

notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Veolia Water Belgium, Brussels, BELGIUM, has withdrawn as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and PERF intends to file additional written notifications disclosing all changes in membership.

On February 10, 1986, PERF filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on March 14, 1986 (51 FR 8903).

The last notification was filed with the Department on May 31, 2018. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on July 9, 2018 (83 FR 31775).

Suzanne Morris,

Chief, Premerger and Division Statistics Unit, Antitrust Division.

BILLING CODE 4410-11-P

DEPARTMENT OF JUSTICE

Notice of Extension to Public Comment Period for Consent Decree Under the Clean Air Act

On December 14, 2018, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Western District of Arkansas in the lawsuit entitled *United States, et al. v. Georgia Pacific Chemicals LLC, Georgia Pacific Consumer Operations LLC, Case No. 1:18-cv-01076-SOH*.

The proposed Consent Decree resolves the United States' and the Arkansas Department of Environmental Quality's ("ADEQ") claims under Sections 113(b)(2) and 112(r) of the Clean Air Act ("CAA"), 42 U.S.C. 7413(b)(2) and 7412(r), as well as Arkansas Code Annotated §§ 8-4-103 et seq., that Settling Defendants violated the New Source Performance Standards, National Emission Standards for Hazardous Air Pollutants and the Chemical and Accident Prevention Provisions for Air Programs at their chemical and paper/pulp plants located in Crossett, Arkansas. Under the proposed Consent Decree, Settling Defendants have agreed to pay a penalty

of \$600,000, implement three Supplemental Environmental Projects valued at \$1.8 million and implement a mitigation project valued at \$2.9 million to resolve the governments' claims.

Notice of the lodging of the proposed Consent Decree was originally published in the **Federal Register** on December 20, 2018. See 83 FR 65363 (Dec. 20, 2018). The publication of the original notice opened a thirty (30) day period for public comment on the Consent Decree that ended on January 22, 2019. The publication of the current notice extends the period for public comment on the Consent Decree to February 28, 2019.

Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *Georgia Pacific Chemicals LLC, Georgia Pacific Consumer Operations LLC, Case No. 1:18-cv-01076-SOH*, D.J. Ref. No. 90-5-2-1-11705. All comments must be submitted no later than February 28, 2019. Comments may be submitted either by email or by mail:

BILLING CODE 4410-15-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On February 8, 2019, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Northern District of Alabama in the lawsuit entitled *United States et al. v. Drummond Company, Inc. d/b/a ABC Coke (Drummond)*, Civil Action No. 2:19-cv-00240-AKK. The United States is joined in this matter by its co-plaintiff the Jefferson County Board of Health (JCBH).

This case relates to alleged releases of benzene from Drummond's coke by-product recovery plant in Tarrant, Alabama (Facility). The case involves claims for civil penalties and injunctive relief under the Clean Air Act, 42 U.S.C. 7401 et seq., and its implementing regulations known as National Emission Standards for Hazardous Air Pollutants (NESHAPs), including 40 CFR part 61, subpart L (Benzene Emissions from Coke By-product Recovery Plants), Subpart V (Equipment Leaks and Fugitive Emissions), and Subpart FF (Benzene Waste Operations), as well as related claims under laws promulgated by the Jefferson County Board of Health. The settlement resolves the alleged claims by requiring Drummond to, among other things: (1) Pay a civil penalty of \$775,000 for the past alleged violations to be split equally between the United States and JCBH; (2) undertake fixes to the Facility to address the alleged violations; (3) implement a leak detection and repair program to ensure compliance and reduce potential future fugitive benzene emissions; and (4) implement a supplemental environmental project of two years of semi-annual use of an infrared camera as part of leak detection efforts at a cost of \$16,000.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Drummond Company, Inc. d/b/a ABC Coke*, D.J. Ref. No. 90-5-2-1-10717. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

BILLING CODE 4410–15–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2006–0028]

MET Laboratories, Inc.: Grant of Expansion of Recognition and Modification to the NRTL Program’s List of Appropriate Test Standards

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces its final decision to expand the scope of recognition for MET Laboratories, Inc., as a Nationally Recognized Testing Laboratory (NRTL). Additionally, OSHA announces the addition of one test standard to the NRTL Program’s List of Appropriate Test Standards.

DATES: The expansion of the scope of recognition becomes effective on February 14, 2019.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor; telephone: (202) 693–1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor; telephone: (202) 693–2110; email: robinson.kevin@dol.gov. OSHA’s web page includes information about the NRTL Program (see <http://www.osha.gov/dts/otpca/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of MET Laboratories, Inc. (MET), as a NRTL. MET’s expansion covers the addition of one test standards to its scope of recognition. Additionally, OSHA announces the addition of one test standard to the NRTL Program’s List of Appropriate Test Standards.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding and, in the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL that details its scope of recognition. These pages are available from the agency’s website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

MET submitted an application, dated January 29, 2016 (OSHA–2006–0028–0046), to expand its recognition to include one additional test standard. OSHA staff performed a detailed analysis of the application packet and

reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing MET’s expansion application and proposed addition to the NRTL List of Appropriate Test Standards in the **Federal Register** on July 24, 2018 (83 FR 35026). The agency requested comments by August 8, 2018, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of MET’s scope of recognition.

To obtain or review copies of all public documents pertaining to MET’s application, go to <http://www.regulations.gov> or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N–3653, Washington, DC 20210. Docket No. OSHA–2006–0028 contains all materials in the record concerning MET’s recognition.

II. Final Decision and Order

OSHA staff examined MET’s expansion application, the capability to meet the requirements of the test standards, and other pertinent information. Based on a review of this evidence, OSHA finds that MET meets the requirements of 29 CFR 1910.7 for expansion of the recognition, subject to the specified limitation and conditions listed. OSHA, therefore, is proceeding with this final notice to grant MET’s scope of recognition. OSHA limits the expansion of MET’s recognition to testing and certification of products for demonstration of conformance to the test standard listed, in Table 1.

TABLE 1—LIST OF APPROPRIATE TEST STANDARD FOR INCLUSION IN MET’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 1598C	Standard for Light Emitting Diode (LED) Retrofit Luminaire Conversion Kits.

In this notice, OSHA also announces the addition of a new test standard to the NRTL Program’s List of Appropriate Test Standards. Table 2, below, lists the test standard that is new to the NRTL Program. OSHA has determined that this test standard is an appropriate test standard and will include it in the NRTL Program’s List of Appropriate Test Standards.
