). OSHA further published a **Federal Register** notice (83 FR 22289) granting recognition for the six additional standards requested in the application. This notice revises the previous **Federal Register** notice for the one remaining standard (UL 498A). UL 498A is already included in the list of appropriate test standards and in CSA's scope of recognition.

Table 1 lists the appropriate test standard found in CSA's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST OF APPROPRIATE TEST STANDARD FOR INCLUSION IN CSA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 489A*	Standard for Circuit Breakers for Use in Communications Equipment.

* Represents the standard that OSHA proposes to add to the NRTL Program's List of Appropriate Test Standards.

III. Proposal To Add New Test Standard to the NRTL Program's List of Appropriate Test Standards

Periodically, OSHA will propose to add new test standards to the NRTL List of Appropriate Test Standards following an evaluation of the test standard document. To qualify as an appropriate test standard, the agency evaluates the

document to (1) verify it represents a product category for which OSHA requires certification by a NRTL, (2) verify the document represents an end product and not a component, and (3) verify the document defines safety test specifications (not installation or operational performance specifications).

In this notice, OSHA proposes to add one new test standard to the NRTL

Program's List of Appropriate Test Standards. Table 2 lists the test standard that is new to the NRTL Program. OSHA preliminarily determined that this test standard is an appropriate test standard and proposes to include it in the NRTL Program's List of Appropriate Test Standards. OSHA seeks public comment on this preliminary determination.

TABLE 2—TEST STANDARD OSHA IS PROPOSING TO ADD TO THE NRTL PROGRAM'S LIST OF APPROPRIATE TEST STANDARDS

Test standard	Test standard title
UL 489A	Standard for Circuit Breakers for Use in Communications Equipment.

IV. Preliminary Findings on the Application

CSA submitted an acceptable application for expansion of scope of recognition. OSHA's review of the application file, and pertinent documentation, indicate that CSA can

meet the requirements prescribed by 29 CFR 1910.7 for expanding recognition to include the addition of this one test standard for NRTL testing and certification listed above. This preliminary finding does not constitute

an interim or temporary approval of CSA's application.

OSHA welcomes public comment as to whether CSA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written

documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2006-0042.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary for Occupational Safety and Health whether to grant CSA's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

V. Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on February 6, 2019.

Loren Sweatt,

Acting Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NOTICE: (19-003)]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork

and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: All comments should be submitted within 60 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Laurette L. Brown, National Aeronautics and Space Administration, Mail Code IT-C2, Kennedy Space Center, FL 32899.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Laurette L. Brown, KSC Paperwork Reduction Act Clearance Coordinator, John F. Kennedy Space Center, Mail Code IT-C2, Kennedy Space Center, FL 32899 or email Laurette.L.Brown@NASA.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NASA Business Opportunities Expo is an annual event sponsored by the NASA KSC Prime Contractor Board, U.S. Air Force 45th Space Wing and Canaveral Port Authority. Attendees include small businesses who want to meet and network with NASA and KSC prime contractors, large contractors seeking teaming opportunities with small businesses, and construction companies interested in learning more about NASA contract opportunities.

Exhibitors include businesses offering a variety of products and services, representatives from each NASA center, the Patrick Air Force Base 45th Space Wing, prime contractors, and other government agencies.

Attendee information collected is name, company, address, email, telephone.

Exhibitors are asked to provide the same information, plus company information that is published in the event program: Commercial and Government Entity (CAGE) Code, Primary North American Industry Classification System (NAICS) Code Business Categories, Core company capabilities and Past or current work/contracts with NASA.

II. Methods of Collection

This information will be collected via an electronic process.

III. Data

Title: NASA Business Opportunities Expo.

OMB Number: 2700-xxxx.

Type of review: New.

Affected Public: Individuals.

Average Expected Annual Number of activities: 1.

Average number of Respondents per Activity: 2,300.

Annual Responses: 2,300 (Attendees: 2,100; Exhibitors: 200).

Frequency of Responses: Annually.

Average minutes per Response: Attendees: 1 minute; Exhibitors: 5 minutes.

Burden Hours: Attendees: 35; Exhibitors: 16.6.

IV. Request for Comments

Comments are invited on:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility;

(2) The accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Laurette L. Brown,

NASA/KSC PRA Clearance Coordinator.

BILLING CODE 7510-13-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (19-002)]

Notice of Intent To Grant Partially Exclusive License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant a partially exclusive patent license in the United States to practice the inventions described and claimed in U.S. Patent Application entitled, "Fluid-Filled Frequency-Tunable Vibration Damper", MFS-33613-1-CIP, and Patent entitled "Variable-Aperture Reciprocating Reed Valve", U.S. Patent Number 8,939,178 to Hummingbird Kinetics, having its
