Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (83 FR 58588, November 20, 2018) required by 44 U.S.C. 3506(c)(2). That notice elicited one comment from the National Association of State Boating Law Administrators (NASBLA). NASBLA suggested that there are changes to the information collection request because the associated BAR form was updated with standardized terminology and numbering implemented by the 2012 rulemaking titled “Changes to Standard Numbering System, Vessel Identification System, and Boating Accident Report Database” (77 FR 18689). The standardized language should improve the utility of the form, but does not change the estimated need, frequency or burden on the public for purposes of this request to OMB. The NASBLA also mentioned that a project workgroup is developing recommendations for the maritime reporting structure and systems, but the recommendations would not be ready by the end of the 60 day comment period on that notice. We welcome the recommendations in this notice's 30 comment period as well as in future renewals of this ICR. Without any substantive recommendations, no changes have been made to the Collections.

OMB Control Number: 1625–0003.

Implementing regulations are contained in Title 33 CFRs Subchapter S—Boating Safety, Part 173—Vessel Numbering and Casualty and Accident Reporting, Subpart C—Casualty and Accident Reporting and Part 174—State Numbering and Casualty Reporting Systems, Subpart C—Casualty Reporting

States are required to forward copies of the reports or electronically transmit accident report data to the Coast Guard within 30 days of their receipt of the report as prescribed by 33 CFR 174.121 (forwarding of casualty or accident reports). The accident report data and statistical information obtained from the reports submitted by the State reporting authorities are used by the Coast Guard in the compilation of national recreational boating accident statistics.

Forms: CG–3865, Recreational Boating Accident Report.

Respondents: Federal regulations (33 CFR 173.55) require the operator of any uninspected vessel that is numbered or used for recreational purposes to submit an accident report to the State authority when:

- (1) A person dies; or
- (2) A person is injured and requires medical treatment beyond first aid; or
- (3) Damage to the vessel and other property totals \$2,000 or more, or there is a complete loss of the vessel; or
- (4) A person disappears from the vessel under circumstances that indicate death or injury.

Frequency: On occasion.

Hour Burden Estimate: The estimated annual burden remains 2,500 hours a year.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.
