National Agricultural Statistics Service

Title: Generic Clearance of Survey Improvement Projects.

OMB Control Number: 0535–0248.

Summary of Collection: The primary objectives of the National Agricultural Statistics Service (NASS) are to prepare and issue State and national estimates of crop and livestock production, economic and environmental statistics related to agriculture and to conduct the Census of Agriculture under the general authority of Title 7 U.S.C. 2204. The purpose of this generic clearance is to allow NASS to respond quickly to emerging issues and data collection needs. NASS will continue to develop, test, evaluate, adopt, and use state-of-the-art techniques to cover a broad range of topics designed to improve NASS' data collection on agriculture.

Need and Use of the Information: NASS will use a number of survey improvement techniques, as appropriate to the individual project under investigation. These include focus groups, cognitive and usability laboratory and field techniques, exploratory interviews, behavior coding, respondent debriefing, pilot surveys and split-panel tests. The information gathered will be used mainly for questionnaire development and other research and evaluation. Additionally, NASS anticipates the benefit of increased response rates through improved survey design, a goal tied directly to addressing OMB requirements for higher response rates and measurement of non-response bias.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 30,000.

National Agricultural Statistics Service

Title: Quick Response for Cooperative-Funded Surveys Generic Clearance.

OMB Control Number: 0535–NEW.

Summary of Collection: The primary objectives of the National Agricultural Statistics Service (NASS) are to prepare and issue State and national estimates of crop and livestock production, economic and environmental statistics related to agriculture and to conduct the Census of Agriculture under the general authority of Title 7 U.S.C. 2204. These data are needed by the cooperators in time frames that make individual clearances impractical.

NASS would like to include surveys that would cover topics such as: Farm management practices, food safety, workplace safety, conservation and land use practices, chemical use management practices, crop quality, agri-tourism, local foods, or other specific agricultural promotion programs.

Rural Utilities Service

Title: Certification of Authority.

OMB Control Number: 0572-0074.

Summary of Collection: The Rural Utilities Service (RUS) is a credit agency of the U.S. Department of Agriculture (USDA). It makes mortgage loans and loan guarantees to finance electric, telecommunications, and water and waste facilities in rural areas. Rural Electrification Act of 1936, 7 U.S.C. 901 *et seq.*, as amended, (RE ACT) and as prescribed by Office of Management and Budget (OMB) Circular A-129, Policies for Federal Credit Programs and Non-Tax Receivables, which states that agencies must, based on a review of a loan application, determine that an applicant complies with statutory, regulatory, and administrative eligibility requirements for loan assistance. A major factor in managing loan programs is controlling the advancement of funds. RUS Form 675 allows this control to be achieved by providing a list of authorized signatures against which signatures requesting funds are compared.

Need and Use of the Information: RUS will collect information to ensure that only authorized representatives of the borrower signs the lending requisition form. Without the information RUS would not know if the request for a loan advance was legitimate or not and the potential for waste, loss, unauthorized use, and misappropriation would be increased.

Number of Respondents: 163.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 16.

L. 91-606), as amended by the Department of Agriculture Reorganization Act of 1994 (Pub. L. 103-354). As a result of obtaining federal financing, RUS borrowers receive economic benefits that exceed any direct economic costs associated with complying with (RUS) regulations and requirements.

Need and Use of the Information: The collection of information occurs only when the borrower requests an extension of principal and interest. Eligible purposes include financial hardship, energy resource conservation loans, renewable energy project, and contributions-in-aid of construction. These procedures are codified at 7 CFR part 1721, subpart B. The collections are made to provide needed benefits to borrowers while also maintaining the integrity of RUS loans and their repayment of taxpayer's monies.

OMB Control Number: 0572-0020.

Summary of Collection: The Rural Utilities Service (RUS) is a credit agency of the U.S. Department of Agriculture (USDA). It makes mortgage loans and loan guarantees to finance electric, telecommunications, and water and waste facilities in rural areas.
