### Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (83 FR 62597, December 4, 2018) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collections.

Section 7503 of 46 U.S.C. authorizes the Coast Guard to deny the issuance of licenses, certificates of registry, and merchant mariner's documents (seaman's papers) to users of dangerous drugs. Similarly, 46 U.S.C. 7704 requires the Coast Guard to revoke such papers unless a holder provides satisfactory proofs that the holder has successfully completed a rehabilitation program acceptable to the U.S. Coast Guard and is determined to be, by a competent substance abuse professional, free from misuse of chemical substances and that the risk of subsequent misuse of chemical substances is sufficiently low to justify returning to safety-sensitive positions.

### SUPPLEMENTARY INFORMATION:

### Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy

of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. Consistent with the requirements of Executive Order 13771, Reducing Regulation and Controlling Regulatory Costs, and Executive Order 13777, Enforcing the Regulatory Reform Agenda, the Coast Guard is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, [USCG–2018–0881], and must be received by April 1, 2019.

#### Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (83 FR 58588, November 20, 2018) required by 44 U.S.C. 3506(c)(2). That notice elicited one comment from the National Association of State Boating Law Administrators (NASBLA). NASBLA suggested that there are changes to the information collection request because the associated BAR form was updated with standardized terminology and numbering implemented by the 2012 rulemaking titled “Changes to Standard Numbering System, Vessel Identification System, and Boating Accident Report Database” (77 FR 18689). The standardized language should improve the utility of the form, but does not change the estimated need, frequency or burden on the public for purposes of this request to OMB. The NASBLA also mentioned that a project workgroup is developing recommendations for the maritime reporting structure and systems, but the recommendations would not be ready by the end of the 60 day comment period on that notice. We welcome the recommendations in this notice's 30 comment period as well as in future renewals of this ICR. Without any substantive recommendations, no changes have been made to the Collections.

#### Information Collection Request

*Title:* Boating Accident Report.

*OMB Control Number:* 1625–0003.
