

operating under instrument flight rules have adequate protection.

Class D and Class E airspace designations are published in paragraph 5000, 6002, and 6005, respectively of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

#### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Rule

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying Class D airspace, Class E airspace extending upward from 700 feet above the surface, and establishing Class E surface area airspace at Wheeler AAF, Honolulu, HI.

Class D airspace extending upward from the surface to and including 3,300 feet MSL is modified to within a 2.6-mile radius of Wheeler AAF, then extend to a 3.7-mile radius from the southeast to the southwest, adjoining the boundary of Restricted Area R-3109 to the west, excluding that airspace below 1,800 feet MSL beyond 3.3 miles from the airport from the 89° bearing clockwise to the 218° bearing from the airport.

Class E surface area airspace is established to be coincident with the lateral dimensions of the Class D airspace, and is effective continuously to provide protection to instrument procedures.

#### Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated

impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

*Paragraph 5000 Class D Airspace.*

\* \* \* \* \*

#### AWP HI D Honolulu, HI [Amended]

Wheeler AAF, HI

(Lat. 21°28'53" N, long. 158°02'16" W)

That airspace extending upward from the surface to and including 3,300 feet MSL bounded by a line from lat. 21°31'03" N, long. 158°04'30" W; to lat. 21°31'24" N, long. 158°03'00" W, thence clockwise along a 2.6-mile radius of Wheeler AAF to lat. 21°30'33" N, long. 158°00'07" W; to lat. 21°28'41" N, long. 157°58'19" W, thence clockwise along a 3.7-mile radius of the airport to lat. 21°25'46" N, long. 158°04'24" W; to lat. 21°26'52" N, long. 158°04'31" W; to lat. 21°27'17" N, long. 158°05'45" W; to lat. 21°29'14" N, long. 158°04'50" W; to lat. 21°30'18" N, long. 158°03'59" W; thence to

the point of beginning, excluding that airspace below 1,800 feet MSL beyond 3.3 miles from the airport from the 89° bearing clockwise to the 218° bearing from the airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Pacific Chart Supplement.

*Paragraph 6002 Class E Airspace Designated as Surface Areas.*

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA–2018–0879; Airspace Docket No. 18–AGL–24]

RIN 2120–AA66

#### Amendment of Class E Airspace; Oscoda, MI

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action modifies Class E airspace at Oscoda-Wurtsmith Airport, Oscoda, MI. This action is required due to the decommissioning of the Au Sable VHF omnidirectional range (VOR) navigation aid, which provided navigation guidance for the instrument procedures at the airport, as part of the VOR Minimum Operational Network (MON) Program. Also, the geographic coordinates for the airport in the associated airspace are updated to coincide with the FAA's aeronautical database. Airspace redesign is necessary for the safety and management of instrument flight rules (IFR) operations at this airport.

**DATES:** Effective 0901 UTC, April 25, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.11C, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11C at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>. FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**FOR FURTHER INFORMATION CONTACT:** John Witucki, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5900.

**SUPPLEMENTARY INFORMATION:**

**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that

section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E surface airspace and Class E airspace areas extending upward from 700 feet or more above the surface at Oscoda-Wurtsmith Airport, Oscoda, MI, to support IFR operations at the airport.

**History**

The FAA published a notice of proposed rulemaking (NPRM) in the **Federal Register** (83 FR 51901; October 15, 2018) for Docket No. FAA-2018-0879 to modify Class E airspace at Oscoda-Wurtsmith Airport, Oscoda, MI. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6002 and 6005 of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

**Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

**The Rule**

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 modifies Class E surface airspace within a 4.5-mile radius of Oscoda-Wurtsmith Airport, Oscoda, MI by removing the Au Sable VOR/DME and the associated extension to the southwest of the airport, due to the decommissioning of the Au Sable VOR, which provided navigation guidance to the instrument procedures at the airport, as part of the VOR MON Program.

Also, the geographic coordinates of the airport in this airspace, and in Class E airspace extending upward from 700 feet above the surface, are adjusted to coincide with the FAA's aeronautical database.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

**Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

*Paragraph 6002 Class E Airspace Areas Designated as Surface Areas.*

\* \* \* \* \*

**AGL MI E2 Oscoda, MI [Amended]**

Oscoda-Wurtsmith Airport, MI  
(Lat. 44°27'06" N, long. 83°23'39" W)  
Within a 4.5-mile radius of Oscoda-Wurtsmith Airport.

*Paragraph 6005 Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.*

**AGL MI E5 Oscoda, MI [Amended]**

Oscoda-Wurtsmith Airport, MI  
(Lat. 44°27'06" N, long. 83°23'39" W)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Oscoda-Wurtsmith Airport.

Issued in Fort Worth, Texas, on February 4, 2019

**RIN 2120-AA66**

**Establishment of Class E Airspace and Amendment of Class E Airspace; Ephrata, WA**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes Class E airspace extending upward from 700 feet above the surface, and modifies Class E surface area airspace at Ephrata Municipal Airport, Ephrata, WA. This action also updates the geographic coordinates of the airport in the associated Class E airspace areas to match the FAA's aeronautical database. These changes are necessary to accommodate airspace redesign for the safety and management of instrument flight rules (IFR) operations within the National Airspace System. Also, an editorial change would be made to the Class E surface airspace legal description replacing "Airport/Facility Directory" with the term "Chart Supplement".

**DATES:** Effective 0901 UTC, April 25, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.11C, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA).

For information on the availability of this material at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**SUPPLEMENTARY INFORMATION:****Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes and amends Class E airspace at Ephrata Municipal Airport, Ephrata, WA, to support standard instrument approach procedures for IFR operations at the airport.

**History**

The FAA published a notice of proposed rulemaking in the **Federal Register** (83 FR 26889; June 11, 2018) for Docket No. FAA-2017-1031 to establish Class E airspace extending upward from 700 feet above the surface and modify Class E surface area airspace at Ephrata Municipal Airport, Ephrata, WA. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA

Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

**Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

**The Rule**

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace extending upward from 700 feet above the surface and modifying Class E surface area airspace at Ephrata Municipal Airport, Ephrata, WA.

Class E surface area airspace is modified to within 4.2-mile radius of the airport (from a 4.4-mile radius) and within 2.7 miles each side of the Ephrata VORTAC 043° and 233° radials extending from the 4.2-mile radius to 7 miles northeast of the VORTAC. The exclusionary language noting Moses Lake, WA, Class D airspace is removed as it is not needed to define the boundary.

Class E airspace extending upward from 700 feet is established within 4.2 miles northwest and 6.6 miles southeast of the 043° and 223° bearings from the airport extending from the airport to 11.1 miles northeast and 6.3 miles southwest of the airport, respectively.

Additionally, this action updates the geographic coordinates (from lat. 47°18'17" N, long. 119°30'49" W to lat. 47°18'29" N, long. 119°31'01" W) for the associated Class E airspace areas to match the FAA's aeronautical database. Also, an editorial change is made to the Class E airspace legal descriptions replacing Airport/Facility Directory with Chart Supplement.

Class E airspace designations are published in paragraph 6002 and 6005, respectively, of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.
