

industry to the extent necessary to remedy or prevent serious damage or actual threat thereof and to facilitate adjustment by the domestic industry to import competition. The import tariff relief is effective beginning on the date that CITA's affirmative determination is published in the **Federal Register**.

Entities submitting requests, responses or rebuttals to CITA may submit both a public and confidential version of their submissions. If the request is accepted, the public version will be posted on the dedicated Korea Free Trade Agreement textile safeguards section of the Office of Textile and Apparel (OTEXA) website. The confidential version of the request, responses or rebuttals will not be shared with the public as it may contain business confidential information. Entities submitting responses or rebuttals may use the public version of the request as a basis for responses.

II. Method of Collection

When an interested party files a request for a textile and apparel safeguard action with CITA, ten copies of any such request must be provided in a paper format. If business confidential information is provided, two copies of a non-confidential version must also be provided. If CITA determines that the request provides the necessary information to be considered, it publishes a **Federal Register** notice seeking public comments on the request. To the extent business confidential information is provided, a non-confidential version must also be provided. Any interested party may submit information to rebut, clarify, or correct public comments submitted by any interested party.

III. Data

OMB Control Number: 0625-0269.

Form Number(s): None.

Type of Review: Regular submission.

Affected Public: Individuals or Business.

Estimated Number of Respondents: 14 (4 for Request; 10 for Comments).

Estimated Time Per Response: 4 hours (for each Request) 4 hours (for each Comment).

Estimated Total Annual Burden Hours: 56 hours (16 hours for Requests; 40 hours for Comments).

Estimated Total Annual Cost to Public: \$2,800.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Although the HTSUS numbers are provided for convenience and for customs purposes, the written product description remains dispositive.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). On February 23, 2018, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review on welded line pipe from Korea.² In August 2018, we extended the preliminary results of this review to no later than January 3, 2019.³ Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 28, 2019.⁴ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the preliminary results of this review is now February 12, 2019. For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.

Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Preliminary Determination of No Shipments

Among the companies under review, HiSteel Co., Ltd. (HiSteel) properly filed a statement that it no shipments of subject merchandise to the United States during the POR.⁵ Based on its certification and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that HiSteel had no reviewable transactions during the POR. Consistent with our practice, we are not

preliminarily rescinding the review with respect to HiSteel, but, rather, we will complete the review for HiSteel and issue appropriate instructions to CBP based on the final results of this review.⁶

Preliminary Results of the Review

As a result of this review, we preliminarily determine the following weighted-average dumping margins for the period December 1, 2016, through November 30, 2017:

Exporter/producer	Weighted-average dumping margin (percent)
NEXTEEL Co., Ltd	59.09
SeAH Steel Corporation	26.47

Review-Specific Average Rate Applicable to the Following Companies:⁷

Exporter/producer	Dumping margin (percent)
AJU Besteel Co., Ltd	41.53
BDP International, Inc	41.53
Daewoo International Corporation	41.53
Dongbu Incheon Steel Co	41.53

Shrimp from Thailand: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments, and Partial Rescission of Review; 2012–2013, 79 FR 51306, 51307 (August 28, 2014).

⁷ This rate is based on the weighted-average of the margins calculated for those companies selected for individual review using the publicly-ranged U.S. quantities. Because we cannot apply our normal methodology of calculating a weighted-average margin due to requests to protect business proprietary information, we find this rate to be the

best proxy of the actual weighted-average margin determined for the mandatory respondents. See *Ball Bearings and Parts Thereof from France, et al.: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010); see also Memorandum, “Calculation of the Review-Specific Average Rate for the Preliminary Results,” dated concurrently with this notice.

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries.

Pursuant to 19 CFR 351.212(b)(1), where NEXTEEL Co., Ltd. (NEXTEEL) reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. SeAH Steel Corporation (SeAH) did not report actual entered value for all of its U.S. sales; in such instances, we calculated entered value in order to determine the assessment rates. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies which were not selected for individual review, we will assign an assessment rate based on the average⁸ of the cash deposit rates calculated for NEXTEEL and SeAH. In accordance with Commerce's practice, for entries of subject merchandise during the POR for which HiSteel did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁹

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each specific company listed above will be that established in the final results of this

review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not participating in this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.38 percent, the all-others rate established in the LTFV investigation.¹⁰ These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

Commerce intends to disclose the calculations performed in connection with these preliminary results to interested parties within five days after the date of publication of this notice.¹¹ Interested parties may submit case briefs not later than seven days after the date on which the last verification report is issued in this proceeding.¹² Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the time limit for filing case briefs.¹³ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁴ Case and rebuttal briefs should be filed using ACCESS.¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically-filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.¹⁶ Hearing requests should contain: (1) The

If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.¹⁷

Commerce intends to issue the final results of this administrative review, including the results of its analysis raised in any written briefs, not later than 120 days after the publication of these preliminary results in the **Federal Register**, unless otherwise extended.¹⁸

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 7, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

Fisheries of the South Atlantic; South Atlantic Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting of the South Atlantic Fishery Management Council's (Council) Scientific and Statistical Committee (SSC).

SUMMARY: The Council will hold a meeting of its SSC to review the revision assessments for Blueline Tilefish, Red Grouper, Black Sea Bass, and Vermilion Snapper conducted by NMFS Southeast Fisheries Science Center (SEFSC) staff using the newly calibrated Marine Recreational Information Program (MRIP) catch estimates. See **SUPPLEMENTARY INFORMATION.**

DATES: The SSC meeting will be held via webinar on Monday, February 25, 2019, from 9 a.m. until 1 p.m.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Mike Errigo at the Council office (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of the webinar.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Mike Errigo; 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: mike.errigo@safmc.net.

SUPPLEMENTARY INFORMATION: This meeting is held to review the revision assessments for Blueline Tilefish, Red Grouper, Black Sea Bass, and Vermilion Snapper conducted by SEFSC staff using the newly calibrated MRIP catch estimates. The MRIP survey has undergone two major changes in recent years, both requiring calibration of the historic time series. In 2013 a change to

the Access Point Angler Intercept Survey (APAIS) was implemented, changing how catch information was collected. In 2015, MRIP implemented side by side surveys of both the existing telephone-based Coastal Household Telephone Survey (CHTS) and the new mail-based Fishing Effort Survey (FES). The FES was fully implemented in 2018, changing how effort data was collected. Calibrations models were developed, and peer reviewed for these two methodology changes and subsequently used to calibrate the original MRIP catch estimates, transforming them from the old APAIS/CHTS currency into the new APAIS/FES currency. The SEFSC replaced the MRIP data in four recent assessments (Blueline Tilefish, Red Grouper, Black Sea Bass, and Vermilion Snapper) with the newly calibrated MRIP estimates, reran the assessments and presented the results to the SSC at their October 15-17, 2018 meeting in Charleston, SC. At that time, the SSC felt they did not have enough information to provide an adequate review of these revision assessments and asked to meet at a later date when all the information they requested could be provided.

Items to be addressed during this meeting:

1. Review the revision assessments and recommend if they are best scientific information available and usable for management.
2. Discuss what impacts the revised data had on the measures of assessment uncertainty.
3. Identify any additional analyses or information necessary to support making fishing level recommendations at the next meeting.
4. Provide any other comments or recommendations as necessary.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.
