RIN 0750-AK46

Defense Federal Acquisition Regulation Supplement; Appendix A, Armed Services Board of Contract Appeals, Part 1—Charter

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing the updated Charter of the Armed Services Board of Contract Appeals (ASBCA), dated April 9, 2018. The ASBCA is chartered to serve as the authorized representative of the Secretary of Defense and the Secretaries of the Army, Navy, and Air Force in hearing, considering, and determining appeals by contractors from decisions of contracting officers or their authorized representatives or other authorities regarding claims on contracts under the Contract Disputes Act of 1978 or other remedy-granting provisions.

DATES: Effective February 15, 2019.

FOR FURTHER INFORMATION CONTACT: Ms. Jennifer Hawes, Defense Acquisition Regulations System, OUSD(A&S)DPAP(DARS), 3060 Defense Pentagon, Room 3B941, Washington, DC 20301-3060, Telephone 571-372-6115.

SUPPLEMENTARY INFORMATION:

I. Background

This publication of Appendix A of the Defense Federal Acquisition Regulation

Supplement (DFARS) updates the Charter of the ASBCA from the most recent prior version, dated May 14, 2007, to its latest version, dated April 9, 2018. The updated Charter implements changes to ASBCA internal administration to better support the Board's mission of hearing, considering, and determining appeals by contractors from decisions of contracting officers or their authorized representatives or other authorities on disputed questions. In addition to minor administrative changes and a rearranging of paragraphs to improve the logical flow of the document and add clarity, the following substantive changes were made to the Charter:

- References to "Under Secretary of Defense for Acquisition, Technology and Logistics" were changed to "Under Secretary of Defense responsible for acquisition."
- Former paragraph 4 (new paragraph 3) was shortened to clearly state the Board Chairman's broad powers and responsibilities and to remove detailed processes deemed not appropriate for this type of document.
- The requirement for the Board to forward quarterly reports of the Board's proceedings to various Defense officials was removed. The requirement for annual reports was retained.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation (FAR) is the Office of Federal Procurement Policy statute (codified at title 41 of the United States Code). Specifically, 41 U.S.C. 1707(a)(1) requires that a procurement policy, regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule only publishes the updated ASBCA charter and is therefore not required to be published for public comment, because the rule does not have a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form.

III. Executive Orders 12866 and 13563

Executive Order (E.O.) 12866, Regulatory Planning and Review; and E.O. 13563, Improving Regulation and

Regulatory Review, direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b). This rule is not a major rule as defined at 5 U.S.C. 804(2).

IV. Executive Order 13771

This rule is not an E.O. 13771 regulatory action, because this rule concerns regulations related to agency organization, management, or personnel.

III. Regulatory Flexibility Act

Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 41 U.S.C. 1707(a)(1) (see section II of this preamble), the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

V. Paperwork Reduction Act

This rule does not impose any new information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

6. The Board shall have all powers necessary and incident to the proper performance of its duties. The Board has the authority to issue methods of procedure and rules and regulations for its conduct and for the preparation and presentation of appeals and issuance of opinions.

7. The Chairman shall be responsible for the internal organization of the Board and for its administration. The Chairman shall provide within approved ceilings for the staffing of the Board with non-Judge personnel, including hearing examiners, as may be required for the performance of the functions of the Board. The Chairman shall appoint a Recorder of the Board. All personnel shall be responsible to and shall function under the direction, supervision and control of the Chairman.

Administrative support will include budgeting, funding, fiscal control, manpower control and utilization, personnel administration, security administration, supplies, and other administrative services. The Departments of the Army, Navy, Air Force and the Office of the Secretary of Defense will participate in financing the Board's operations on an equal basis and to the extent determined by the Under Secretary of Defense (Comptroller). The cost of processing appeals for departments and agencies other than those in the Department of Defense will be reimbursed.

9. Within 30 days following the close of a fiscal year, the Chairman shall forward a report of the Board's transactions and proceedings for the preceding fiscal year to the Under Secretary of Defense responsible for acquisition, the General Counsel of the Department of Defense, and the Assistant Secretaries of the Military Departments responsible for acquisition.

10. The Board shall have a seal bearing the following inscription: "Armed Services Board of Contract Appeals." This seal shall be affixed to all authentications of copies of records and to such other instruments as the Board may determine.

Defense Federal Acquisition Regulation Supplement: Antiterrorism Training Requirements for Contractors (DFARS Case 2017-D034)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement the requirement for contractors to complete Level I antiterrorism awareness training.

DATES: Effective February 15, 2019.

FOR FURTHER INFORMATION CONTACT: Ms. Barbara J. Trujillo, telephone 571-372-6102.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published a proposed rule in the **Federal Register** at 83 FR 42820 on August 24, 2018, to revise the DFARS to implement the antiterrorism training requirements for contractors provided in DoD Instruction (DoDI) O-2000.16, Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards (available at <http://www.esd.whs.mil/Directives/issuances/dodi/>). The rule will ensure contractors, who as a condition of contract performance require routine physical access to a Federally-controlled facility or military installation, are aware of the requirement for contractor personnel to complete Level I DoD antiterrorism awareness training. Routine physical access is considered more than intermittent access, such as when a

contractor employee is required to obtain a Common Access Card. The training is required within 30 days of requiring access and annually thereafter and must be completed either through DoD-sponsored and certified computer or web-based distance learning instruction, or under the instruction of a qualified Level I antiterrorism awareness instructor.

There were no public comments submitted in response to the proposed rule. There are no changes made to the final rule with regard to public comments; however, there are some minor editorial revisions incorporated. The definition of "military installation" at DFARS 204.7201, Definitions, and the clause at 252.204-7004, DoD Antiterrorism Awareness Training for Contractors, is updated to reflect more precisely the statutory definition at 10 U.S.C. 2801(c)(4) to address activities in a foreign country. Additionally, the clause is updated to reflect the current secured weblink of <https://jko.jten.mil/> for information and guidance pertaining to the DoD antiterrorism awareness training. These minor editorial updates are administrative and have no effect on the public.

II. Applicability to Contracts at or Below the Simplified Acquisition Threshold and for Commercial Items, Including Commercially Available Off-the-Shelf Items

This rule creates a new DFARS clause 252.204-7004, Antiterrorism Awareness Training for Contractors, to advise DoD contractors of the requirement for its employees (and those of its subcontractors, if applicable) to complete Level I antiterrorism awareness training within 30 days of requiring access and annually thereafter, if, as a condition of contract performance require routine physical access to a Federally-controlled facility or a military installation. DoD plans to apply this clause to solicitations and contracts below the simplified acquisition threshold and to the procurement of commercial items, including commercially available off-the-shelf items (as defined in Federal Acquisition Regulation 2.101). This is necessary in order to reach as wide an audience as possible to ensure contractor personnel who are required to have routine physical access to a Federally-controlled facility or military installation are aware of this training requirement.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory
