

required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

### Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision of the Following Information Collection

*Report title:* Notice Requirements Associated with Regulation W.  
*Agency form number:* FR W.<sup>1</sup>  
*OMB control number:* 7100–0304.  
*Frequency:* On occasion.  
*Respondents:* Depository Institutions.  
*Estimated number of respondents:* 4.  
*Estimated average hours per response:* Section 223.15(b)(4), 2; Section 223.31(d)(4), 6; Section 223.43(b), 10.  
*Estimated annual burden hours:* 24.  
*General description of report:* The information collection associated with the Board's Regulation W (Transactions Between Member Banks and Their Affiliates; 12 CFR part 223) is triggered by specific events, and there are no associated reporting forms. Filings are required from insured depository institutions and uninsured member banks that seek to request certain exemptions from the requirements of sections 23A and 23B of the Federal Reserve Act. This information collection is separate from the quarterly Bank Holding Company Report of Insured Depository Institutions' Section 23A Transactions with Affiliates (FR Y–8; OMB No. 7100–0126), which collects information on transactions between an insured depository institution and its affiliates that are subject to section 23A of the Federal Reserve Act. This collection of information comprises the reporting requirements of Regulation W that are found in sections 223.15(b)(4), 223.31(d)(4), 223.41(d)(2), and 223.43(b). This information is used to demonstrate compliance with sections 23A and 23B of the Federal Reserve Act (FRA), 12 U.S.C. 371c(f) and 371c–1(e), and to request an exemption from the Board.

*Legal authorization and confidentiality:* Sections 23A and 23B of the FRA authorize the Board to issue these notice requirements (12 U.S.C. 371c(f) and 371c–1(e)). Respondents are required to file one or more of the Regulation W notices in order to obtain the benefits noted above. Information provided on the Loan Participation Renewal notice is confidential under exemption 4 of the Freedom of

Information Act (FOIA), 5 U.S.C. 552(b)(4), because the information is typically considered confidential commercial or financial information and is reasonably likely to result in substantial competitive harm if disclosed. However, information provided on the Acquisition notice, the Internal Corporate Reorganization Transaction notice, and the Section 23A Additional Exemption request generally is not considered confidential under exemption 4. Respondents who desire that the information on one of these three submissions be kept confidential pursuant to exemption 4 of the FOIA may request confidential treatment under the Board's rules at 12 CFR 261.15. In addition, any information that is obtained as a part of an examination or supervision of a financial institution is exempt from disclosure under exemption 8 of the FOIA, 5 U.S.C. 552(b)(8).

*Current actions:* On November 9, 2018, the Board published a notice in the **Federal Register** (83 FR 56080) requesting public comment for 60 days on the extension, without revision, of the Notice Requirements Associated with Regulation W. The comment period for this notice expired on January 8, 2019. The Board did not receive any comments.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

**Announcement of Requirements and Registration for the 2019 Million Hearts® Hypertension Control Challenge**

**Authority:** 15 U.S.C. 3719.

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS)

*Award Approving Official:* Robert R. Redfield, MD, Director, Centers for Disease Control and Prevention, and Administrator, Agency for Toxic Substances and Disease Registry

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC) located within the Department of Health and Human Services (HHS) announces the launch of the 2019 Million Hearts® Hypertension Control Challenge.

Million Hearts® is a national initiative to prevent one million heart attacks and strokes by 2022. In order to prevent one million events, we need to decrease smoking, sodium consumption and physical inactivity by 20%; improve performance on appropriate aspirin use, blood pressure control, cholesterol management, and smoking cessation to 80%; and improve outcomes for priority populations. Over the last five years, we have seen tremendous progress by providers and health care systems that focus on improving their performance in controlling patients’ blood pressure. Getting to 80% control would mean that 10 million more Americans with hypertension would have their blood pressure under control, and be at substantially lower risk for strokes, heart attacks and other events. For more information about the initiative, visit <https://millionhearts.hhs.gov/>.

The challenge is an important way to call attention to the need for improved control, provides a powerful motivation and target for clinicians, and will improve understanding of successful implementation strategies at the health system level. It will identify clinicians, clinical practices, and health systems

that have exceptional rates of hypertension control and recognize them as 2019 Million Hearts® Hypertension Control Champions. To support improved quality of care delivered to patients with hypertension, Million Hearts® will document the systems, strategies, processes, and staffing that contribute to the exceptional blood pressure control rates achieved by Champions.

**DATES:** The Challenge will accept applications from February 14, 2019 through April 1, 2019.

**SUPPLEMENTARY INFORMATION:**

**Subject of Challenge Competition**

The challenge is authorized by Public Law 111–358, the America Creating Opportunities to Meaningfully Promote Excellence in Technology, Education and Science Reauthorization Act of 2010 (COMPETES Act).

Applicants for the 2019 Million Hearts® Hypertension Control Challenge will be asked to provide two hypertension control rates for the practice’s or health system’s hypertensive population: a current rate for the most recent 12-month reporting period (e.g., 1/1/2018–12/31/2018) and a previous rate for a 12-month period 1 year before the most recent reporting period (e.g., 1/1/2017–12/31/2017). Applicants will also be asked to provide the prevalence of hypertension in their population (more details provided below), describe some population characteristics (such as urban/rural location, percent minority, percent enrolled in Medicaid, percent with no health insurance, and percent whose primary language is not English) and strategies used by the practice or health system that support continued improvements in blood pressure control. A copy of the application form will be available on the Challenge website for the duration of the Challenge.

**Eligibility Rules for Participating in the Competition**
